BRAZILIAN TEA DISH .--- Take some slices of bread about half an inch thick, cut off all crust, steep the bread

yolk and fry with butter a light brown; then arrange the slices on a to employ,' said Dr. Flat, running a hot plate and lay on each piece a tol-

sugar and cinnamon well mingled.

nable to the good.

A New York evening newspaper

had an editorial article recently on

Prof. Siemens's experimental electric

railway now said to be in successful

operation at Berlin, in which it was

intimated that the application of the

system to the New York elevated

railroads was not a remote probabili-

ty. Mr. Fields was asked the other

day whether such a statement was

well founded. He promptly respond-

ed, 'I hope so.' Just see what a

splendid thing it would be for us.

No coal, no smoke, no cinders, no

noise! Anything that will rid us of

these annoyances will be well worth

adopting. What do you suppose our

Thoughtful Thoughts.

PROFANITY never did any man the least

coal bill was to day ?' Without waiting for a reply he rattled on : 'I know Prof. Siemens very well, and I called upon him-the last time I was in Europe, but his system had not least, as my walk continued I wonthen progressed beyond experiment. dered what kind of a breakfast there railway in successful operation.' Mr. stimulated by the morning breeze.
