The column will restorm and march back to the urt House Square, and be dismissed GEORGE V. MYER, Commander.

THE TOWANDA NAIL WORKS. The REPORTER'S Athens correspondent. W. A. P., visited Towarda a short time ago, and embraced the opportunity business place, of all those who notify to visit and inspect the Nail Works, and in that neatly printed, ably conducted pasire to examine the book, a copy for their per, the Athens Gazette, of last week, we find the following excellently written description of the Works, which we transfer to our columns:

"Being in Towarda and having the leisure, we visited the factory, situated in the lower part of the village, devoted to this industry, and gathered from the gentlemanly proprietors a few notes for your just and for the best, knowing that our Broth has been advanced to high rother than can be advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen as a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than can be a seen advanced to high rother than the seen advanced to high ro ley & Co., have, since coming here, greatly improved the facilities for the business, recovering, and is now, we are glad to and are still making additions, having recently added two new boilers, and were building a brick stack, and sinking the well deeper at the time of our visit. The well is a curiosity, being about fifty feet deep, and twelve feet in diameter, and cut through rock nearly all the way, the supply of water coming in through fissures. They were working a six inch drill, making a hole of that diameter for purpose of going through the rock

increasing the supply of water of which they use for steam, purposes five thousand gallons per hour. A small engine, twenty-seven feet below the surface, pumps the water from the well into a tank from which the boilers are supplied. There are four steam engines, the largest three hundred horse power, does the rolling; one of forty operates the shears -machines for cutting iron, plates or bars; one of eighty, the factory machinery, and one of twenty, the fans-used for

orcing currents of air upon the fires, etc.
They have three double, and two single ouddling furnaces, in which the iron pigs are melted, and from which the liquid iron is drawn, and shaped into round plastic forms called blooms, which are immediately placed between rollers, from laihoad, held at their office in this place, which they issue in forms called muck These are afterwards re-heated and re-

in and about the colliery; finding them as they did, in perfect working order. The happy and well pleased company returned to this place at about eight o'clock in the evening, all satisfied that the day have been managed by them. That the then passed from each side of it to the larger portion of the stock has passed machines for cutting, twenty-four in into the hands of Philadelphians, who number arranged in rows. These maas we suppose Van Gelder has made an actual count before making the statement, we shall not dispute the figures.

Valley Company—accompanied by several all ladies and gentlemen of this place, visual count before making the statement, we shall not dispute the figures.

If a ladies and gentlemen of this place, visual ladies and gentlemen of this place, visual ladies and gentlemen of this place, visual ladies and gentlemen commanding a large amount nailer operates four machines with the of capital, can but inure to the benefit of ladies and of four boys. The plates are turned have also large interests in the Barclay chines require skillful workmen to keep other very pleasant day of recreation. The of capital, can but inure to the benefit of aid of four boys. The plates are turned party were escorted to Long Valley by E. the State Line and Sullivan in many re-over for each nail cut, as in cutting cross spects. And we have no doubt that the wise, if the bar were not turned, the anroad will in the near future become a gle would increase with each nail cut, paying investment to the gentlemen who have invested their capital in it. At least, we hope it may.

one-half to three and one-half, and spikes from three to nine.

They use Port Henry, N. Y. ore, and

hundred kegs of nails are turned out, which are sold all over this region and in New York and Philadelphia.

About ninety men are employed doing The continuance of Mr. Baldwin as work by the piece, thus giving to each a Secretary, is also a deserved compliment reward according to his skill. About one housand dollars per week is paid for la

This Company has a similar factory at Milton, Northumberland County, where they employ upwards of one hundred and sixty men. There are several gentleme in the firm, and if those we met, Mr. Bostley and Mr. Randall, are fair representations which we do not doubt, it must be a pleasure to transact business with them, for they are practical work-men, and understand every part of the ousiness, besides being genial company."

THE BEST OF FAMILY BIBLES The Rev. Dr. A. S. HUMT, Scerectary of the American Bible Society, recently remarked that in spite of the great num shall intentionally set fire to said lands ber of Bibles annually sold in the United States, there are not half enough Bibles published. There are thousands of homes Appreciating this great need, Messrs. Phillips & Hunt, of \$05 Broadway, New York, have issued one of the most

attractive and superb editions of the Bible ever sublished, and with the liberality that has characterized all their enter prises have issued it in the most elegant styles of binding, and at prices which oring it within the reach of every family. To the text of the Bibe is added series of remarkable and unusually at tractive features which rencer this edition invaluable to every Christian household. Foremost among these is Dr. Smith's Dictionary of the Bible, which is admit ted by all denominations to be the bes Bible Dictionary ever published. We have next a series of succinct and carefully prepared accounts of the various re-

every reader of the New Testament. The Wanderings in the Wildemess, and the Tabernacle and Temple are critically and danger. admirably described. A series of Scripure illustrations affords comprehensive explanations of the Mannersand Customs of the Ancients, of Biblical Antiquities, Scenery, Natural History, ec. The City of Ucrusalem is also descrited with great ninuteness. Then follow alarge number of chronological and other viluable tables designed to promote and facilitate the study of the Sacred Scriptures. These

tables are so numerous that we have no the space to name them. The book is magnificently illustrated with superb engravings by the great artist, GUSTAVE DORL, and with a large number of exquisite sted engravings Of course in a family Bible nuch depend upon the illustrations, and the publisher. this volume have embellished their Bible with a taste and liberality that deserve the highest praise. The additional matter contains over 2,500 beautiful engravings, executed in the lighest style of These engravings are genuin

works of art, and were made at a cost of over \$30,000. The great number and high character of these engravings make this the most valuable art publication b The Family Record and Marriage Certificate are beautiful specimens of litho-graphing, and at the close of the volume is a handsome Photograph Album, with room for sixteen portraits, a very desirable feature in a work of this kind Every intelligent person knows that the excellence of the binding of a book depends upon its neatness and durability. A Bible may be showily bound, and yet -On Tuesday morning Drs. DENJAMIN put together so thinsily that it will come pieces in a few years. Although co red with showy stamps and apparently

a loose and unsubstantal manner that with only ordinary handling the Bible will crack and finally fall to pieces. This Bible is made upon a very different plan. Only the best materials are used in its manufacture, and all the work is done by the best of workmen and he most highly -Mrs. Adah W. Sterling, of West improved machinery. Every stage of the work is carefully superceed. It would be impossible to devise a system by which greater care could be given to the manufacture of a book, or by which the interbeat this? ests of subscribers could le more careful

ly guarded. The publishers realize the fact that a family Bible my be subjected to very hard usage, and must be bound substantially as well as hardsomely. They are published in German also. We cordially commend this magnificent Bible to our readers. It is a shame that any Christian household should be without a Family Bible, and we commend this one as the most compete and the cheapest in the market. It is sold by subscription only, and Mr. Hyrny Mrx, who is the authorized agent for this section, i

now canvassing for it. Mr. Mrx, of this place, who is the igent for the work in this section, is well known, no doubt, to the most of our readers, and needs no commendation at our concluding clause which is the recapituhands, as to reliability and truthfulness. lation of the report : He will cheerfully bring to the house or I now recapitulate the facts of the re-

IN MEMORIAM.

Local Correspondence. WYALUSING. The fire in Wellers' woods extended

over about two hundred acres of very fine timber. The loss is heavy.

The prospect of Wyalusing having a band is very flattering. The instruments have been procured, and we are informed that Professor Kent, of Brooklyn, has been engaged as instructor. The "Cora Van Tassel Dramatic Troupe" return his week to give the boys a benefit-date not yet named The G. A. R. programme for Decoration Day, is to decorate quietly the graves in Wyalusing, at eight o'clock A. M., then

t Sugar Run, and at Terrytown "wind up" with a basket picnic, and speeches by Dr. G. F. Horron, Rev. David RAFT, and others.
Mr. JOHN B. TAYLOR, of this place, re ently a graduate of the University of New York, is at home, and occupied the pulpit of Rev. D. CRAFT last Sunday. GEORGE P. STALFORD, formerly a res dent of Wyalnsing, nov agent at the depot in Laceyville, was married last Thursday, to Miss SMITH of that place. Our congratulations George.

Wyalusing Saturday, on his way home to spend the Sabbath.

May 24, 1880.

Wyalusing Saturday, on his way home to Nuclear National National

It cuts down the expense of gathering too, after cutting over one hundred acres each do so, year. We common the Eureka Mower unbest- for the he hay crop fully twenty-five per cent.

The farmers of Bradferd county have THE much be to the best mowing chine furnished me for nothing.

E. C. Spencer, Wyson, Pa. BEST at their door. Hear what your neighbors . We have used the W. A. Wood, the Clipper, and different makes of Buckeyes, (we now have two Buckeyes in good order). We have used the Eureka Mower is the very best we ever saw. and there is no side draft mower that will compare all kinds of grasses and do not hesitate to say it is with it in any respect.

The mower we have had in use for three years is to any other.

Tommond Bross. Troy, Pa. the best machine manufactured at the present.

The mower we have had in use for three years is as good in all its parts as when first used, and that,

I opposed the Eureka as long as it was honest to cut it with this machine. B. Lapoute, Asylum.

seems to be the order of the day hereabouts.
The Valley School commenced on Mon fully prepared accounts of the various religious denominations of the world, their listory and teachings. The Life of the Saviour and the Lives of the Apostles are brought forward prominently, and in such a manner as to be of great service to standing timber in this neighborhood, and many fences have been destroyed. S. S. Tewkspury lost about 200 rods of the New Testament. The Unless we get rain very soon, the crops in this section will be seriously damaged

LITCHFIELD.

ORE FIRE-NO MORE WATER-OTHER THINGS During last week and on Sunday the forest fire still raged. The woods of John Loveland was named over and a large quantity of good timber destroyed. From his woods it attacked the failow and H. M. Merc'll where also much damage lose to timber and tenees. It is SHI burnen staces, but unless winds prevail it is under Four Everything calls for water, but it is not forthe shoot and has the reparation of schor, Rev. E. Burroughs, of Cheming, N. Y., well mill breach in the Baptist

Rev. E. Burrougas, or successful the Baptis snown in this county, will preach in the Baptis church here hext Sunday at 3 o'clock P. M. SYNES. Neighborhood Notes.

-The Dushore Review of last week 'A steam saw mill was brought ere by Seeley & Co. last week, and set ir running order on their tract at Colley recently purchased of the Jackson estate -A great many strange faces are seen about town, says the Dushore Review. Hundreds of new men are employed in getting bark and lumber, and this promses to be the busiest season ever known

WADDEL amputated a finger for old Mrs. THRASHER, that had upon it a can- citing discharge, not by dry ng it up. The appli eight years of age, the old lady stood the peration quite well; - Dushore Region. ened with destruction. Prompt measures were at once taken, and after some hard fighting the fire was extinguished .- Du-

Lenox, Susquehanna County, has just completed a patch-work quilt of five thousand, four hundred and eighty-seven pieces. What lover of patch work can -A Normal Musical Institute, will be held in Montrose, commencing July 19th, and continuing four weeks, under the direction of Professor L. O. EMERSON, of

loston, assisted by a corps of competent -Says the Tunkhannock Democrat of last week: "Through the courtesy of Mr. P. W. REDFIELD we have been shown he report of Assistant Engineer James WORRALL of the survey of the Susquehanna river from the Southern boundary of New York to Nauticoke dam. Mr REDFIELD it will be remembered acted as pilot in said undertaking, and his name is spoken of in the report with praise as to his ability. We have not space to pub-lish the whole decument but we give the

a reconnoissance of the North Branch of he river Susquehanna from Nanticoke dam to a point at or near the New York State line, with permission to make other suggestions legitimately growing out of the subject. 1. From Nanticoke dam to the State line, the distance is about 117 miles, of which about one bundred miles are alrealy navigable, but are interrupted by ripples, the aggregate length of which some what exceeds twelve miles, which have been estimated. These ripples, I believe, can be corrected, and a continuous navigation of at least two feet, and perhaps three feet, in minimum depth, can be'es tablished for the gross sum of \$250,000. 2. An enlargement of the locks of the Eric canal, from Buffalo to Montezuma, o as to pass boats of 280 tons, and : branch of the same from Montegum;

tonnage for \$25,000,000. BUSINESS LOCAL.

through Elmira, N. Y., and Northumber

land, Pa., to Havre de Grace, Maryland, can be built to accommodate the same
