

Arrival of the Steamer Baltic. ONE WEEK LATER FROM EUROPE.

New Ministry Formed—Lord Palmerston at the Head of Government—Rumored Battle on the Danube—Victory of the Turks—Sensational News Unchanged. New York, Feb. 21.—The steamer Baltic has arrived with one week's later news from Europe. Lord Palmerston has accepted the Premiership and has formed a cabinet. The new Cabinet is constituted thus: Premier—Lord Palmerston; War—Lord Panmure; Foreign—Earl Clarendon; Home—Sidney Herbert; Colonial—Sir George Grey; Exchange—W. Gladstone; Admiralty—Sir James Graham; Chancellor—Lord Cranworth; President of the Council—Earl Granville; Privy Seal—Duke of Argyll; Public Works—Sir W. Molesworth; Postmaster—Lord Cairns. Lords Aberdeen, Newcastle and Russell go on—Panmure comes in, and the balance are the same as the late Ministry. There is very little other news of importance. The affairs in the Crimea are unchanged. There is a report of a battle between the Russians and the Turks on the Danube, in which the Turks are said to have been victorious. There is also a report of mutiny among the Zouaves in the Crimea, and that 400 had been sent as prisoners to Constantinople. As previously reported, Menschikoff has gone northward. The Russians were constantly making sorties. Supplies were reaching the British camp in abundance, and siege works were advancing. The army was, however, still sickly. Frosty nights, with mild, fine days, prevailed. The latest official despatches from Lord Raglan are to the 23d and 24th. Both mention an improvement in the weather, and speak cheerfully of further prospects. The latter says: We resume our work before the town with renewed activity. Ad. del Kader had asked the command of the African troops in the Crimea. The English Missionaries in Poland had been ordered to leave Russian territory. It was said that the Emperor of France would take command of the army operations on the Rhine. The Russian forces on the frontier of Austria have been ordered to retreat to the interior. Intelligence from Constantinople up to the 29th of January states that the construction of a railroad from Balaklava to the camp had been commenced.

The "Fillbuster" Expedition.

A letter in the Boston Journal, dated New Orleans, Feb. 9th, says this expedition is ready to leave for Cuba, and adds: "The steamship United States, the fastest vessel ever built, has been purchased, and extensive alterations made to improve her speed. She has had 700 persons on her one trip from New York, and it is calculated she can accommodate 1,200 on a trip to Cuba. The old Massachusetts is put down as being very fast, and the calculation has been to take 200 men on her. Her destination from New York was the coast of Florida, where the men are to embark. The Panpero left here the last of January, and will convey troops from the Florida coast in connection with the Massachusetts. The commander of the Cuban army is Gen. J. A. Quitman, formerly U. S. Senator from Mississippi. He has the confidence and respect of all his men. The regiment in Mississippi is composed of the first young men of the State, and they are well armed. The city is full of rumors, and considerable interest is manifested in the affair. Report says that 2000 men have left here, via the lakes, to take the steamship United States on the Gulf." We have no means of knowing what truth there is in most of the above rumors. We do know, however, that the Massachusetts has been seized at New York; and in Washington it is said to be the general impression that Gen. Quitman has dissolved all connection with the expedition.

Marriages Extraordinary.

A marriage occurred lately near the Mississippi line on board a railway train, while the cars were going at full speed. The nuptials were scientifically adjusted by a magistrate who happened to be present. On the 30th a marriage took place on a cake of floating ice in the Ohio river, opposite Licking Sun, Indiana, when the Rev. Mr. Colford united the Rev. James H. Brooking to Miss Sallie Craig, all of Boone county, Kentucky. The UTRIA MAINE LAW.—It appears they are anxious in Maine to make still more stringent their prohibitory liquor law. A committee of the Legislature now has the subject in charge, and the New York Tribune says: "That committee, we understand, are hesitating on this point: Shall we sweep away at once all the liquor agencies, affirm the utility of all alcoholic beverages, to subserve any laudable purpose—mechanical, medicinal, or religious—and forbid the sale of such beverages under whatever circumstances? Or, shall we tolerate the deference to what remains of ancient ignorance on this subject, and allow liquor to be sold for certain specified uses other than that of potation? We believe a majority of the committee, at present, inclines to take the strong ground, and say: 'There is no legitimate use for alcoholic drinks, and none shall hereafter be sold in this State save in violation of law.'"

The Washington Sentinel speaks of some "embroidered ladies' skirts" at the Institute Fair in that city, which are very pretty. This reminds us of the "black ladies' hose" which a fair feminine once puzzled a certain "man of tape" by inquiring for. The difficulty was finally settled, however, by the production of an article commonly known as women's black stockings.

Morgan Found at Last.

The *Mosmic Mirror* publishes a rather curious story to the effect that Morgan, who it was alleged, was murdered by the Free Masons, for disclosing their secrets, has been found in Smyrna, in Turkey; that he now goes by the name of Mustafa, and is engaged in teaching the English language. The authority given for this report is one Joseph A. Bloom. According to the *Mirror*, this man Bloom met Morgan at a house in Smyrna, to whom the latter gave a detailed account of his adventures. It is stated that Morgan left the country in the ship *Mervine*, which sailed from Boston to Smyrna, and belonged to the firm of Langdon & Co. The captain's name of the *Mervine* was Welch.

An English Officer Frozen to Death.

The last advices from the Crimea state that Brevet Major McDonald, of the 88th regiment, was frozen to death in the trenches before Sebastopol.

The Honors of the Roman Race form a very interesting matter of study, and a well-thought man is always ready of admiration, especially among the ladies.
