

GETTYSBURG, PA.
MONDAY MORNING, SEPT. 3, 1855.

For Canal Commissioner,
ARNOLD PLUMER, of Venango Co.

Democratic Delegate Meetings and County Convention.
At a meeting of the Democratic Standing Committee of Adams county, on the 20th ult., the following resolutions were adopted:

Resolved, That the Democrats of Adams county be and are hereby requested to meet at their usual places of holding Township and Borough meetings, on Saturday, the 8th of September next, for the purpose of electing two Delegates from each Township and Borough, to meet in County Convention, in Gettysburg, on Monday, the 10th of September, and nominate a Democratic ticket to be supported at the fall election.

Resolved, That the Judges and other officers, who may be selected to conduct the elections for Delegates to the Democratic County Convention, shall be required to sign a written pledge, that they are not connected with the secret political organization commonly called Know Nothings, or any other society having for its object the proscription of American citizens on account of the place of their birth or their religious creed.

H. J. STAIBLE, Chairman.
MICHAEL REILLY, Sec'y.

Next Saturday
Is the day appointed for holding the Delegate Elections. Every Democrat should bear in mind that it is his duty to attend and vote for trustworthy men to represent his Township or Borough in the Convention. In these days of Know Nothing deception more than ordinary care should be taken in the selection of Delegates. None but capable and pure men should be chosen, and with such a Convention we may be certain that an excellent ticket will be nominated—such a ticket as will command the united and enthusiastic support of the people. Then we can go into the contest boldly and fearlessly, relying on the correctness of our principles to give us the victory.

Don't fail to read the address of the Democratic State Central Committee.

The Democrats of Allegheny county have nominated Hon. Wm. WILKINS for the State Senate—an excellent step—and Messrs. Bausman, Smith, Fulton, Patterson and Magee, for the House of Representatives. Rody Patterson is the nominee for Sheriff.

The Democrats of Crawford have nominated Jesse Smith and A. B. Richmond for the Legislature.

The Democrats of Cumberland have nominated their ticket, and the *Volunteer* says it is one of the best ever presented to the people of the county. Wm. Harper and James Anderson are the nominees for the Legislature.

The Cemetery.
The corner-stone of the Gateway building at EVER GREEN CEMETERY was laid on Saturday last, with appropriate ceremonies. An address, beautiful and appropriate, was delivered by Rev. R. HILL. Rev. Drs. SCHMIDTKE and BAUGHSA, and Rev. R. JOHNSON, also participated in the exercises. D. McCONAUGHY, Esq., made a brief statement of the pecuniary condition of the Company, advertising to the almost unanticipated success which has attended the enterprise thus far, and the flattering prospect in the future. The attendance was unexpectedly large.

A sale of burial lots took place in the afternoon, and a handsome number were disposed of. There is, however, still room for others.

LARGE APPLE.—Mr. FRANKLIN SWISHER, of Cumberland township, has placed upon our table, a "rousing" Apple, measuring no less than *one foot two inches* in circumference. Who can beat it?

LARGE TOMATO.—Mr. LEONARD BRICKER, of the same township, has favored us with a Tomato weighing *one and a half pounds*.—It was a fine one.

We are indebted to Hon. S. L. RUSSELL, for a copy of the Patent Office Report on Mechanics.

The Rev. W. D. REDEL, of Montgomery county, Pa., and formerly of our Seminary, has been elected Principal of the "Female College" at Wytheville, Va.—This institution is under the auspices of the Lutheran Church, and will be opened on the 1st of October next.

Our old friend G. C. STAIR, Esq., has been appointed Superintendent of Common Schools in York county, to fill the vacancy occasioned by the resignation of Judge Kirk. Mr. Stair is in every respect qualified to discharge the duties of the important office, his appointment to which gives us great pleasure to chronicle. That he will perform his duty satisfactorily, we do not for a moment doubt.

KENTUCKY ELECTION.—The official majority for Morehead, for Governor, is only 4,402, after all.

Anderson, democrat, has been elected delegate to Congress, from Washington Territory, by 84 majority.

Gen. Cass has written another letter, in which he takes decided ground against the Know Nothings.

The American Dispatch, a K. N. paper at Hartford, Conn., has been stopped for want of support.

It is very evident that the Know Nothing leaders are considerably frightened in this county. Many of their members are dissatisfied, having become disgusted with the corruption and dishonesty of their leaders. Rebellion is brewing, and there is reason to believe that the dictation of the demagogues will be indignantly repudiated.

Judge Gayle, of Alabama, formerly a Whig member of Congress, is out against the K. N's.

The Religious Test.

The Know Nothings of Louisiana, South Carolina, and Missouri, repudiate and will have nothing to do with the test which proscribes members of the Catholic church, believing and declaring, as they do, such test to be not only unconstitutional, but as inflicting a grievous wrong upon a large and respectable class of citizens, who are as prompt to pay their taxes and perform all other duties which the laws impose upon them, as any other class of community. John M. Botts, too, the leading light of Know Nothingism in Virginia, takes the same ground, and is endeavoring his utmost to raise the order above the mean work of denying to others what they demand for themselves—the right to worship God as their conscience and judgment dictate. Here, in Pennsylvania, however, the K. N's, or more particularly such of their journals as are edited by those most eager for office, (entertaining the very natural fear that the order will die out before they get a grab into the public crib), are unsparing in their denunciations of this same sect—would deny to its members all character for good citizenship—and array them, in their columns, as anti-republican, dangerous, and everything that is to be feared. By placing these two opposite courses of K. N. action side by side, a beautiful picture of consistency is presented—such a picture, indeed, as should turn every honest man in the order against the reckless demagogues who bind it down to the narrow and intolerant policy of denying to others, in a free land, the right of worshipping God as they may seem best.

The Democratic party never has, and never will, adopt nor proscribe any man on account of his religion. It is the party of the Constitution—and being such, it would do violence to the very principles upon which it was founded, and now rests, did it alter its course a single degree, and particularly upon points so sacred as those involving the rights of conscience. The framers of the Constitution saw the gross impropriety of allowing religious tests, and hence *unanimously* adopted a clause forbidding all acts of so illiberal and intolerant a character. The Democratic party now stands where they then stood, and will defend the glorious charter of our liberties to the last generation.

The Know Nothing leaders find themselves "headed off" by the pledges which Democrats demand from and give to each other, (in order to guard against and "pick up" such sneaking Know Nothings as may meanly attempt to impose upon the party) and, as a consequence, the said K. N's are ranting and floundering about most furiously, in the vain hope of pitching upon something that will make up for the injury which the "heading-off" system has inflicted upon them. They are even kindly (?) advising the Democrats to split up, and tear each other's clothes, just to let them—the K. N. leaders, not the rank and file—have their pockets filled out of the public purse. But the Democrats are not so easily caught, such attempts having frequently been made upon them before. The advice is too clever—not worth a "thank-ee."

The fact is, the Democrats never made a practice of giving heed to the admonitions of the opposition, and we hardly think they will do so now, when that opposition has descended—down, down, down—to Know Nothingism.

The President has removed Judge Elmore, of Kansas, for the same reason assigned for the removal of Governor Reeder—speculation in Indian lands contrary to law. But we hear no regrets amongst our free-soil friends at his removal—no tears are shed over his fate! Why this difference—why make "fish of one and flesh of the other?" If it was wrong to remove the one, it was equally wrong to remove the other for the same cause. Why, then, this ominous silence in reference to the Judge? Is it because he happens to be a Southerner, or is the fountain of their tears exhausted? We cannot, for the life of us, perceive any difference in the present position of the two men.

THE REACTION IN IOWA.—The Know-Nothings are suffering as decided reverses in the West as in the South. At the recently hotly contested election in Keokuk, Iowa, for State officers, the Democratic candidates had majorities ranging from 34 to 104—or an average of 58. In April last the Know-Nothing party carried the city by 201 majority. Jefferson county, which last fall gave 194 fusion majority, has just elected a full Democratic ticket by 40 majority. In Davenport, at the recent election, there was a Democratic majority of 150. The whole county (Scott) gives an average Democratic majority of about 100. In April last, fusion and Know-Nothingism had 350 majority in the county.

Why is it?—The Lebanon *Advertiser* very pertinently asks, Why is it, that we can publish the name of any individual as a Democrat or Whig without eliciting the least objection, but when we publish a man as a Know-Nothing, he at once takes exception, and complains that we are blackguarding him? A Democrat or a Whig is not ashamed to be known as such—a K. N. takes it unkindly if you hint it of him, and complains loudly that you intend to injure him.

We don't hear much about the religious test in the Constitution of New Hampshire now-a-days. Some of the persons that are now leading Know-Nothings, used to be much distressed at the injustice it inflicted upon the Catholics. Prentice, the inciter and apologist of the Louisville demons, thought, in 1852, that New Hampshire was a "miserable abode of most infamous bigotry," and that "liberal-minded Protestants should set their faces against her as long as she retains the infamous test in her Constitution."

Mr. Brown, the Chief of the Agricultural Department of the Patent Office, is about to make another visit to Europe for the collection of seeds.

At Columbus, Ohio, on Sunday morning last there was a slight frost.

Look Out!

The Know Nothings are again prowling around the country at night, seeking to deceive the unwary into their traps, to use them at the next election. The name of "Know Nothing" has lost its attraction; and we were told last week by several Democrats from the country that they had been invited by dark-lantern office-seekers to join the "free Americans." But they understood the design of the demagogues, and gave them to know that it was too late in the day to further deceive the people. The novelty has worn off—the curtain is drawn aside, and the whole corrupt mass exposed. But, still, let the people be on their guard against the plots of Know Nothingism. Its leaders are becoming desperate at the gloomy appearance of matters on their side of the house, and will hesitate at nothing to carry—"the spoils." Take out word for that.

Another Failure!

A month or more since, it was given out that a Know Nothing "Grand Mass Meeting" was to take place at Hanover, on a given day, but when the time arrived, no such meeting occurred—the affair having turned out a complete failure. Mortified at this, the leaders determined that the order should not lose by the operation, and sent out flaming handbills, calling another "Grand Mass Meeting" of the faithful, at the same place, on Saturday last. But, from the accounts which even some of the K. N's themselves give, the last was little better than the first attempt. It was another failure, though not quite so bad as the previous. One don't hear a boastful word about the attendance, the speeches, or any part of the proceedings. The effect has been to lower, instead of heighten, the confidence of the order in their strength.

A part of the small delegation which went there from this place, must yet, to some extent, be opposed to an "open movement." They wouldn't enter the coach until it got out of town! Know Nothingism still "loves darkness rather than the light."

TENNESSEE.—The Louisville *Journal* publishes a dispatch from Nashville, dated August 8, which says—

"The dog's dead at last, but died hard. All the Counties in but two. Johnson is elected by one thousand to fifteen hundred majority."

The dog alluded to is "Sam." The congressional delegation will probably stand five democrats to five know nothings—a democratic gain of one.

ANOTHER SLAP AT "SAM."—The distinguished politicians and statesmen of the country are busy just now defining their position upon the question of Know-Nothingism. Among the latest efforts, is a letter from Senator Benjamin, of Louisiana, in which he is very severe upon the new party, and argues that its principles are those of the dark ages.

In Georgetown, D. C., on Thursday, at a municipal election, the Democratic ticket had 240 votes, K. N. ticket 241. At the recent election for Mayor, the K. N. candidate had 158 majority. It is such signs as these that drive office-hunting Know-Nothings into fusion meetings.

The Fever is still on the increase at Norfolk, and so violent has it become, that it is suggested to remove the whole population to Old Point or some other healthy location, that there may be no more material for the disease to work upon. The inroad which the disease has made is truly heart-rending.

EARLY SNOW.—Snow fell in great flakes on Saturday week at St. Johnsbury and Danville, Vermont.

Re-Nomination of Mr. Hamilton.
The Democratic Congressional Convention, composed of delegates from the counties of Frederick, Washington and Allegheny, Md., assembled in Hagerstown, on Saturday week, for the purpose of nominating a candidate for Congress. More than six hundred persons were present, and all the districts of the counties were fully represented. At the opening session permanent officers of the convention were reported and anti-know-nothing resolutions were adopted, after which Col. Butler, of Washington county, placed in nomination the Hon. Wm. T. Hamilton, of Washington county. Mr. Webber, of Allegheny, responded and promised the cordial support of Allegheny, and B. T. Johnson, Esq., of Frederick, took the stand and amidst the greatest enthusiasm moved that he be nominated with three cheers, which was heartily responded to by the assemblage. Without caucusing, in one quarter of an hour from the commencement of the meeting, Mr. Hamilton was nominated *viva voce*, without a single dissenting voice.

A committee being appointed to wait on Mr. H. and inform him of his nomination, in a few moments that gentleman entered the hall, where he was received with cheers, and in an eloquent speech declared his acceptance of the nomination.

Francis Carr, who has taught school in Indiana for several years, was driven from Mooresville, a few evenings ago, by a gang of seven or eight know-nothings, who shouted "kill him," "knock his brains out," &c. The New Albany *Ledger* says he is a peaceable, quiet man, and had committed no offence under heaven except being born in Ireland, and having a good education.

A CATHOLIC CHURCH BLOWN UP IN OHIO.—A letter dated Sidney, Ohio, August 22, says: Our village has been in much confusion since yesterday morning, caused by the blowing up of the Catholic church on Saturday night. It was one of the boldest and most daring acts I have known, being done about 10 o'clock on Saturday night—the church standing only the width of a street from a dwelling house. No clue has yet been had to the heinous crime in this outrage. A reward has been offered by the Council, and a meeting of the citizens will be held to-day.

KILLED BY LIGHTNING.—A daughter of John Amon, of French Creek township, Mercer county, Pa., while riding on a load of hay, from the field to the barn, was killed by lightning on the 17th ult. The yoke of cattle attached to the wagon were also killed, and the driver, together with two little boys who walked behind the wagon, were considerably shocked.

VILLAGE BURNED.—A conflagration at Brecksville, California, recently, destroyed the whole of that flourishing town. The inhabitants were, at last accounts, living in tents, preparatory to re-erecting their habitations.

HORRIBLE.—We understand that about four o'clock yesterday evening a woman and ten children were found in the ruins of Quinn's house, on Main street, burned into cinders. On whose heads lies the death of these little "innocents."—*Louisville Times.*

The Post somewhere speaks of "winter haggard" in the case of Halloway's Pills, begged have, as a favor to her, to try them; fortunately for him he did not refuse, and they soon produced a change for the better, in four weeks he was able to return to business, having thoroughly got rid of the disorder, and in the most excellent health and spirits. These Pills work in liver and bilious complaints.
