WITHDRAWAL FROM KNOW-NOTHING LODGES. -Eleven members of the Know-Nothing Lodge or Council, No. 10, at Winchester, Va., have published a card, renouncing any further connection with the order. They state that several other cards of withdrawal will soon be announced, one already being signed by twenty members. Forty-six members of the Council at Harper's Ferry, Va., have also withdrawn, and publicly announced the fact. They state that forty others have withdrawn.

As a set off to these, he has vetoed one at Pottstown, and one at Stroudsburgh. It will be safe to predict, that two in seven is the relation in which the vetoes are to come. Speaking out in Meeting.

We knew that the corruption and profligacy of the present Know Nothing Legislature, was becoming apparent to every man in the State; but still we did not think the editors of that pure new party were so willing to acknowledge it. Yet such is the fact, as is evined by the following, clipped from the Harrisburg Item, one of "Sam's" organs:

"The fact is, legislation has fallen into bad hands. A set of political scoundrels took advantage of the late revolution in political sentiment, and where they did not honestly succeed-fraud was resorted to, in order to accomplish the object. The legislation of this session, its glaring absurdities and villainy, to make use of the mildest terms, will be execrated by every honest man in the Commonwealth. a secret conclave, as if they had no masters, nor in any way responsible to public opinion. Disturbing public meetings seems to be one of the settled practices of the Know-Nothings, who take special pains to goard themselves from molestation, by shrouding all their doings in secrecy. The same discreditable trick that was attempted here a few weeks ago at Barto's, was successfully played in Philadephia on Wednesday night. A meeting of citizens opposed to all secret political organizations, was called at the Spring Garden Hall, but the Know Nothings assembled in sufficient force to outnumber them, voted down the resolutions that were offered, choked off all who attempted to speak against Know Nothingism, and passed a set of flaming resolutions against "Popery" and "foreign influence." What they have gained by thus brow-beating their fellow citizens in the exercise of an indisputable right, remains to be seen .- Reading Gazelte.

The Tribune recently published as from "as Mi-souri journal, the Lexington Democratic Advocate," an advertisement signed John Long, whosoffered his services and those of his huntcounty in catching their runaway negroes, and

"Ecxington, in Missouri, is near the frontier of Kansas, and so the crowning glory of the patriarchal system-negro dogs-is ready-tohand in that country where, according to Mr. Everett, slavery could not go. If there be a single reader of the Tribune with heart so dark treated, nor did she make any such complaint and skull so dense as to uphold that system, with its blazing pyres and hounds of blood, let. him examine the simple unadorned brutality of the above advertisement."

The number of the Tribune containing the above, found its way to Missouri, and has been completely exploded by the St. Louis Intelligencer and the St. Louis Republican. After commenting on the character of Greeley and the infamous course of the Pribune, the Intelligencer thus concludes:

"But the advertisement, pictures, and indignation only lack one element-truth. There is no 'Democratic Advocate' published in Lexington, Missouri, or elsewhere in Missouri, nor ever was. There is no Holmes county' in advertises to imaginary customers when he solicits their patronage. And finally, there are no 'negro dogs' in Missouri, 'near the frontier of Kansas, or elsewhere. What dogs we have in the State belong mostly to pegroes, and we are sure they would chase Chevalier Greeley much quicker than they would any sable fugitive to be found in the bush."

"I Die an American."

This exclamation, attributed to Poole the ougilist shortly before his death, was seized by the Know Nothings; emblazoned upon a banner at his funeral, and was near leading to a riot on St. Patrick's day. It was taken for ranted that Poole had come to his death by bloody furriners," and that his death was to be avenged as Texas was to be annexed,

"at the earliest practicable period." It now turns out that all the parties implicated in the murder of Poole-Baker, Hver, Linn, Van Pelt, Pandeen, McLauglin, Irwin and Morrissey, are native born citizens of the

United States. There is not a foreigner amongst them. What is to be done now? As they are all Americans, we presume they are entitled to a procession for the heroism they exhibited in murdering Poole without any foreign aid.

A Singular Inquisition was lately attempted by the Massachusetts legislature. arising out of the excessive know nothing zeal of that body. - A special committee was appointed to visit and examine all "theological seminaries, boarding schools, academies, nunneries and convents," in order to ascertain whether any species of injustice was practiced in such establishments, which ought to be remedied by law. This committee commenced its labors by visiting a school in Roxburg, kept by seven Catholic Sisters of Charity. The visit was entirely unexpected to the inmates, who became terribly frightened on the abrupt entrance of the crowd. No less than twentyfour persons went as the committee, and made a thorough investigation of the establishment, omitting no chamber, passage, closet, attic, or cellar, to ascertain whether instruments of torture, &c., could be found. The search was without effect, except to cause a great public excitement, and bring the whole proceedings into odium and contempt. Nearly all the Boston papers denounce the conduct of the committee, and their strictures induced several members of the legislature, a few days ago, to move the appointment of a committee to inquire into the facts. An animated debate ensued, during which several members declared that the press had grossly exaggerated the affair. The committee was finally ordered.

There are three papers in this State which are particularly down on the "dfurriners" of all kinds—the Albany State Register, Rochester American and Buffalo Commercial Advertiser, and yet strange to say, the leading men of some of these papers are of foreign extraction.
