New Advertisements.

To the Readers of the Reporter:

It is well known that hot weather brings sickness and that the greatest care is necessary to prevent disorders even on the part of those most healthy. What there is in the heat that should cause disease cannot certainly be known, but cholera, dysentery, debility, lassitude, vertigo and many other sudden and dangerous maladies come every season and cause great suffering and thousands of deaths. Few people go through the summer without unpleasant symptoms. The month becomes dry and parched, the tongue furred with white, the pulse irregular, the head feverish, the body cramped and the limbs swollen and tired. Ladies especially, with their natural delicacy and tendency to female troubles, find the hot weather almost unbearable; while little Children are dying every day from exhaustion and because Parents neglect precaution and care. A prominent and well known physician of New York asserts as his positive belief that more than three-fourths of all so-called Summer complaints arise from disordered secretions, and that these secretionary organs, which, by being out of order cause so much trouble, are the kidneys and liver. The brain controls the life, but the lower part of the body rules the health.

There is one, and only one known vegetable that will absolutely regulate and control the Kidneys and Liver at all times and, thus prevent the many dangers of the Summer. That vegetable (a West India leaf,) is used as the basis of Warner's Safe Kidney and Liver Cure. It is pure, pleasant to the taste and absolutely certain in its results. It keeps those who intelligently use it in perfect health, and cures those whose secretions are deranged. For all urinary complaints of either sex it is infallible. For all billious troubles it is certain. For the hot season it is invaluable and every person of care and intelligence should not fail to keep Warner's Safe Kidney and Liver Cure near at hand, and use it upon the approach of the slightest symptoms. It may save your life or that of some other friend; it will certainly prevent much suffering. It is for sale by druggists in all parts of the world; be careful and take no other. "A word to the wise is sufficient."

SIMMONS LIVER REGULATOR

TESTIMONIALS are received every day by the proprietors of SIMMONS LIVER REGULATOR, from persons of education and prominence from all parts of the country attesting to the wonderful curative properties of this great medicine. No other preparation but the REGULATOR has ever been discovered that would effectually cure Dyspepsia and its kindred evils, and restore the patient to a perfectly healthy condition of body and mind. The rapidly increasing demand for this medicine and our large sales in consequence, is indeed sufficient evidence in itself of its great popularity.

It can be used any time without fear by the most delicate persons. No matter what the ailing, and may be given to children with perfect safety, as no bad results follow its use, doing no possible injury. As a mild Tonic, gentle Laxative and harmless Invigorant it is infinitely superior to any known remedy for

Nervous Fevers, Bowel Complaints, Jaundice, Colic, Heart-lessness, Mental Depression, Sick Headache, Constipation, Nausea, Biliousness,

DYSPEPSIA, &c.

A SURE CURE!

For Diarrhœa, Dysentery, Cramps, Cholera,

And all those Numerous Troubles of the Stomach and Bowels

SO PREVALENT AT THIS SEASON,

No Remedy known to the Medical Profession has been in use so long and with such uniformly satisfactory results as

PERRY DAVIS'

VEGETABLE

PAIN KILLER

It has been used with such wonderful success in all parts of the world in the treatment of these difficulties, that it has come to be considered

AN UNFAILING CURE

For All Summer Complaints,

and such it really is when taken in time and according to the very plain directions inclosing each bottle.

In such diseases, the attack is usually sudden and frequently very acute; but with a safe remedy at hand for immediate use, there is seldom danger of the fatal result which so often follows a few days' neglect.

The inclination to wait and see if the morrow does not bring a better feeling, not infrequently occasions a vast amount of needless suffering, and sometimes costs a life.

A timely dose of Pain Killer will almost invariably save both, and with them the attendant doctor's fee.

It has stood the test of forty years' constant use in all countries and climates, and is perfectly safe in any person's hands.

It is recommended by Physicians, Nurses in Hospitals, and persons of all classes and professions who have had opportunity for observing the wonderful results which have always followed its use.

I have prescribed Perry Davis' Pain Killer extensively in [illegible] and [illegible] and have used it in my own practice, and I have never found its equal as a [illegible]. I have never used for the relief of disease.
