

The Republican Compiler.

GETTYSBURG, PA.

MONDAY MORNING, MARCH 5, 1855.

Rev. Mr. Giesy will preach in the German Reformed Church on Sabbath morning next.

We are under renewed obligations to Mr. McCLEAN of the House, at Harrisburg, for Legislative favors. Also to Assistant Door-keeper WITTE, for ditto.

Out!
We want a few cords of good WOOD, "right on sight." No objection to its being dry—but dry or green, we want WOOD! That's positive.

Blank Deeds.
A superior article—printed on heavy blue-tinge paper, with large and clear type, now on hand at the "COMPILER" Office. Also blank Common and Judgment Bonds, &c.

PASSAGE OF THE BOUNTY LAND BILL.—The National House of Representatives, on Wednesday, passed the bounty land bill which had previously been adopted in the Senate. We infer by the report that it has been amended in some form, but not very materially, and that the Senate will concur. Should the President sign the bill, it may be considered that the homestead and general land distribution schemes are indefinitely postponed. The vote was 135 yeas to 39 nays. The bill gives 160 acres to every person serving in our wars not less than 14 days since 1790, as well as to those who were engaged in actual battle for a less period—the widows and minor children to receive the benefit in case of the death of the person so entitled. The benefits of the act are extended also to the widows of the officers and soldiers of the Revolution, and to some others.

PASSAGE OF THE POSTAGE BILL.—The Senate has amended and passed the bill from the House which provides that for letters going less than 3,000 miles the postage shall be three cents, and over that distance it shall be five cents, except where postal treaties with other countries shall prevent. The amendment further provides that, after the 1st of January, 1856, all letters shall be pre-paid, and that done with stamps; also, that letters containing money can be registered, so as to show that they have been sent, but in no instance to make the department responsible for them. The amendment must, of course, be concurred in by the House.

An act has passed the House of Representatives, at Washington, reducing the duties imposed by the present tariff twenty per cent. on a number of articles. The final vote upon it was 126 to 80. There seems to be no doubt entertained of the Senate's concurrence.

FIRE.—On Wednesday night last, a little after midnight, our citizens were startled from their slumbers by the cry of "Fire!" The two story building owned by Mr. JOHN L. TATE on Railroad street, was found to be on fire, and before effective aid could be secured was entirely consumed, with all its contents. The lower floor was occupied as a body-maker's shop by PERRY J. TATE, and the upper floor by SAMUEL BLACK—both of whom lost all their tools, together with two or three bodies and some lumber belonging to Mr. Tate. The calmness of the night and the exertions of our citizens prevented the fire from extending to other buildings.—The loss is total—no insurance.—Star.

ANOTHER—ALMOST.—Before day-light on Saturday morning last, the alarm of "fire" again resounded through our streets. The north gable of WARREN'S Foundry had taken fire, caused, it is supposed, by a spark lodging in the weatherboarding the day previous, which was evening day; but it was suppressed before much damage was done.

Gov. POLLOCK has commissioned RUFUS K. SWOPE, of Fairfield, Aid-de-Camp with the rank of Lieutenant Colonel.

Hon. Lyman Trumbull, elected to the United States Senate from Illinois, says the Know Nothings had nothing to do with his election. That spoils some of their thunder.

The Louisiana True Democrat says that the Know-Nothing victory in Lock Haven is just no victory at all—the Democrats having elected the Judge of Elections, upon which office the test was made.

On the 5th ultimo the Know-Nothings were defeated at the municipal election in Burlington, Iowa, by 119 majority.

EDITORS IN LOCK.—At an election held last week in Hollidaysburg, our friends Traugh and Jones, of the Standard, were candidates for office, on the Fusion ticket—the first for School Director and the latter for Auditor—and both elected, beating their Know Nothing opponents. "Higher honors await them."

SHOWING THEIR HANDS.—The White State Convention of Connecticut, on Wednesday, nominated the ticket of last year, and passed resolutions endorsing the Know Nothing principles, a Protective Tariff, and a Prohibitory Liquor Law.

Nearly all the Democratic papers in the Union, and many of the influential Whig and neutral papers, adopt the reasoning of the President, and fully justify his conclusions in his veto of the French Spoliation Bill.

Tavern-keepers intending to apply for License, should bear in mind that the law requires their petitions to be published three weeks—and the last insertion ten days previous to the Court.

A Prohibitory Liquor Law has passed the New Jersey Legislature.

United States Senator—No Election.
The Convention which adjourned on the 13th ult., met on Tuesday last, and on motion of CHARLES FRAYLER, proceeded to a third ballot. Upon that the vote stood as follows:—Gen. CAMERON 55, Mr. BUCKALEW 23, and the balance scattering; upon the fourth ballot, Gen. CAMERON had 54 votes, Mr. BUCKALEW 23, and the balance scattering; upon the fifth ballot, Gen. CAMERON had 55 votes, Mr. BUCKALEW 23, and the balance scattering; whereupon, Wm. R. MORRIS moved the Convention adjourn until the first Tuesday in October next, which carried, the vote standing yeas 66, nays 65.

The ballots had on Tuesday resulted thus:

Mr. MELLINGER voted for Mr. STEVENS on each ballot, and Mr. McCLEAN for Mr. BUCKALEW on each ballot.

THE BRIBERY COMMITTEE.—The investigation of the charge of bribery against certain members of the Legislature and others, seems likely to result in—smoke!—as was expected by many, because a way is always found to plaster such things over. But that bribery has reigned supreme at Harrisburg this winter we believe to be a fact, and it becomes the committee having the matter in hand to leave no stone unturned in order to bring the guilty to the light—and to publish the testimony they may elicit, so that the public may also make up its verdict. The honor of the State demands that this crying evil be checked in the most summary manner.

THE UNITED STATES AGRICULTURAL SOCIETY commenced their third annual session on Wednesday, at the Smithsonian Institute, Washington. Twenty-six States were represented. Col. Wilder's address on taking the chair was warmly received; and in the evening George Washington Park Custis lectured on the agricultural character of his father, by adoption, George Washington. The session thus opened with favorable auspices. The agricultural talent assembled has been seldom equalled.

Senator BENTON'S house, with many books and valuable documents, in Washington City, D. C., were destroyed by fire on Tuesday afternoon last. Supposed uninsured.

Col. Benton lost, among other papers, his data and notes for the second volume of his "Thirty Years in the Senate."

FIRE AT HARRISBURG.—A fire broke out on Sunday afternoon in the large mill of the Harrisburg Cotton Factory, which for a while threatened the destruction of the entire building. The fire was discovered in the cleaning room, to which it was principally confined. About five thousand bales of cotton were destroyed. Loss supposed to be about ten thousand dollars. It will probably suspend the operations of the mill some two or three months, during which time the employees, about two hundred and fifty in all, will be thrown out of employment.

About one o'clock on Thursday morning, one of Fisher's elegant block of stores on Chesnut street, below Seventh, in Philadelphia, took fire, and injured it to the amount of \$20,000. The different occupants lost about \$10,000 in goods.

STEAMBOAT EXPLOSION—SEVEN LIVES LOST.—The steam towboat Thomas McDanel exploded her whole six boilers on Sunday below New Orleans, killing seven persons and injuring others. The boat was rendered a complete wreck, and two vessels in tow were somewhat damaged.

A large fire occurred at Vicksburg last week, involving a loss of \$30,000. No business houses were burnt.

PUBLIC SALES—High Prices.—Notwithstanding the large number of public sales in this section of country, so far, the most astonishing prices are obtained for every description of stock, farming implements and furniture. Horses sell from \$140 to \$175; corn from 1 30 to \$1 40 per bushel; bacon hams as high as 15 cents per lb; hay 16 to \$20 per ton, on the ground, and every other item in strict proportion.—Bunnsboro' (Md.) Odd Fellow.

NOVEL MARRIAGE CEREMONY.—A correspondent of the Staunton Spectator states that the Rev. M. Brown, of Bath county, Va., married a couple a few days since across a river—that is, the person was on one side, and the bridegroom and his dulcinea on the other. This mode was resorted to on account of the water being impassable. The license was thrown across the stream by the bridegroom, after having wrapped it tightly around a stone.

CAPITOL OF OHIO.—Ever since the commencement of the year 1838 the State of Ohio has been engaged in the business of erecting a capitol building at Columbus. It is not yet finished, nor does there seem to be much prospect of its being soon. The money appropriated for it since the commencement amounts in the aggregate to \$606,575. When finished it will be the most superb State House in the Union; and so it ought to be, in view of its cost.

Gen. Scott was confirmed as Lieut. General by the U. S. Senate, on Wednesday, the commission to date from the taking of Vera Cruz.

Lord Palmerston was born in 1784, and consequently is now 71 years old, but has the appearance and vigor of a man of 50. He first entered office in 1807.

Legislative.
On Monday last, Mr. McCLEAN presented three petitions from citizens of York and Adams counties, asking that Banking privileges be conferred upon the Hanover Saving Fund Society, under the name and title of the "Hanover Bank."

A remonstrance of citizens of Hampton School District, in the county of Adams, against the repeal of the 52d section of the School Law of 8th April, 1854, so far as regards said District.

On Wednesday, Mr. McCLEAN, by unanimous consent of the House, read in his place and presented to the chair, a bill relating to the election of Constables in the Borough of Gettysburg—which bill was considered by the House and passed.

The petitions for the said Act were presented on the following day by Mr. McC. The bill to allow Gettysburg two Constables has passed both Houses.

In the House, at Harrisburg, on Monday, petitions were presented, among others, to confer banking privileges upon the Hanover Saving Fund Society; for the repeal of that part of the School Law relating to County Superintendents; and for against the establishment of five or six new counties; one relating to the weight of oats; for the repeal of the law relating to Scales of Weights and Measures; and for a Prohibitory Liquor Law.

Gov. Pollock has signed the Sunday Liquor Law. It goes into effect on the 1st of April next.

Three hundred of the best citizens of Salem, Massachusetts, have called a meeting of all persons opposed to secret political organizations.

WHOLESALE ROBBERY.—The barn of Mr. PHILIP MORGAN, living about 3 1/2 miles west of Waynesboro', was entered on Monday night last by some unknown villains, who carried away 13 bushels of cloverseed, 3 bushels of wheat, and about 2 bushels of corn, all of which was in bags, ready for market. No clue to the party was had at last accounts.

Mr. S. D. Ingram, who was elected School Superintendent of Dauphin county, last fall, was taken to the Insane Asylum, a few days since. He was an estimable gentleman, and much sympathy is manifested for his misfortune.

NEW HAMPSHIRE POLITICS.—The Democrats held a mass meeting in Manchester, on the 27th, the attendance being quite large.—Speeches denouncing the Know-Nothings, and predicting the success of the Democratic party, in the coming election, were made. Ex-Governor Steele presided, and great enthusiasm was manifested.

WAR WITH THE SIOUX.—It is stated in the St. Louis Republican that General W. S. Harney, U. S. Army, has been selected to command the military expedition against the Sioux Indians during the ensuing season.

WEDDED IN WINTER.—The Elmira (N. Y.) Republican says, a marriage took place at Horseheads last week, the parties to which were respectively about eighty-five and seventy-eight years of age, making an aggregate age of one hundred and sixty-three years!

New counterfeits \$5 bills on the North Western Bank of Virginia are in circulation in Pittsburg.

The season for plating corn being at hand in Georgia, newspapers advise the putting in of large crops.

Gov. Pollock refuses to pardon Dr. Beale, a did Gov. Bigler.

Gov. Pollock has appointed his brother grain measurer for the city of Philadelphia.

CATHOLICS HOLDING OFFICE.—The Senate of Massachusetts (Whig and Know Nothing) have passed, in concurrence with the House, an order directing the committee on constitutional amendments to report an amendment prohibiting Catholics from holding office in that Commonwealth. The order was amended by inserting Roman before Catholic.

SEVERE SHOCK OF AN EARTHQUAKE.—On the night of the 13th ult., two distinct shocks of an earthquake, accompanied by a heavy rumbling noise, resembling distant thunder or heavy cannonading, were experienced at Kinderhook and Snyvesant Falls, N. Y. It is said they were sufficiently severe to shake the houses and produce considerable consternation among the crockery-ware. The next morning the ground was discovered to have opened, in several places, two or three inches in width.

HORSE RACING ON THE RIVER ST. LAWRENCE.—The Trotting Club of Ogdensburg, we learn, have completed all their arrangements for the approaching annual meeting on the River St. Lawrence, in front of our village. The promise for good, thick, strong ice, was never better, and the note of preparation among expected contestants for the purses raised by the Club comes up on every side. The prizes are all liberal ones for a village of the size of Ogdensburg, and the purse for the last day—the \$500 dollar one—a magnificent holiday gift. The races commenced on Monday last, Feb. 25, and will continue five days.—St. Lawrence (N.Y.) Repub.

SHOCKING ACCIDENT.—A man named Mattocks, from Philadelphia, while engaged in firing a salute in Richmond county, Va., on the 22d ultimo, was dreadfully injured. The Richmond Dispatch says: His left arm was broken near the shoulder, and again between the wrist and elbow; his right arm blown off just below the elbow; his right eye destroyed, and the sight of the left very much impaired, if not destroyed, and his whole face very much mangled. He was alive at last accounts.

EXTRAORDINARY ACCIDENT.—We find in the English papers an account of the bursting of a railroad engine, which had just arrived at Gloucester with a train. The explosion was terrific. One large piece was carried a distance of a quarter of a mile over streets and houses, while a massive iron ring, about a foot in diameter, was carried a distance of about 250 yards, and striking the corner of the new market iron, drove a hole completely through the wall and destroyed numerous articles of furniture in the room, some of the bricks being projected fifty yards up a narrow lane. The wheel work of the engine was splintered into a thousand bits.—The most miraculous part of the story is that no life has been sacrificed.

A Chase.
There was quite an excitement in our Borough on Saturday morning last occasioned; we are informed, in this way: Constable BURNS was about to arrest THOMPSON BOYD, for alleged noisy conduct the night previous, when a scuffle ensued between them, Boyd wresting the Constable's cane from him and felling him with it, by a severe blow. Boyd soon after disappeared, but Sheriff THOMAS, with others, got upon his track, and he was pursued up the Millerstown road some three miles, when he fell into the stalworth hands of JOHN BUTT, Jr., who detained him until the Sheriff and E. Z. LITTLE came up, when he was secured and brought to town. He is now in jail.

The steamer Daniel Webster arrived at New Orleans, on Wednesday, with California dates to the 9th ult. The Cortez brought down on the Pacific side Half a Million in Gold.

Gov. Pollock is roundly rated by many of his party friends for his appointment of the notorious Thomas J. Power as Adjutant General. The Lancaster Examiner is indignant at the appointment, and says "Power is one of the most notorious borers and 'snakers' that has infested Harrisburg during the past ten years, and has a celebrity in that line not at all to be envied by those who admire fair and square legislation." It is thankful, however, that his office is one of merely nominal importance. The Executive has but few offices in his gift, and thus far his appointments have given but little satisfaction to any of the factions composing the great "fusion," or confusion party. Before he gets through with it, he will no doubt find that "politics is a hard road to travel."

DEATH OF A REVOLUTIONARY SOLDIER.—Joseph Peck died at Monson, Mass., on the 8th ult. The deceased was engaged in the war of the Revolution, and was one of the gallant number who struck the first blow at Lexington, also at Bunker Hill. He was, during the greater part of the war, under the command of General Washington. He was born in Ashford, Ct., in the year 1755, Aug. 14, and was therefore in his hundredth year.

The Boston press is not at all pleased with the sentiments of Gen. Houston's slavery lecture.
