Republican County Convention.

Pursuant to a resolution passed by the Republican County Committee, in session June 25, 1880, the Convention of the Republican party for 1880 will convene at the Court House in Towanda Borough on TUESDAY, AUGUST 24th, 1880, at 1 o'clock, P. M., to make the following nominations to wit:

One person for President Judge. One person for Representative to the 27th Congress. One person for Representative.

Committee of Vigilance. A. A. C. ... W. H. ...

GENERAL HANCOCK very truthfully says that "the bayonet is not a fit instrument for collecting the votes of freemen."

There was no more useful and able member than Mr. M., and the people of the district should consider themselves fortunate that they are able to continue him in Congress.

Says the North American, very pertinently: "In the present National caucus the issue is squarely put as to whether this great Republic shall be governed by the landed oligarchy of the South or by the citizens of New York, Philadelphia and Brooklyn."

There are at least nineteen cities in the United States that now have populations exceeding one hundred thousand. In 1870 there were only four hundred.

A LATENT and enthusiastic Republican meeting was held in Titusburg Saturday evening, which was addressed by Hon. G. A. THOMAS and Hon. S. H. MARS.

THE REPUBLICAN party is not a sectional party. Its aims, its objects, its organization are all intended to be of the broadest National scope.

GENERAL HANCOCK's real history is very simple. His sympathies were Democratic and pro-slavery. He held office, took pay for life under a government which made those favors secure, and in circumstances which gave rapid promotion with little regard to soldierly ability. He stuck to these favors.

THE JOURNEY of General GARFIELD from his home in New York was marked by wonderful exhibitions of popular enthusiasm for the candidate of the Republican party.

THE SABBATH was spent at Chaunoy, and Monday General GARFIELD proceeded homeward, being welcomed at the principal towns in this State by enthusiastic multitudes anxious to greet the man of their choice.

THE PRINCIPLES, as they term them, promulgated by the Cincinnati Convention and HANCOCK'S letter of acceptance read much better when they were combined with the second plank of the platform adopted by the same party at the time they nominated their other military hero, a man idolized by the Democracy throughout the country.

IT IS RESISTANCE to Southern sectionalism that has now become our duty and labor. How shall it be most effectually done? Certainly by constitutional means, and in a friendly spirit.

EX-GOVERNOR WILLIAM BIGLER died Monday morning at Clearfield in the 67th year of his age. He was born in Landisburg, then in Cumberland county but now in Perry.

THE ALABAMA business has rather overcome. A Democratic majority of 75,000 in a Republican State is almost too much even for a Northern doughface to endorse.

THE DEMOCRATIC party with all its dazzling brilliancy of a Union General for its headlight, cannot disguise the fact that it is still the same old party that our country so much loved and treasure.

SECTIONALISM. The Republican party is not a sectional party. Its aims, its objects, its organization are all intended to be of the broadest National scope.

PHILADELPHIA LETTER.

PHILADELPHIA, August 11, 1880. One of the tragedies that visit the families of working people in humble life happened at a fire on Second street, near Vine, on Thursday afternoon. Two girls, industriously at work at hawk maddening in the fourth story of a building, were alarmed by a fire beneath them in the same building, only to find their retreat by the one only narrow stairway cut off, and no means of escape but by the window which was both broken and fast. The girls, who were both themselves, were with mortal injuries, and the other so hurt that the shock will probably follow her through life.

WASHINGTON LETTER. WASHINGTON, D. C., August 11, 1880. With Congress adjourned, business at a standstill, hotels idle or closed, and almost every one away from favorite resort, the transferring of the day may be said to be "flat, stale and unprofitable."

STATE NEWS. The population of Luzerne county is 14,000. A new cattle disease, very fatal to calves, has appeared in Snyder county.

GENERAL NEWS. Pietro Ballo, convicted of the murder of his wife, was hanged Friday morning at San Rafael, Cal., for the murder of a fellow-conspirator in the case of the Union Pacific.

force, and that they mean to rally in the full sense of the word very much to the disgust and dislike of a certain class of citizens who, while they are content to see the broad of the Republican party, have no word or wish for its success.

THE MEN OF THE Grand Army of the Union and Boys in Blue organizations do not appear to take much stock in Senator Wallace's little story that he presumed, in the event of General Hancock's election, none of the old war veterans would be disturbed that are now holding place by appointment. The speedy manner in which disabled soldiers were kicked out of place by the Democracy when they had obtained control of both branches of the National Legislature, to make room for the friends of the rebel brigades, is so recent occurrence to be quite forgotten; consequently, all such declarations deceive nobly.

THE TRAMPS entered the house of Christopher Garber, at New Market, opposite Harrisburg, and two of them held the owners, Mr. Garber, while the other tramped the house, for securing some money the robbers left, without doing the least injury, or to raise the Black Hills settlers.

THE GREAT annual German Schutzenfest is once more in full blast, and the second day of the festival will be held to-day and to-morrow. The festival grounds are in the park, and are a beautiful sight to behold. The festival is a grand affair, and is well patronized by the public.
