A WORD of warning may now be spoken, written and printed for the benefit those living along rivers and creeks, in view of the enormous accumulation of ice on all such streams, and the immense quantities of snow which cover their banks and the shore beyond. There is a world of danger in this condition, if there should come a sudden break up, the pos-

sibility of which is imminent at this season. It behooves the owners of property to be on their guard; to strengthen their dams where it can be done; to secure loose property by removal, and arrange for the ice gorges where they are most likely to occur. All these arrangements will be looked after by prudent people and we therefore add a word of warning. not to delay them long.

HINTS TO FARMERS. - Don't let your horses be seen standing much at the tavern door; it don't look right. Don't be without Henry & Johnson's Arnica and Oil Liniment near at hand to apply in case of accident. Keep good feedings among neighbors. Keep Downs' Elixir always in the house, and use in cases of sudden coughs, &c., as a safeguard against consymption and other dangerous diseases. Baxter's Mandrake Bitters, taken according to directions, saves large expense in doctor's bills.
