RAILROAD REPORT.

To the Stockholders of the Geltyshurg "Railroad Company."

"GENTLEMEN :--- Your Board of Directors, according to the requirements of the brief statement of the condition of the sincere thanks. And as it is an enterprise greatly relarded. of so general interest, and one which involves in its success the future welfare of munity who would not lend a helping efforts. hand.

After excessive and indefatigable labor we have succeeded in raising the requisite amount of stock to justify us in contracting for the building of the Road. We have fixed upon three points for the route of the road-the starting point, at the unfinished work of the Gettysburg extension by mutual consent. of the Pennsylvania Railroad, at the grade of said road at Carlisle street, in the Borough of Gettysburg-thence East, by the most practicable route, through the town of New Oxford, so as to cut the town lots, and thence to Hanoyer, to intersect the Hanover Branch Railroad. The length of the Road is limited, so as not to exceed the length of the line surveyed by Mr. Haupt's corps of engineers, which was seventeen and one-seventh miles. This route, although longer than the direct route to Hanover, will only cost the excess in the distance of the two routes-the grading on the direct route being more expensive per mile on an average, than via Oxford. The advantages of adopting the atter route are that it will accommodate a larger portion of our County, secure about \$20,000 more of stock subscription, and, above all other considerations. is 10 miles on a direct line to York, with which latter place a railway connection is very desirable. We have, in the selection of this route, thus kept in view the future means to build the road.

A proposition was made; during the fall, by Messre. Inwin & TAYLOR, to perform the work of gradation of the warranted to be what they are sold for. road, by the route adopted, for the sum of \$105,000, of which sum \$20,000 would be taken in stock of the Company. After mature deliberation, and after giving to the public the benefit of the proposal, so as to awaken a competition among bidderi, the Board ultimately closed a contract with Mesars. Irwin & Taylor on the tormproposed. The work of gradation is to be completed, under the supervision, if desined, of the Company's own Eugineer, within the period of 18 months. The Board the estimates of work performed, which number of inches round the hips, and stating purchased any place out of the city. phyments are not to exceed \$5,000 per side affected. Cost of Single Truss, \$2, \$3, ALEX First month, and relaining 15 per ceut of the structions as to wear, and how to effect a cure, cash and 15 per cent of the stock pay- when possible, sent with the Truss. ments, as a security for the completion of the work. But should the Board be enabled to call in their payments more rapid-by than specified in the conditions of subscriptions, the work is to go on proportionally faster. And in order to effect the more speedy completion of the Road, the Board recommend that inducements shall be offered to stockholders to pay in their stock in a much shorter time than legally required, by allowing a discount on stock thus paid. Subsequently, a proposal was made by the same party to furnish the iron and lay the track of the Road, at a price to be regulated by the cost of iron at the time it is purchased, which proposal has been accepted by the Board and the contract thus virtually completed-the signing of it having been deferred on account of the absence of one of the parties to the contract. As soon as it is sealed its specific terms, it is intended, will be made known by the next Board of Directors. The amount of stock subscribed is \$130,200, nearly all of which is available. But the Company must sell more stock in] order to complete the superstructure, or, on a failure to sell a sufficient amount of stock, secure a loan of money. They have a promise of \$5000 more of stock subscription, dependent on a very probable contingency, and it is confidently hoped that the sale of stock in the County will still continue. The land holders along the proposed line of the Road have been generally liberal in releasing the right of way, and with a few persons who are still extravagant in their domands there is still a prospect of effect. ing a satisfactory compromise. Part of the Road will pass through a sec. tion of country abounding in rich quarries of limestane, the transportation of which to the country along the western end of the Road, will make it a 'source of profit to the Company, while the superior quality of Granite Rock-in the vicinity of Get. tysburg, will furnish another lucrative trade for the Rua l. Your President and Directors have allowed themselves no recompense whatever for the time and money expended in securing stock, and the responsibility, and ly the Company have been at no expense during the last year. All that the retiring Board ask as a recompense at your hands. is your hearty approval of their acts in trial. their attempt at a familiful and conscientions discharge of day in their official relations toward you. The trust is no pleasant one. Bickerings and strife have been engendered by conflicting interests in reference to the western terminus of the Road, Paying due deference to the public will, and with an ave single to the present and hume interests of the Company, unbrased by any sectional prejudices or feelings, we have fixed the watern terminus for the graft. Lios of the Road at the commencem-sit of the unit ished work of the Genvenuer H WOOL HOSE, and Silk lined HOSE,

(in interest,) and promote the true interests of the Company.

The prospects for the entire completion of the Road within 18 months are very flattering. A great and responsible. task devolves upon the Board about to be Law, beg leave to submit the following elected, and if the plans which have been commenced are taithfully and impartially Company and its management during the executed during the ensuing year, success past year . To those who co-operated with may safely be predicted. Removed a Few Doors South of the Old Stand. • old customers and the public generally, that he continues the TAILORING BUSI-NESS, near his old stand, in South Baltimore street, where he will be happy to accommodate most substantial make. Thankful for past favors, he solicts a continuance of public patronage.

Fashions are received. Call and, see them. Gettysburg, April 9, 1855.

Blanket and Long Shawls.

THE largest and cheapest in town. Also, Ladies' Dress Goods-the prettiest lot in town-to be had at the store of GEO. ARNOLD. Nov. 19, '55. AHEESE, Sugars, Rice, and every-description of GROCERIES, to be had at

FAHNESTOCKS'.

CLOVES & HOSIERY -a large variety brought to this town can be seen at

The proprietor distinctly claims these extraordinary results for its use :

It will protect any resident or traveller. even in the most sickly or swampy localities, from any Ague or Bilious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons. who have suffered for any length of time, from one day to twenty years, so that they need never to have another chill, by continuing its use according to directions.

It will immediately relieve all the distress. ing results of bilious or ague diseases, such as general debility, night sweats, etc .-- The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected. And as a proof that it is also

WORTHY OF PUBLIC CONFIDENCE. Because of its

Singular and Entire Harmlessness, The following certificate from one of the most celebrated chemists in the United States.

New York, June 11, 1855. "I have made a chemical examination of 'Rhodes' Fever and AGUE CURE," or "AN-TIDOTE TO MALARIA," and have tested it for Arsenic, Mercury, Quinine, and Strychnine, but have not found a particle of either in it, nor have I found any substance in its composition that would prove injurious to the constitution.

JAS. R. CHILTON, M. D., Chemist." This allows of its

FREE USE AS A PREVENTIVE, by which all persons may thus be sure of entire freedom from the above named diseases, no

matter how sickly the season or swampy the locality. PROOFS OF EFFICACY are frequently published, and the confidence of the public is asked only in proportion to its actual merits wherever introduced and used. These only

are relied upon to prove its worth. One or two bottles will answer for ordinary cases; some may require more. Directions in German, French and Spanish, accompany each hottle. Price one dollar.

Prepared and sold by the proprietor JAMES A. RHODES, Providence, R. I For sale by druggists generally. Nov. 12, 1855. ly

Diamond Tonsor.

TOHN W. TIPTON, Fashionable Barber and Hair Dresser, can at all times be found prepared to attend to the calls of the H. SKELLY respectfully informs his poople, at the Temple, in the Diamond, adjoining the County Building. From long experience, he flatters himself that he can go through all the ramifications of the Tonsorial Department with such an infinite degree of skill, as will meet with the entire satisfaction of all who may submit their chins to the keen ordeal of his razors. He hopes, therefore, that by his attention to business, and a desire to please, he will merit as well as receive, a liberal share of public patronage. The sick will be attended to at their private dwellings.

Gettysburg, Jan. 8, 1855. If

Shoemakers, come this way. RAHNESTOCK BROTHERS will sell you MOROUCOS from 25 cents to \$1 00, the cheapest lot ever brought to the-County. Call soon at the SIGN OF THE RED FRONT.
