GETTYSBURG, PA. MONDAY MORNING, APRIL 21, 1856.

For President, JAMES BUCHANAN, (OF PENNSYLVANIA:)"

(Subject to the desimon of the National Convention.) Canal Commissioner, GEORGE SCOTT, (OF COLUMBIA COUNTY.) Auditor General, JACOB FRY, JR., (OF MONTGONERY COUNTY.) Surveyor General, ... TIMOTHY IVES. (OF POTTER COUNTY.)

The Legislature will adjourn to-mor-

The Frederick Citizen appeared last week in an enlarged and improved form-the enlargement being necessary to accommodate its increasing advertising patronage. It gives us pleasure to chronicle the fact that the efforts of Mesers, BAUGHMAN & Nousts, in the publication of a first rate Democratic newspaper, are so substantially appreciated.

In the United States Senate, on Wednesday, the bill proposing to remove from circulation the smaller Mexican and Spanish coin, establishing their value in receipt of government dues, and providing for the coinage of a new description of cents, was passed.

A call, signed by a large number of a meeting to nominate Mr. Buchanan for the Presidency.

At a meeting of the Democrats of Frank-Jin county, held in Chambersburg, on Monday Jast-John Nill, Esq., presiding-J. M. Cooper, Jacob Kegerreis and George W. Toms were appointed Congressional Conferees, with instructions to support the nomination of Wilson REILLY, Esq.; and John Rowe, Chas. Gibbs and John Oyler, Senatorial Conferees, instructed to support the nomination of Grores guns, that this was the opening broadside for W. BREWER, Esq. Resolutions were adopted endorsing the principles of the Nebraska bill, -properly denouncing Know Nothingism,and in favor Mr. Buchanan for the Presidency.

At an election for Directors of the Northern Central Railroad Company, held at Calvert Station, in the city of Baltimore, on Saturday week, the tollowing named gentlemen were selected to serve for the ensuing year:-

William H. Keighler, Simon Cameron, John Herr, Francis White, Eli Lewis, William D. Miller, William H. Brune, Zenus Barnum, Robert M. Magraw, Loyd N. Rogers, William E. Mayhew, William F. Packer.

HUSBAND AND WIFE .- The Legislature of Georgia has passed an act to define the liabilities of the husband for the debts of the wife, and to define the liabilities of property received through the wife for the debts of the husband existing at the time of marriage. It provides that "hereafter, when persons intermarry, the husband shall not be liable for the debts of the wife further than the property received through the wife will satisfy, and that the property received by the husband through the wife shall in no case be liable for the debts, defaults, or contracts of the husband existing at the time of marriage." Several other States have looked into and secured women's rights in this important particular.

Loss of Speculators .- The Louisville Courier states that speculators in corn on the Wabash have sustained great losses the present season; 40 and 43 cents have been paid for corn, and it is now selling for 25 cents. The crop is unusually large, and unless there line Whig in the 3d. The Register charges should be an extra demand, of which there is that the opposition was composed of a fusion no prospect, it must go down still more.

Democratic Gains and Democratic Triumphs.

The elections thus far of 1856 have terminoted most agapiciously for the Democratic party. Every State, county, or municipal election which has been held has shown either a large Democratic gain, or a full, complete, and overwhelming Democratic triumph. According to a despatch from New Haven, the vote for Governor in Connecticut is as

marks the Washington Union,) that our gains order. Comment need not be added. and triumphs have been confined. The result of the recent county elections in Tennesse, it will be recollected, far exceeded the most sanguine expectations of our friends. The recent elections in Kentucky indicate a great reaction in that State in favor of the Democratic party The local elections in Indiana, Illinois, Michigan. Wisconsin, and Missouri have proved to be equally encouraging. In Ohio, where a heavy fusion majority still remains to be overcome, the Democracy do not appear to be at all discouraged; and, as an evidence of the spirit which now actuates the Democratic ournalists of that State, we make room for the following article from the Cleveland Plain Dealer, announcing the result of the municipal evidence of this fact; and it is perfectly clear

"Now, in the name of the 'American eagle' and 'Ned Buntline,' where are those 'Americans' that were to 'rule America' in the city of Cleveland one year ago! In the name of George Hampden and Horace Greeley, where are those 'shricks for liberty' that have been ringing in our ears, calling on the worshippers of ebony to rouse! and put down the horder names, has been published at Cincinnati, for ruffians' inhabiting these liberty-loving precincts! Where is Jim Medill and his Leavenworth baby ? Nebraska Bill has devoured them all. The returns of yesterday's election.

show this. "The Nebraska Democracy of this city put n nomination a straight-out Nebraska ticket, avowed and known as such. The opposition rallied under the same anti-Nebraska banner as last year, and attempted to gull the people and achieve a victory under the guise of a people's ticket.' All the opposition papers were down on the Democratic nominees. We called upon the Democracy to stand by their the presidential campaign. They did so, and the result is that we have elected the entire Democratic city ticket by an average majority of four hundred votes!

This is, indeed, glory enough for one day. Fusionism and Know Nothingiam have run their race in Cleveland. Councilmen and constables must seek some other hobby for the future. The Black Republican ruffians who

The result of the recent local elections in the Empire State encourages the hope that in the pending contest New York will not be lost to the Democracy through a want of union and harmony among our own political friends .--Speaking of the victory achieved by the Democracy of Albany on Wednesday last, the Argus of that city says:

"We confess that we are proud of the result. It is a demonstration of the apirit, the unity, and the invincible strength of the Democracy of Albany, and a manifestation of their power everywhere."

Municipal Elections.

HARTFORD, Conn., April 14 .- The Democrats have carried the city of Hartford by 538 majority on Mayor, and they carry four of the six wards, electing, by large majorities, their Aldermen and Councilmen.

The Democrats-Hards and Softs-united cordially on a ticket. The result was that the Demmajority. The whole Democratic ticket, both for general and ward officers, except one Trustee, was elected.

Last Thursday week, there was an election in Springfield, Illinois, for municipal officers. -It was warmly contested, and resulted in the success of the Democratic nominees for every office. The Register claims to have elected the whole city ticket, the Aldermen in the 1st, 2d and 5th Wards, and the election of an old of Know Nothings and Republicans, and says that the old line Whigs assisted in the victory.

The municipal election at Davenport, Iowa. has resulted in favor of the Democrats by 144 majority.

How Differently They Treat Them.

It will, no doubt, be news to many of the Know Nothings to know the different manner in which the leaders treat members ... The doings of the Know Nothings here are just as dark and deceptive as they are in old Westmoreland. The Nebraska Bill Becoming Popular. The opposition papers are beginning to confess what, indeed, the election shows, that the mass of the people are settling down to the conclusion that the principle of the Nebraska Bill is right, and must prevail in future. The Washington correspondent of the Cincinnati Times, a paper originally opposed to the Nebraska Bill, makes the following very frank admission:

Washington, March 24, 1856. "It does not require a very sapient judg. nent to forsee that the Nebraska Bill is fast becoming, and will soon be, a popular measure. The feeling in and out of Congress, the signs of the times in every State, is ample election held in that city on the preceding day; that agitation upon this subject is only kept up by strenuous efforts, torced and unitealthy. I feel confident that a resolution in favor of the restoration of the Missouri Compromise would not command in this House a respectable vote. Another evidence is the change of feeling toward Mr. Douglas, so abundantly manifested throughout the country, by intelligent and rational men, to whom the Nebraska Bill has lost its terrors. The people are rapidly coming to their senses again; and, noting that neither ruin or desolation shocks our country, as was predicted; that Mr. Douglas, in the language of the great Daniel, still lives; that, upon a sober second; thought, the Nebraska Bill benefits the North far more than the South; that demagognes are making capital for their own aggrandizement; that the overwhelming influence of the North, its, wealth, its industry, its tireless enterprise, renders slavery in Kansas perfectly impossible; noting all these self-evident facts, the people, I confidently believe, are looking upon the Kansas-Nebraska Bill in a more deliberate and reasonable manner.

The Record of a Triumph!

CONSOLATION FOR THE SUFFERING .- There is no little consolation in the thought that, however the impostor may flourish for a season. he cannot long continue to celude mankind. How many men contrive to acquire a brief and flashy reputation, and then sink into discepute and oblivion! This is especially true of the pretenders to medical skill, who, in an age when diseases abound, seek to inveigle themselves into the confidence of the public, and to impose upon it with their notious nostrums. We confess that, years ago, when we first heard of the universal celebrity of Professor Holloway, we distrusted his lofty claims. and arrogated to ourselves a superiority of discernment which would not allow him to entrap our judgment. Most heartily do we beg three houses were owned by Mr. Joseph Tay. his pardon for the unjust imputation. A careful study of his system convinced us that we were indeed mistaken, and that the world, to do him justice, should immediately, as it undoubtedly will hereafter, rank him foremost among its benefactors. He has solved the 'mystery of human diseases, and proved that all medical treatment, from the time of Hun-TER, has been based upon false premises .-JENNER did not effect a greater revolution in the method of dealing with the small-pox, than Dr. Holloway has done in the ordinary medical routine of the present day.

The human blood is not a mere fluid, coursing through the veins and earteries, and partaking of the mere qualities of other fluids,-It is-startling as the statement may seem-ALIVE. It is, in plain words, the life of man." All physiological diseases, such as. indigestion, deranged kidneys, liver, heart. lungs, stomach, all impure secretions in the large majority of epidemic and endemic diseases have their origin, or, at least their exciting cause in the impure state of the blood. Cleanse that and keep it cleansed, and no sickness can prostrate, or even assail the system. This splendid discovery has given a Instre to Professor Holloway's name, transcending the renown of heroes and statesmen. We do not wonder at the great fame he has acquired in Europe, Asia, Africa and Australia. We rejoice that he has visited our own country and opened an establishment in New York. ing, both of which were occupied by Mr. which will be a very TEMPLE or HEALTH to our citizens.
