Why is it that people for 25 and 30 niles are seen daily at The Boston Clothing House,

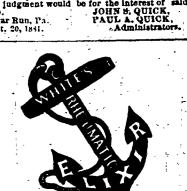

Just opened in Means' Block, Main Street, Towanda, Penna., ying themselves with Clothing, Boots, Ladies Supplying themselves with Clothing, Boots, Ladies and Children's Shoes, and everything in the line of Men's and Boy's wear. Why is it that as soon as the noston Clothing and Boot and Shoe House have announced its opening to the people, that all the small one-horse concerns or small country dealers, for fifty miles around, have predicted a very hot Winter in this section, especially those in Towanda. Some of them have commenced to fan themselves already—with their tongues? To enlighten the public on this question, we will say that the Boston Clothing, Boot and Shoe House just opened in Towanda, is only one of the many Branches throughout the Union, and take it altogether, there is more Clothing sold in all the Bosgether, there is more Clothing sold in all the Boston Branches in one hour than any country store is able to sell in a month, and the fact that business is done on such a large scale, explains the mystery. Why the Boston Clothing, Boof and Shoe, House, just opened in Means' Block, Main-Street Towanda, Pa., is able to undersell dealers in the line of CLOTHING, BOOTS and SHOES, HATS and CAPS, and everything in the line of Men's and Boy's wear.
