

LOCAL AND GENERAL.

The residence of MERRITT and FRANCIS WOOD, Smithfield, was destroyed by fire on Tuesday last week. Our Smithfield correspondent gives the particulars in another column.

Gen. L. KILPATRICK will deliver his famous lecture, "The March to the Sea," at the Mercantile Hall, to-morrow, Friday, evening. Reserved seats only 35 cents. Do not fail to attend.

The demand for dwelling houses at Sayre exceeds the supply, and the Land Company have concluded to begin the erection of several at once. They will build a large number during next summer.

Church of the Messiah (Universalist), Rev. Wm. Taylor, Pastor. At 10 1/2 A. M., subject, "The Operations of the Holy Spirit in Human Souls," at 7 P. M., by request, "The Lake of Fire and the Second Death."

The store corner of Main and Bridge streets, formerly occupied by W. A. Rockwell, is being remodelled and "overhauled" preparatory to its occupancy by James McCabe, groceryman.

To all those who desire to purchase clothing, wear the Bridge street clothing, direct a few pertinent remarks in this issue of the Reporter. Read the advertisement and govern yourselves accordingly.

Ed. F. Johnson, of the firm of Donahue & Johnson, Troy, has invented a truck for moving stoves. He has applied for a patent, and will have the trucks manufactured by the Enterprise Manufacturing Company.

A meeting of the Board of Managers of the Bradford County Agricultural Society has been called for Tuesday, March 30th. It will be held at the Secretary's office in Towanda, at one o'clock in the afternoon.

The Tunkhannock Republicans says the Troy Factory in that place received an order the other day to make one hundred gross of Gem puzzles—the game of "Fifteen." Owing to the press of other work the managers were compelled to turn away the order.

Mr. GEORGE T. INGRAM, of Sugar Run, met with quite a serious accident at the Wyalusing depot one day last week. His team became frightened and started to run away; in attempting to stop them he was thrown violently to the ground, receiving some severe cuts about the head and face.

Says a Springfield correspondent: "There are two new buildings at the Centre. One adds very much to the looks of the place. One, the new Baptist parsonage, which cost about eight hundred dollars, and is a neat and cosy affair; and the other, the new Odd Fellows Hall, which has just been dedicated."

Our neighbors of the Argus and Daily Review seem to have arrived at a misunderstanding. Sorry, but we suppose there is nothing that we could say which would prove as "oil upon the troubled waters," and so, from necessity, we shall be but a looker-on, whilst these intellectual giants proceed to disintegrate each other.

The Commissioners have appointed A. D. MUNS, of Littlefield township, Superintendent of the Poor House Farm, at a salary for the present year of \$400. Mr. MUNS will enter upon the discharge of his duties April 1st. The appointment is an excellent one, and will no doubt give the best satisfaction to the citizens of our county.

"SHERMAN'S March to the Sea" by Gen. KILPATRICK, to-morrow, Friday, evening at Mercantile Hall.

Says the Athens correspondent of the Advertiser under date of the 12th inst.: "A youth named ALBERT accidentally shot himself with a pistol while at school yesterday. He was not seriously injured. It is fortunate that we do not have more accidents than we do, considering the large number of small boys who carry such weapons."

The revival meetings at the M. E. Church have been attended with a great deal of interest and many conversions have been made. The Mt. Pisgah Praying Band, who have been assisting Rev. DRESSER in conducting these meetings, are earnest workers and good men, and they have many warm friends in this place. —Montrose Democrat.

FEBRUARY 27th some vile vagabond succeeded in stealing \$44 from Esquire ELY, of Sugar Run. The thief entered through a window and tried the lock of a secretary. The money was in an adjoining room but did not hear the thief. There was \$1,700 in the house at the time and it is supposed they were fishing for that. So says a correspondent of the Tunkhannock Republican.

The Canton Sentinel says that "according to the decision of the Attorney General there is a vacancy in the office of Justice of the Peace in that borough from March 13th to the first Monday in May. Esquire A. J. COSKIN's commission expires at the former date and his new commission dating from the latter. His docket will be placed in the hands of Justice VANDYKE during the interval."

The following named gentlemen have been elected directors of the Wyalusing Cemetery Association for the present year, in accordance with the articles of incorporation: Messrs. IRA BROWN, Sr.; L. P. STALFORD, J. L. GAYLORD, J. V. TAYLOR, BERTS, CHARLES HOLLENBACK and J. T. STALFORD. A correspondent says: "It is expected that they will make and sustain said cemetery a pride to the people of the district."

One of the best kept hotels on the line of the Erie Railroad at the Warford House, at Warford. Every day it is becoming more popular with the traveling public. It is easy of access, being located on one hundred feet from the depot; all of its appointments are first-class; its table supplied with the best marketable affords, and its proprietor, JAMES H. CLOPP, one of the most genial hosts to be found on a week's travel. The management is of a "puff." But it isn't, it's simple truth.

The discovery of the zinc mine at Wellburg suggests the advisability of submitting the ore from VAN HORN'S mine, which evidently contains sulphur, lead, galena, and traces of silver, to analysis for the purpose of discovering whether it does not also contain zinc in paying quantities. The ore strongly resembles zinc blende, and a quantity of the ore submitted to the inspection of those familiar with the reduction of native zinc ores might result in the establishment of a new and valuable mineral discovery. —Troy Gazette.

We acknowledge the receipt of an invitation to attend the dinner to be given by the Officers of Company A and citizens, at the Ward House, this Wednesday evening, in respect that previous engagement will prevent our being present.

SAYS the Montrose Republican of last week: "One hundred and thirty converts are reported at the M. E. Church, as a result of the labors of the pastor, Rev. H. H. DRESSER, assisted by the Mt. Pisgah Praying Band, from East Troy, Bradford county. Meetings have been held day and evening in the above church for several weeks past."

A DISPATCH from Oswego, dated on Tuesday last, says: "About eight o'clock this evening a gentleman called at the house of Miss DENNIS, and being refused admittance, fired three shots, one taking effect in the neck of NELZIE, a young lady attendant, which is not thought serious. The man was drunk and unknown. He was promptly arrested."

REMEMBER to attend the lecture at Mercantile Hall to-morrow, Friday, evening.

THROUGH the kindness of our M. C., the Hon. EDWARD OVERTON, the Scientific Institute of the Susquehanna College, has received several valuable scientific works from the Smithsonian Institution. Among them are United States Geological Surveys of the Territories, United States Geological and Geographical Surveys of R. M. R. lands for the Arid Regions, Geology of the Henry Mountains, U. S. G. and G. Survey of Colorado and adjacent Territories, and Ethnography and Philology of the Hittite Indians.

With due respect for our contemporary, we would suggest the thought to the Reporter that all creation is not so hungry after "ems" as that valuable paper would have us believe. The No. 9 boots bought the No. 9 boots because they didn't cost any more than the '7s that filled in, the man who hawks 'em 'fore 'ems." —Journal.

Precisely. We know people right here in Towanda who are really mad about this "em" business. They are a good deal like the man who always wears No. 7 boots on his No. 9 feet, and then wonders why he is troubled with corns and bunions.

Prof. MERRITT, the Scotch orator, will address a Union Meeting at the Methodist Church, Sunday, March 21st, at 7:30 P. M. Prof. M. comes well recommended, both as an upright man and eloquent and temperate advocate. The following eminent clergymen all endorse his lectures as the finest they have ever heard:

Rev. Jos. Schwartz, Lutheran, Harrisburg, Pa.; Rev. Wm. M. L. Smith, Baptist, Danville, Pa.; Rev. J. M. Lantz, Methodist, Harrisburg, Pa.; Rev. J. R. Beeber, Presbyterian, Danville, Pa.; Rev. I. M. Lantz, Methodist, Harrisburg, Pa.; and hundreds of others. The press of Washington, New York, Baltimore, and every city has been full of the testimony that he has no superior on the American platform.

On account of the above union service there will be no service at the Presbyterian Church on next Sunday evening.

Golden Days, a new paper for the boys and girls has just been started at Philadelphia. It is published by James Livermore, at \$3.00 per annum. It is a four column paper of sixteen pages, and contains a large amount of useful and instructive reading matter for the young. It is especially illustrated, and one leading feature is the notes on the international Sunday school lessons, also illustrated. It contains many stories which do not savor of that trashy, yellow-covered matter but is designed to root out that evil. Parents who desire to place before their children a more moral reading will do well to subscribe.

The "City of the Plains" has been regarded by many as a myth, or existing only on paper. But the future will show that it may be so, but the future will show that there are things here who will see a continuous built up town from Waverly to Athens. There is no location in Southern New York or Northern Pennsylvania with such natural advantages as the peninsula between Chesapeake and Susquehanna rivers from their junction to the hills on the North. This peninsula is bound to grow in importance and will be covered with large business interests and extensive trade. The large shops, now in process of construction at Sayre, are but an earnest of what is to follow. Let this prophecy go along with old mother Sibyl's and see which comes out ahead.

FRIDAY, April 24, is the date fixed for the entertainment to be given by the Bradford County Agricultural Society.

The Bradford County Agricultural Society will have its "management" alone to blame if it fails to perform its mission in the future. The numerous purchases of its life membership tickets evinces a spirit on the part of our wide awake business men to give it a cordial support. While farming is the principal business of the county, there are many other industries essential to our progress and prosperity, and it is the duty of the Society to develop the best tendencies and cure the evils of all of them. It was very appropriately said by the President of the Society, a few days ago, that "the principal object is to bring together the best fruits of our skill as farmers, manufacturers, stock-growers, teachers and dealers, so that by actual comparison we can adopt the good and avoid the bad."

WILKES-BARRE, Pa., January 29, 1886. My dear Mr. Editor: I have the honor to acknowledge the receipt of your issue of the 25th inst. containing an account of the death of my friend, Mr. J. H. BROWN, and I am glad to hear that you have given so full and interesting an account of his life and career. He was a most worthy and successful man, and his death is a great loss to our community. I am, Sir, very respectfully, your obedient servant, J. H. BROWN, JR.

REPORT given to circulation, says the Waverly Advertiser, that our Waverly company, which is now in the hands of Waverly, has been sold to the Waverly company. We should not have noticed the foolish story, had not papers of our surrounding villages taken it for granted that the report was true and given it more extended circulation. We have taken pains to make inquiry and learn that the report is entirely untrue, and without foundation. Possibly some man who failed to elect High-Cockalorum, in his moments of disappointment, may have said something of the kind; but the stalwart men of that village say it will be a good many years before the thousand people of South Waverly permit a dissolution of their village corporation.

A FEW MORE "EMS." The total amount of reading matter, exclusive of all advertising, contained in each issue of the Reporter, for the past four issues, is as follows:

Em. Republican.....231,030
Argus.....206,607
Journal.....201,563
Reporter.....400,163

By the above it will be seen that the Reporter has lacked out 31,770 ems, or less than seven columns of type the length of this article is set in, of giving double the amount of reading matter that the Reporter has given in the past four issues. Either paper can be had for \$1 per year.

Bills for Public Sales have been printed at this office during the past week, as follows:
