

Philadelphia for Mr. Buchanan.

PHILADELPHIA, Feb. 6.—Resolutions were reported in the Democratic City Convention to-day recommending the delegates to the State Convention to use all honorable means to secure the nomination of Mr. Buchanan for the Presidency, which were adopted almost unanimously, those voting in the negative wishing the resolutions stronger in their expressions of preference for Mr. Buchanan. The candidates for delegates to the State Convention took an oath this morning that they were not and did not intend to become members of any organization proscribing citizens in consequence of their birth place or religion.

Accident to Gen. Cass. WASHINGTON, Feb. 8th. P. M.—Gen. Cass' frame was much jarred by a fall on the Patent Office steps this morning, severely cutting his face, and rendering him insensible for some time. He is now sleeping.—The only danger apprehended is of inflammation coupled with his advanced age—were he a young man the injuries would be of no moment. This evening his symptoms are more favorable and his condition more comfortable. The general impression is favorable to his recovery.

Dreadful Railroad Collision. HILLSDALE, Mich., Feb. 7.—A collision occurred on the Michigan Southern Railroad, near this place, last night, between the Eastern and Western Express trains. The brakeman, baggage master, firemen and another man were killed. The engineer, brakeman and train boy had each a leg broken. The baggage car of the Eastern train was burned, with all the baggage and mails in it.

The friends of Messrs. Fillmore and Law, in New York, seem to be getting a little excited. The New York Times says the friends of the former gentleman look upon the forthcoming Philadelphia Know Nothing convention of the 22d as a device of George Law's supporters to force his nomination upon the American party, and they are not inclined to give it the benefit of their adhesion in advance of its action. It then adds:

It is pretty well settled that Mr. Law will have a majority of the delegates at Philadelphia, and that he will be put in nomination by that convention. If Mr. Fillmore's friends shall not succeed in postponing action, we presume they will withdraw from the convention. At all events, they will not, unless we are misinformed, give their support to Mr. Law if he is nominated now.

RENOUNCING BLACK REPUBLICANISM.—Mr. Geo. A. Coffey, well known throughout the interior of Pennsylvania as an eloquent lawyer, but who now resides in Philadelphia, has come out in a long letter renouncing Black Republicanism, and denouncing the American movement. He has come to the conclusion that every new State has a right to choose her own institutions, whether "peculiar" or not. Ever since the organization of the republican party, Mr. Coffey has been an active and eloquent advocate of its principles.

The friends of Mr. Buchanan, in New York, are making arrangements to give him a hearty reception, on his arrival home.

Mr. Dallas will take his whole family with him to London. His son will fill the position of his private secretary.

SENATORS UNSEATED.—The three Know Nothing members of the Louisiana Senate from New Orleans have been unseated, and their three Democratic competitors declared to be elected, notwithstanding the destruction of the ballot boxes on the night of the election.

CENSURING A GOVERNOR.—The New York House of Assembly the other day passed a vote of censure upon Governor Clark, for certain language in his message, to the effect that magistrates and judges had in some cases conspired to defeat the Maine liquor law.

AN ADMISSION.—The Boston Courier, a Whig paper, in speaking of the Sub-Treasury, which it formerly opposed, says:—"We are of the opinion that it has been the means of preserving the United States an average of nearly twenty millions of hard money, which, but for the establishment of this independent treasury system at the time it was formed, would not now have been present in the country."

A "BULL."—The Legislature of Massachusetts last year, in their efforts to franchise foreigners, rather overshot the mark. They recommended an amendment to the constitution "that no person shall be entitled to vote in this commonwealth unless he shall have been a resident within the jurisdiction of the United States twenty-one years, and legally naturalized." Should this amendment be adopted the effect would be that none but naturalized citizens would be allowed to vote!

SHAD FLIES.—These harbingers of spring—so regarded by certain entomologists—have made their appearance in our city. As they are likewise understood to be the acant couriers of a most palatable species of fish, it may be taken for granted that ere many days elapse the eyes of epicures will be delighted with a view of the announcement in the newspapers—"shad! first of the season!"—Richmond Whig.

In the marine court at New York last week a man was mulcted \$75 for malpractice in horse-shoeing.

Fashion is the race of the rich to get away from the poor, who follow as fast as they can.

For a costly specimen of the style in which "Americans rule America," count up the cost of the Speaker of the present lower House of Congress.

A paper out west sports the following expressive motto at the head of its editorial columns:—"If right, we pitch in—if wrong, we don't." That is certainly a very definite platform of principles.

A REASON.—A lady, walking a few days since on one of the wharves in New York, asked a sailor whom she met, why a ship was called "she." The son of Neptune replied: "that it was because the rigging costs more than the hull."

Lamentable Occurrence.

On Saturday last, between 10 and 11 o'clock, a tragic and unfortunate occurrence took place at the Keystone House in this city, which has produced no little excitement.

By evidence before the Mayor it appears that Geo. W. McElroy, Esq., a member of the bar of this city, with his wife and step-son, a lad of about 14 years old, named Edson Shear, board at the Keystone House. About 10 o'clock McElroy came home intoxicated, and commenced abusing his wife, throwing a boot at her head, &c. The lad, her son, interfered to prevent him, when he seized and choked him severely. On releasing the lad, McElroy again commenced abusing his wife and raised a chair to strike her. The boy again interfered to save his mother, and McElroy turned on him, when he seized a pistol that was in the room, belonging to McElroy, and shot him, the ball entering the right side of his face, passing through the upper bones into the cavity of the nose, and could not be traced farther. As soon as the deed was done, the lad ran for Dr. J. L. Atlee, Sen., under the greatest excitement, who immediately repaired to the spot and dressed the wound, which he does not consider dangerous of itself, unless the ball has lodged in the cavity of the nose, in which event there would be danger of inflammation that might prove fatal. But there was a strong presumption that the ball passed through and had been swallowed, in which event there was little danger of fatality.

The boy Edson Shear, was arrested and taken to prison on Sunday morning, and was brought before Mayor Albright yesterday morning for a re-hearing, and re-committed, the Commonwealth's attorney, Patterson, objecting to the taking of bail. During the latter examination before the Mayor the lad fainted. He seems to suffer greatly in mind, and we think that humanity demands that he should be bailed, and saved from the horrors of a prison, until public justice shall demand it after a full trial. The young man who has been arrested for the commission of this deed, is remarkable for his civil, quiet and unobtrusive demeanor.

A DIFFICULTY IN DICKINSON COLLEGE.—Quite a difficulty existed for several days in the latter part of last and the beginning of the present week, between the faculty and students of Dickinson College, which for a time assumed a threatening aspect. It appears some three or four students were charged with offences, such as putting tar on the blackboards, &c., and dismissed from the college. To this proceeding some seventy or more students took exception and refused to attend to their college duties unless those who had been dismissed were reinstated. The faculty refusing to acquiesce in these demands, the students in a spirit of insubordination, held meetings, made speeches and marched through the streets in a body. This state of affairs continued from Saturday until Tuesday, when the matter was fully adjusted, and the students have resumed their duties.—Carlisle Democrat.

SUDDEN DEATH.—The Waynesboro Record records the sudden death of Mr. PETER SHERMAN, which occurred in that place, on Monday week. He had just arrived from Tomstown and entered the Hotel of Mr. H. M. Sibber, when he was taken with sickness and stepped out upon the pavement, where he fell and almost instantly expired. His death is supposed to have been caused by the rupture of a blood vessel. The deceased was an old fiddler, and widely known among those who practice upon the "light fantastic toe."

Mr. A. G. Miller, of Dickinson township, Cumberland county, who has been suffering very severely for several years from scrofula in one of his legs, had it amputated, on Thursday week, within four inches of his body, by Dr. Rankin and other physicians. He was under the influence of chloroform during the operation. He is doing well.

EXTRAORDINARY MURDER TRIAL.—On Thursday week, at Auburn, N. Y., John Fitzgerald was arraigned before the Oyer and Terminer, for the murder in September last, in the town of Sterling, of his father, mother and brother! He butchered them deliberately with an axe, and intended to kill another of the family.

SNOW TWENTY FEET DEEP.—The Buffalo Commercial of the 31st ult., speaking of the snow obstructions on the railroads in that region, says:

On the division of the Central road, between here and Niagara Falls, there is a pretty thorough blockade, and we understand that between here and Tonawanda the drifts are very heavy, and have caused more or less detention to trains. The Buffalo and New York City road has suffered more inconvenience than all the others. About eight miles from this city and at Warsaw the snow is stacked up in places to the depth of twenty feet, so that a person can step from the surface of it directly upon the top of the cars. Four trains are fast in the snow between here and Hornellsville, two of which are passenger trains and two freight—one of them is in a drift eight miles from here, with about one hundred passengers.

WHAT A HAT!—The Eastern Argus tells about one of its subscribers calling at the office wearing a hat which he had worn for the last forty years. Of course he did not wear it every day, but kept it for Sunday use, and wore it occasionally on holidays. It was still a good hat, and looked as though it would last 40 years more. The owner said that the changes of style made it a fashionable hat every five or six years.

The January just passed is set down as the coldest month known for many years—16½ degrees above zero having been the average at Philadelphia.

The time fixed for the execution of Jacob Armbruster, now under sentence of death at Doylestown, Pa., for the murder of his wife, is Friday, 15th of February.

Since the organization of the Government of the United States, the Speaker of the House of Representatives has been selected from the Massachusetts delegates on five occasions.

It was stated in the Know Nothing papers that Keys, the preacher-editor of the Tytoe Era, had withdrawn from the United Brethren. The Tytoe Democrat says that he was "thrown overboard" by Bishop Glossbrenner thinking his case too scandalous to investigate.

Of the Governors of the States 18 are Democrats, 6 Know Nothings and 5 Republicans.

TRIED MEN.—In reply to another paper, which recommends that the candidates for office should be men of "tried integrity," the Albany Knickerbocker says:—"This is being done in this country. One of the candidates for the assembly has been 'tried' four times—three times for swindling and once for bigamy. There is every prospect that we shall have some 'tried' men in our common council ere long."

A man writing to a friend from the West remarked—"Pork is so plenty here that every third man you meet is a hog."—a remark which, unfortunately, may be applied to society in many other places.

HOLLOWAY'S PILLS.—Astonishing Cure of a Bilious Complaint.—Mr. Patrick M'Keenan, of Columbus, Ohio, suffered for periods of three years from violent pain in the head, a foul stomach, bad digestion, disordered liver, and general nervous debility. He tried various remedies for the mitigation of this complaint, but he only became worse instead of better, although he also consulted several doctors. Finding that the medical faculty could not cure him, he had recourse to Holloway's Pills, but he only became worse. He then tried a few weeks of the medicine, and he felt better, and ere long he had not the slightest return of his complaint.

Mrs. PATRICKSON OF SHAKESPEARE.—"There came a certain lord, neat and trimly dressed, of the like. His mother immediately interrupted her interesting conversation."—said also, "I know why Mr. Shakespeare defers to in that telegraph, it is to old Zerkia Lord's son James, who was awed and struck up after he got that nice slip-and-pant-bran-new suit at Rockhill & Wilson's, 1111 Chestnut street, corner of Franklin Place." He replied that he had "the best of the scrub," and he was "the for a 'new rig,'" himself, whenever it met the views of the gods.

India: Or, The Pearl of Pearl River.

By the distinguished American Author, Mrs. E. D. E. N. Southworth, author of "The Lost Heiress," "The Deserted Wife," "The Missing Bride," "The Wife's Victory," &c. Complete in one large duodecimo volume, neatly bound in cloth, for One Dollar and Twenty-five Cents; or in two volumes, paper cover, for One Dollar.

The Publisher takes great pleasure in being able to announce another new work by this celebrated and popular American Authoress. A celebrated critic, who has read the work in manuscript, says:—"India; or, the Pearl of Pearl River," taking it all in all, is the best work Mrs. Southworth has yet written. It is one great merit in this lady's fictions, that they faithfully delineate life and manners, without entering on vexed social, religious or political issues. In 'India,' the reader will find a vivid delineation of the South West.—But this is not all: The characters are so fully drawn, the incidents natural, and the action of the story rapid and absorbing. The two heroines are finely contrasted. The hero is a noble creation; strong in will, earnest in purpose, firm for the right, and persevering to the end in whatever he believes to be justice and truth. We cannot recall, in any late work, a character so ideally lofty, yet so faithful to reality. The heroic spirit in which he goes west, abandoning the luxuries he has been accustomed to, and settling down in his rude log hut, determined to conquer fortune with his own good right hand, is, indeed, the true type of a self-relying American. No fiction of Mr. Southworth's bears such proofs of careful finish. It ought, on these several accounts, to have a popularity unrivalled by any of her former works, spite of the immense circulation they have attained."

Copies of either edition of the work will be sent to any part of the United States, free of postage, on remitting the price of the edition they may wish, to the publisher, in a letter. Published and for sale at the Cheap Book and Publishing Establishment of T. B. PETERSON, No. 102 Chestnut street, Philadelphia. February 11, 1856.

The county is now out of debt, with outstanding taxes due the county of \$4,508.00—and cash in Treasury \$690.38.

IN TESTIMONY that the foregoing Statement of Receipts and Expenditures exhibited at the Office of the Treasurer of said County, is a correct and true copy, as taken from and compared with the original remaining in the books in this Office, we have hereunto set our hands, and affixed the seal of said Office at Gettysburg, the seventh day of January, one thousand eight hundred and fifty-six.
