He moved to Owego about twenty years ago, where he engaged heavily in the wool business, and in which business he had continued up to the time of his death. He was about sixty-five years of age.

SUDDEN DEATH OF A PRINTER A printer named GEORGE F. BISHOI supposed to be from Honesdale, Pa., and member of the Knights of Honor, was found dead in his bed about ten o'clock Binghamton. He had been in town several days, and was drinking quite hard. Shortly before he was found dead, he had called to have some liquor brought to his room, and it was furnished. He was a

To the Readers of the Reporter : It is well known that hot weather brings sickness and that the greatest care is necessary to prevent disorders even on the part of those most healthy. What there is in the heat that should chose disease cannot certainly be known, but cholera, dysentery, debility, lassitude, vertigo and many other sudden and dangerous maladies come every season and cause great suffering and thousands of deaths. Few people go through the summer without unpleasant symptoms. The mouth becomes dry and parched, the tongue furred with white, the pulse irregular, the head feverish, the body cramped and the limbs swollen and tired. Ladies especially, with their natural delicacy and tendency to female troubles: find the hot weather almost unbearable : while little Children are dving every day from exhaustion and because Parents neglect precaution and care. A prominent and well known physician of New York asserts as his positive belief that more than three-fourths of all so-called Summer complaints arise from disordered secretions, and that these secretionary organs, which, by being out of order cause so much trouble, are the kidneys and liver. The brain controls the life, but

the lower part of the body rules the health. There is one, and only one known vegetable that will absolutely regulate and control the Kidneys and Liver at all times and thus prevent the many dangers of the Summer. That vegetable (a West udia leaf,) is used as the basis of Warner's Safe Kidney and Liver Cure. It is pure, pleasant to the taste and absolutely certain in its results. It keeps those who intelligently use it in perfect health. and cures those whose secretions are deranged. For all urinary complaints of either sex it is infallible. For all billions troubles it is certain. For the hot season it is invaluable and every person ofcare and intelligence should not fail to keep Warner's Safe Kidney and Liver Cure near at hand, and use it upon the approach of the slightest symptoms. It may save your life or that of somy other friend; it will certainly prevent much suffering. It is for sale-by druggists in all parts of the world; we careful and take no other.
