Items of Interest. -Rubber wall paper for damp walls i one of the new uses for rubber. -The exact population of New York State by the census of 1880 is 5,082,982. -Newspapers are printed in ten different languages, including the Chinese in San Francisco.

- Illinois claims to have made half the farming machinery made in the United States last year, \$27,727,000 worth. -The wide distribution of plants over the earth is largely due to birds who carry seeds from one country to another. -The wife of a compositor in the office of the New York World recently gave birth to a male child weighing 212

-A Chicago glass eye merchant know of a lady who was married four years before her husband found out that she had

an artificial eye. -Navy chaplains receive \$2,500 à year. \$300 additional for each five years of service, and at sixty-two they are retired with \$2,500 for life.

-On the Little Colorado lives a woman who avers that she is 128 years old, and that she distinctly remembers the famous dark day, 19th of May, 1780. -London, with a population of 3,500,-0(e), manages to get along with a fire deparment of 406 men, and still clings to the old fashioned hand engine. -Spiders will live a great length o

time without eating. One lived and appeared healthy for eighteen months without food, enclosed in a glass case. -Pitt burg boasts of a young detective thirteen years of age, who worked up a a case against two contidence operators and had them arrested and committed for

There are 43,000 post offices in this country and they require 60,579 persons to run them. The post office pusiness is not a paying one, as last year the expenditures exceeded the receipts \$3,500,000. -In Greenland, beef, mutton, pork and fowls are preserved for any length of ime by merely freezing them. When used they are thawed in cold water, and when cooked taste exactly as if recently killed:

-Mount Ararat, on which the Bible says Noah's ark found resting place, is 17,112 feet high, and is covered perpetually by snow and ice. It is of a volcanic nature, though not often in an exuptive -Judge Tourgee has been exceptional-

ly fortunate as an author. 'His "Fool's Errand" has reached a circulation of 150,one copies, and is still selling rapidly, while "Bricks Without Straw" ha reached its sixtieth thousand. -Twenty-five gentlemen and three la

dies met at Cooper, Institute last week to perfect the organization of the New York Cremation Society. Rev. J. D. Burgless, chaplain of the United States Navy Yard in Brooklyn, was chosen president. -A novel case of blood-poisoning is reported from Richmond, Indiana, where Richard Jackson died from crushing a potato-bug in his fingers, and afterward touching the inside of his ear, for which he suffered for twelve months, losing one hundred pounds.

-The progress of the colored people is the South since the close of the war, is shown by late returns of the assessors of Stanton, Virginia. In that city the property held by the colored people is valued at \$100,000, and every property owner was a slave before the war, and almost every one has a family to support. -Large numbers of apple trees in the Northern part of the State have been discovered to be split on the one side from the roots to the barren limbs. It is supposed that the extreme moisture of the trees troze during the intense cold weather, and expaning burst the outside as frozen water bursts pipes.

-Complete arrangements have been made by the State Agricultural Society for holding the next annual exhibition It will be held in the Exposition Build ings, in Pittsburg, commencing September 15th, and continue two weeks. Some new buildings will be erected, and the grounds wilfbe enlarged.

-A very strange story is related of two men who recently stied in North Carolina, which, if true, is probably without a parallel in history. They bore the same name, although not related by blood, were born on the same day, married twin "sisters on the same day, and died the same day, having lived within five miles of each other all their lives. . -The class at Williams College, in

which President Garfield graduated, is -weil represented in the history of the nation. It has not only furnished a President, but a Treasurer of the United States (Gilfillan), a member of Congress (Jacobs), and an assistant quartermaster general (Reckwell). President Garfield and General Rockwell have been companions and friends for many years: -Mrs. John J. Astor, of New York, sent a party of one hundred homeless

children to the West recently at a cost of \$1.500. Of these, twenty-four boys found employment on Vigginia farms, and the test went to new homes in Iowa, Missouri and Kansas. This swells the total number of children whom Mrs. Astor has as sisted to eight hundred and thirteen, at a total cost to her of more than \$11,500. Twenty-four years ago all the switch ing of cars at Binghamton was done with one horse. The water to supply the engines was pumped into the tank by means of a sweep and the same horse, and he was not kept busy all the time. To-day seven engines are kept busy doing this work and freight accumulates even then so as to block the roads and detain -One hundred and fifty-two persons

killed themselves in New Yorks city last year. One hundred and twenty-one were men and 31 women. Seventy-four were married, 34 single, and 12 widowed. Forty took poison, 39 shot themselves, 28 hanged themselves, 20 cut their throats, 14 drowned themselves, nine jumped from windows, and two suffocated themselves from gas. Sixty-four of the suicides were Germans, and 35 were native Ameri--At the insane asylum of Bieetre, if

France, the other day, there died, at the age of 103, a patient named Jubissier. who had been an inmate of that establish ment since 1797. He was impressed with the idea that his body was composed of glass. Haunted by this belief, he is said to have scarcely moved during the eighty-three years he passed in the asylum and to have opened his lips intelligently only once during that period, to ask for tobacco.

iter will cause a loss ranging from ten to saventy-five per cent. of herds throughout the entire cattle grazing grounds of the West. The terrible hardships which the animals have had to undergo will also cause a great diminution in the natural increase. William Parton, a member of the Nebraska Legislature, estimates his other member, calculates that he has lost 10,000 out of 30,000 head of cattle. The fall extent of the damage cannot yet be ascertained.

The following inducements offered to CASH BUYERS for the next M. E. ROSENFIELD'S

In order; to make room for next spring's trade I have REDUCED THE PRICES ON OVERCOATS and WINTER CLOTHING.

Unprecedented and unapproached! Containing the largest stock I ever owned at this season of the year in, to cash at such prices as I can say have never been known before. The following SPECIMENS OF PRICES

Suits of every description at the same reduction in prices—HATS, CAPS and FURNIBHING GOODS. This is beyond doubt the GZEATEST MARK-DOWN ever made in Clothing. No one lot of three goods will ever be duplicated at these prices, and you will find it a matter of great policy on your part to visit me in the quickest possible time. I have everything here advertised, and things not here enumerated, EQUALLY AS CHEAP. M. E. ROSENFIELD. Towards, Pa., Jan. 13, 1881.

Scientists now all admits that the discrete state of the caused by disordered Kidneys or Liver, and that if these great organs are kept in a perfect condition, health will be the result. I WARNER'S SAFE KIDNEY: AND LIVER CUBE is made from a Simple Tropical Leaf OF BARE VALUE, and is a POSITIVE remedy for the following troubles: Pain in the Back, Severe Headaches, Dizziness, Bloating, Inflamed Eyes, A Tired Feeling, Night Sweats, Pains in the Lower Part of the Body, Palpitation of the Heart, Jaundice, Gravel, Painful Urination, Malarial Fever, Fever and Ague,

And all, diseases caused by the Kidneys, Liver o rivary Organs being out of order.
It is a SAPE and CERTAIN cure for all Female Leucorrhoea, Inflammation of the Womb

Boils, Carbuncles, Scrofula, White Swelling, Salt Rheum, Poisoning by Mercury or any other Drug, it is certain in every case. For Incontinence,—Impotence, Pains in the Loins, and all Similar Diseases, it

is a safe, sure, and quick cure. It is the only known remedy that has cure Bright's Disease.

As a proof of the purity and worth of this Grea
Natural Remedy, read the following CHEMICAL ANALYSIS. S. A. LATTIMORE, Ph. D., L. L. D., Professor, of Chemistry in the University of Rochester, N.Y., knowing the popularity and merit of Warner's SAPE KIDNEY AND LIVER CURE, after a thorough Chemical Analysis, has furnished the following statement:

UNIVERSITY OF ROCHESTER, ROCHESTER, N. Y., Jan. 8, 1880. ROCHESTER, N. Y., Jan. 5, 1882.)

Mr. H. H. WANNER has placed in my possession
the formula of the medicino manufactured and
sold by him under the general designation of
WARNER'S SAFE KAIDNEY AND LIVER
CURE. I have investigated his processes of manufacture, which are conducted with extreme care
and according to the best methods. I have also
taken from his laboratory samples of all the materials used in the preparation of this medicine, and
un on critical examination I find them, as well as
the medicine into which they enter, to be entirely
free from poisonous or deleterious substances.

This remedy which has done such wonders, out up in the LARGEST SIZED BOTTLE of a medicine upon the market, and is sold by Drug gists and all dealers at \$1.25 per bottle. Fo Diabetes enquire for WARNER'S SAFE DIA

Fowls in Orchards.

Last fall we visited an orchard in 200,000 acres, and will plant them which fowls were kept, the owner of with rice this year. The company which told us that before the fowls makes the rosy estimate that it will were confined in it the trees made lit-CHEAPER THAN AT ANY the newest patterns of triassware, called the sponding amount of truit was obtainsponding amount of truit was obtained. But what a change was evident now! The grass was kept down, the weeds killed and the trees presented an appearance of thrift which the most enthusiastic horticulturist could but admire and envy. The growth of the trees was most vigorous, and the foliage remarkably luxuriant; the fruit was abundant, of large size and free from worms and other imperfections. The excellence was accounted for by the proprietor, who remarked that the "hens ate all his best land, and his manure could the worms and curculio in their be applied where it would do the reach, even to the canker worm.
