ers' Association. The members of the Adams County Teachers' Association met in the Lecture Room of the German Refermed Church in obedience to a call 1855, at 10 A. M. Opened with prayer by Rev. Mr. Dosh.

The committee appointed at the last meeting reported a revised constitution, which was received and the committee discharged. Each article was taken up separately and after discassion adopted. An opportunity was then offered to those present to attach their names to the constitution. The following is a list of

the persons who signed it:
David Currens, D. K. Snyder, J. Blocher, jr. W. W. Blocher, B. Snyder, J. A. Young, S. J. Little, S. Lott, T. F. Grammar, J. Irwin, J. Kittinger, S. S. Taylor, J. Lott. D. McMillan. J. McKnight, J. H. Scott, J. S. Witherow, H. D. Shriver, R. A. Lyttle, F. A. McDermad, C. H. Austin, J. E. Smith, J. C. Ellis, B. J. Reed. R. G. Harper, jr., G. W. Hildebrand, R. S. Paxton, L. Chronister, R. McCleaf, S. Durboraw, C. W. E. Welty, W. B. Thomas, M. Mickley, H. T. Price, W. L. Campbell, J. Biesecker, S. Powers, D. Wills, F. W. Orner, J. F. Bailey, D. Delap, H. H. Orner, M. C. Thompson, M. D. McClellan, H. E. McCreary, A. McCurdy, A. E. Heagen, H. E. Heagen, M. Miller, M. McMillan, S. J. McMillan, J. Powers, C. Powers, M. D. Powers.

After a miscellaneous discussion the Association adjourned to meet at 2 o'clck, P. M.

2 o'clock, P. M. After reading and approval of the minutes of the morning session, W. L. Campbell, Esq., delivered an able and interesting address, in which he gave a history of the Common School System, and defined the duties of the Teacher. The subject of Geography was then taken up, and C. H. Austin explained the method of teaching this important branch with Pelion's outline maps. He had a class of his. pupils present who exhibited a high degree of proficiency in this study. W. B. Thomas explanted his method of using the same series of maps. Mr. L. Chronister also took part in the discussion. He was not fortunate enough to have the outline maps in his school, but supplied their place with the small maps, and had succeeded in advancing his classes very rapidly by using the rhyming Geography. Adjourned to meet at 6½ o'clock, P. M.

6½ o'clock, P. M. Prayer by Rev. R. Hill. Rev. Robert Johnston then delivered an address to the Parents of the Children of the Common Schools. He showed that the many defects in our school system are to be attributed to the total neglect and want of interest in them on the part of parents -that until some means can be devised to induce parents to interest themselves in their behalf the grand object of the schools will not be fully met. Adjourned to meet at 9½ o'clock, A. M.

FRIDAY, 95 O'CLOCK, A. M. Opened with prayer by Rev. Jacob Zeigler. The subject of Orthography was then taken up; and W. B. Thomas gave his method of teaching it. After which Robert Lyttle explained the manner he taught reading. He was followed by C. H. Austin and W. B. Thomas on the same subject. T. Titus then interested the members of the Association for more than an hour with an able Lecture on the subject of English Grammar, explaining his method of teaching it and the utility of this branch as a study in our Common Schools. After this the subject of arithmetic was taken up and Mr. Austin entered into a minute explanation of his plan of teaching Fractions. Adjourned to meet at 1½ o'clock, P. M.

1½ o'clock, P. M. After reading and approval of the minutes of | ments :n complete order. the morning session, Rev. R. Hill by request, explained his method of teaching Syntax by diagrams. After which, Prof. M. L. Steever delivered a very interesting and instructive address on "The Teacher and the School," The following resolutions were then discuss-
