INFORTANT. - The Washington Union says the regulations and instructions to postmusters for carrying into effect the 3d section of the act of March 3d, 1855, providing for the registration of valuable letters, are, by direction of the Postmaster-General, modified as follows,

regulations requires that packages of registered letters shall be sealed is hereby revoked.

Each registered letter, or package of registered tetters, will be enclosed in a wrapper in the usual manner, and if there be a package of amegistered letters to be sent by the same mail, the package of registered let. ters will be placed in such package, without being ned, and the whole will then be carefully tied up into one package, addressed to the office of its destination, and placed in its ! appropriate bag at the moment when that bag is to be finally-locked and sent from the office. If no unregistered letters are to be sent by that mail, the package of registered letters is to be tied and forwarded in the same manner without being soaled.

. 4th. The registered letter bill will be enclosed in a separate envelope, addressed to the postmaster, as now required, and will be forwarded by the usual route as an unregistered letter.

5th. The numbers given to registered letters at the office of mailing are not to be changed in the accounts or letter bills of distributing offices through which they may pass.

6th. Postmasters are required to see that the post-mark of each registered letter (whether written or stamped) is clear and distinct, so that the place and date of mailing can be readily determined.

A PROFITABLE CROP.-Broom Corn.-Mr. Sidney H. Owens, who purchassd Winchester's Island, containing 80 acres, for \$6,000, a few months ago, has realized half that sum for his crop of broom corn this season. Mr. H. had 60 acres under cultivation, from which he realized 40,000 lbs. of broom straws, and sold it at prices varying from 7 50 to \$10 per hundred-averaging full \$8, which makes the gross sum of \$3,200. In addition to this he has gathered about 3,000 bushels of seed. worth 25 cents per bushel, or \$750 for the lot, which makes almost \$4,000 for the produce of only sixty acres! The expense of cultivating was about \$1,000, which leaves \$3,000 net. Owing to the protracted rains, Mr. H. was unrather too ripe, by which it was injured according to the merchantable and marketable grade, to the extent of at least \$1,000. Winchester's Island lies in the Rappahannock river, about half a mile above town.-Frederichsburg (Va.) Herald.
