MONDAY MORNING, EEB. 26, 1855.

We are indebted to Hon. WM. II. KURTZ for valuable public documents. Also, to Mesform McChean, Mellinger and White, at Harrisburg, for similar favors.

President Pierce having vetoed the French Spoliation bill, the House of Representatives on Monday voted on the question as to whether the Bill should pass and become a law, so far as that body was concerned, in spite of the President's veto of the measure. A two-thirds vote in its favor was necessary for that purpose; but there being but 113 yeas cast to 86 navs, the veto was of course sustained. On the previous passage of the bill the likely, be such a game of deception again playmajority for it was 32, while on Monday it ed in this State. It was, in fact, the utter was 27 only. Had this bill become a law, there would andoubtedly bave been fine picking for somebody.

The U. S. Senate, on Monday last, passed a bill for three Railroads to the Pacific-s Northern, Southern, and Middle route-by 24 yeas to 21 nays. This is the last of the project for the session, we take it.

To-morrow is the day fixed for another effort to elect a U. S. Senator by the Legislature of this State. Whether that effort will he successful, is a matter of doubt. Some think Gen. Cameron's chances have been bettered by the delay, whilst others appear positive that his day is gone by-and that if those opposed to him cannot to-morrow agree upon a candidate, (which we think they hardly can.) the election will go over to the next session. The fight being mainly among the opponents of the Democracy, we can afford not to trouble ourselves much about it, and take it easy.

The House, at Harrisburg, has passed, by 63 yeas to 6 mays, a very stringent law ngainst the furnishing of liquors, of any kind, in any way, on the Sabbath, under a fine of fifty dollars and imprisonment for not less than ten nor more than sixty days. The Senate also passed the bill, on Wednesday, by a vote of 26 yeas to 2 nays. Mr. Mellinger and Mr. McClean voted in the affirmative.

In the State Senate, on the 16th inst., Mr. Meltinger read in place a bill to incorporate the Oxford Railroad Company. We find this item in the Legislative Record, but whether it refers to our neighboring village of New Oxford or not, we are not prepared to say -and, of course, "not knowing, can't say."

They have forgotten all their pledges to Whigs as Whigs, and have gone over, "body and breeches," to the new and proscriptive organization which now rules the State .-- We need not travel far for an instance in point. The case of Gen. Karns clearly illustrates our position. He was an applicant for the post of Whiskey Inspector-he was recommended by the most active and influential Whigs in the State-he was an old warrior in the Whig ranks himself, and had, perhaps, spent more time and money in unflinching Whig. From this fact, that portion of the Whig party who have not joined the secret organization may learn their fate. Already strong symptoms of opposition to the administration on the part of the old line Whigs are manifest. They see the trick which has been played upon them-they understand the deception which has been practised—they have discovered the weakness and the duplicity of the administration, and they have determined that its duration shall not extend beyond a single term. At the end of three years "Ichahod" will be written upon it and it will be resolved into ats original insignificance.—Dem.

CAMPROR PRODUCING INSANITY .-- The Torono Colonist says: - "We are informed that no less than eight persons have been admitted into the lunatic asylum in a state of insanity, occasioned by consuming quantities of camphor, to prevent cholera. Some of them carried it about in their pockets, and kept from time to time eating small quantities of it. Others took it dissolved in brandy. In all cases where it was taken in any quantity, it produced invanity. It is a fact well-known hat a comparatively small quantity of camphor will set a dog mad, and that he will soon after-
