TOWNSHIP and borough auditors too often neglect the publication of the township accounts. Their publication is required by law, and penalties are inflicted for non-compliance.

The Catholic, Episcopal and Universalist churches were all decorated the other day with flowers and evergreens. The musical part of the exercises at these churches was very fine—far in advance of that of any previous year.

"TOWNSHIP," the Review's Troy correspondent, furnishes that paper with the following: "The oldest grave in Greenwood Cemetery is that of Rev. ELISHA RAPTIST, the founder of this cemetery, a Baptist minister and soldier in the Revolutionary war. A plain stone marks the grave. The stones of seventy winters have almost defaced the inscription, but they still bear witness to the fact that he died in 1812. -Aged 72." The date of his death and the months and days of his age are undecipherable. While thousands of dollars have been spent in beautifying this "city of the dead," the grave of its founder is allowed to go neglected, without a suitable stone to mark its site.

"Shopping by mail" is one of the many little dregs in the great machinery of commerce. It jars and grates and disturbs the regular motion. Dealers all over the country make their arrangements to supply all the wants of the community. They rent buildings, hire clerks, advertise and incur large expenses for the purpose of carrying on trade. The sharp competition prevents any higher charges than will support the business. All these outside operations only embarrass the regular course of things without helping the purchaser. It is a delusion that goods can be bought cheaper in large cities than in country places. The cost of carrying on business in the former gives traders in the country an advantage. "Buy your goods at home" is the true policy for all parties.

"SINISTER, gentle spirit" has not made her appearance in spite of almanac makers and season poets. While winter instead of being a "gentle spirit" seems to have driven her out of the country and laid an embargo on her return. The middle of April is here and driving storms and chilly air tell us too plainly that dread winter still "reigns," though occasional glimpses of warm sunshine, as old Sol looks for a moment through the storm clouds, bid us hope that sometime in the future we will be greeted by the remarkable winter. The winter, setting in long before the holidays, has been one of unusual length and severity. In the usual course of things a severe winter portends an early spring; but in this case while we have seldom had so severe a winter the lateness of the spring is unusual and remarkable. Still, it will come, and pleasant weather and the busy hour work, and during which time she did not neglect to visit her neighbors. -Lafayette Advertiser.

WILLIAM J. MAZON died at his residence in North Towanda, on Wednesday last week, aged about 70 years. He was among the oldest residents of the town, and was respected by all its inhabitants. For thirty consecutive years he was one of the most responsible officers therein. A mark of esteem and confidence seldom bestowed on any man. His remains were interred at Uster on Sunday.

Mrs. M. R. BROWN, one gifted and valued Towanda correspondent, will go to Washington to witness the coronation of the late Admiral FARRAGUT, on the 25th inst., in response to a special invitation from "Miss Vienna Reed." The readers of the Advertiser will hear from her frequently, in her always pleasant manner, during her two or three week stay at the "National Capitol," -Elmira Advertiser.

PETER LAPOSTOL, of Hornbrook, was among the first to respond to the call for soldiers in April 1861—going out as a member of Company F, 5th Pa. Co. He has recently been granted a pension of \$12 per month by the government for injuries received during his term of service.

So far from losing their hold upon the fully occupy. But we insist that the if you doubt it, go west on State street to the school house.

It is a fact that the fire which broke out on Sunday through the churches, but no doubt also hundreds who are not apt to be very zealous in the matter of church going were moved by a sincerely religious impulse to join in celebrating the anniversary.

JOHN KELLY, a citizen of Elmira, was killed at Ellipton, near Waverly, Thursday. The unfortunate man was working on Contractor Ryan's job over Shepherd Creek. He was struck by a falling derrick. He received the stroke between the shoulders, which caused internal hemorrhages and the swelling of the lungs. He was entirely paralyzed below the place where he was struck, and his right arm was broken. Two other men were quite seriously injured by being struck by the derrick in its fall.

The list of Official Reporters and Correspondents for Bradford county appointed by members of the Senate and House of Representatives, session of 1881, is as follows: A. T. LITTLE, LeRoy; E. J. SCOTT, Towanda; WARD FAHREN, Canton and LILL LEONARD, Gettysburg.

The team that draws the Ellert House bus, became frightened at the upper depot on Monday morning, about the time the bus was about to start. It started for the corner from Locust avenue on Main street, the bus was overturned and the horses became detached from it. From that point the horses ran down Main street nearly its whole length, to the flourishing mill, where they were stopped. Considerable of the glass in the bus was broken, and one of the horses was somewhat injured by falling just at the point where they ended their race.

If the city editor of the Elmira Advertiser will call FREDERICK'S Digest, page 482, paragraph 76, he will learn something in reference to the law governing bridges in the State of Pennsylvania, which may prove serviceable to him in the future. His ridicule of the Town Council of this place—who have not a particle of jurisdiction over the bridge here—only makes the editor himself appear ridiculous to those who understand the law of our State in such cases made and provided. Be sure you are right before you go ahead.

No more delightful Easter day than Sunday last could have been asked were it the Divine plan to consult the good people of this county. The weather was just what was needed for its setting, the breeze was bracing. The observance of the day has never before so general in this place. At all of the churches services with special reference to the season and occasion were held, and large congregations were present. The Catholic, Episcopal and Universalist churches were all decorated the other day with flowers and evergreens. The musical part of the exercises at these churches was very fine—far in advance of that of any previous year.
