

Farm and Household

SPRING CLEANING. The more - On leaving home, around a glance. All there is to do is clean.

Suggestions for the Season. March is the first spring month, and by this time all the plans for the seasons work should be well matured.

The Live Stock. The lack of proper care during the winter has done much to reduce the number of animals in a poor condition in the spring.

Historic Trees. THE FAMOUS LINES WHICH FIGURE IN SWISS LEGENDS.

All the world has heard of the famous lime tree at Morat, under the wide-spreading branches of which, according to one legend, Charles the Bold said his paternoster and confessed to his generals before the battle in which he was so gloriously routed, and which afterwards served as his credentials in his hand.

Fertilizers for House Plants. When plants are in a growing state they must be stimulated by the use of manure, and every farmer knows that the most valuable fertilizer is guano dissolved in water.

Kitchen and Market Garden.

The cold-frame plants, that is, those that were wintered in frames, should go to the ground as soon as the soil is fit to work. The cabbage, cauliflower and lettuce are the three leading kinds of plants that are kept in frames, and planted out early.

Everything should be in readiness for the coming busy weeks of spring. In all the implements should have been put in good working order, and if any are worn or broken, they should be repaired.

The breeding sows should be separated from the others, and provided with dry and warm pens, and furnished with cut straw or leaves, and furnished with a fender, or plank fastened to the wall eight inches above the floor, to prevent the young pigs from being crushed.

A REMARKABLE STATEMENT.

The Unusual Experience of a Friend - The following article from the Democrat and Chronicle, of Rochester, N. Y., is one of the most remarkable and interesting that we have ever published.

On the first day of June, 1881, I lay at my residence in this city surrounded by my friends and waiting for death. I had been suffering from Bright's Disease of the Kidneys for several years, and had been treated by the best medical skill available.
