#### Sheriff Jones Once More.

Sr. Louis, May 9th .- A Kansas correspondentsays that Sheriff Jones is somewhat better, but his recovery is still doubtful.

[Nearly all the "news from Kansas" is on a par with that in relation to Sheriff Jones. The first report was he was only slightly wounded -then that he had been killed-next that he was alive and recovering—then again he was certainly dead-and now again he turns up "somewhat better." Those who are anxious to keep up the Kansas excitement had better turn their attention to something else. The Parliament, contributors of the press, mercan-Sheriff Jones story is becoming stale.—Sun.]

#### New Jersey Democratic Convention.

TRENTON, May 6.—The Democratic Convention of New Jersey met here to-day and appointed delegates to the Cincinnati Convention. Resolutions were passed instructing the delegates to vote for Mr. Buchanan; denouncing Know Nothingism; endorsing the national administration and the principles of the Kansas and Nebraska act.

#### New Jersey Know Nothing Council.

Bordentown, N. J., May 7.—The Know Nothing State Council met here this morning gan in the Court of Quarter Sessions, at Lanat 10 o'clock. A great deal of angry discussion occurred in reference to the Philadelphia convention of Feb. 22d. A committee was appointed to make a report. One of the delegates stated that the nomination of Mr. Fillmore was not fairly obtained—that it was done by the Southern and spurious delegates. The statement was confirmed by Judge Marsh, the president of the late convention at Philadelphia. Several delegates gave their opinion that if the nomination of Mr. Fillmore was ratified by the State Council it would lose New Jersey to the Know Nothing party. It was then agreed to take no further steps towards ratifying the nomination of Mr. Fillmore until he was heard from in reference to his "Americanism." The whole subject was then laid upon the table and the State Council adjourned to meet on the 28th of May at Newark. No delegates were elected to the National Council.

#### New Hampshire K. N. Council.

PLYHOUTH, N. H., May 6.—The New Hampshire Know Nothing State Council to-day elected delegates to the Free Soil Know Nothing Convention, which is to meet in N. York on the 12th June. Also passed strong Know Nothing and anti-Nebraska resolutions, endorsing the action of their delegates in seceding from the Philadelphia Convention; repudiating the nomination of Fillmore and Donelsen. The resolutions were adopted unanimously.

#### Massachusetts Politics.

Boston, May 6.—A meeting of the Know Nothing Council was held to-day, when Fillmore men were elected officers, and resolutions repudiating the nomination of Mr. Fillmere were tabled by a decided majority. The

Michigan.—The Albany Journal says "there is no State in the Union more certain than Michigan to give its vote for the Republican candidate for the Presidency." Probably not; and vet the odds are at least two to one that Michigan votes against him.—Buffalo Com. Advertiser.

The odds are greater than that. If "there is no State in the Union more certain than Michigan to give its vote for the Republican candidate," then that candidate for the Presidency will have no votes in the electoral college. He will be beaten worse than Gen. Scott was beaten in 1852. The late township elections in this State show a Democratic majority of seven thousand at least, and we ourselves have no doubt the Democratic majority is ten-thousand.—Detroit-Free Press.

The Huntingdon Globe gives an amusing account of the K. N. ratification meeting held in Huntingdon recently. It seems a row occurred between John Williamson and Messrs. Benedict and Wharton, (the former being opposed to Fillmore) each claiming to belong to the simon-pure American party. The confusion finally became so great that a motion was made to adjourn and everybody left the hall in

The Know Nothing papers, says the Nashville Union, are interesting themselves very much in discussing the respective chances of the different aspirants for the Presidency. Like a little boy contemplating the certainty of a whipping, they are all anxiety for it to be over with. It haunts them night and day-there is no sleeping for it. Be patient, gentlemen; the Cincinnati Convention will do the thing up about right.

The Washington Know Nothing Organ of the 2d inst., says:-We are authorised to state that a letter has been received from Mr. Fillmore by a gentleman in this city, in which he states that he had not received the official announcement of his nomination; but declared himself at the service of his friends. His formal acceptance of the nomination may therefore be expected in the course of a few days.

This bank has never issued any notes the apprehension and conviction of the thief. but those of the denomination of five, six, seven, eight and nine dollars.

The Table Morers.—The New York Post publishes a letter from Baron Humboldt that satisfactorily disposes of a report that that ers, late of Reading township, Adams county, distinguished man had become a convert to the signed, residing in the same township, they spirft rapping humbug. He says he has "a hereby give notice to all persons indebted to holy horror of pine-wood spiritualism and said estate to make immediate payment, and psychographic mysticisms.'

#### Amongst the Wonders of the Day.

We have visited with considerable gratification the "repertoire" of foreign newspapers of all nations at Holloway's Pill and Ointment Establishment, 244 Strand, which present an immense amount of information on all subjects political, mercantile, statistical, and philosophical, from at least 2,000 foreign papers received in this establishment in the course of each week. This immense collection of journals affords in the great city advantages to the enterprising capitalists, and commercial world generally, a source of intelligence most invaluable, and never before attained. The establishment is visited by the nobility, members of tile men, and also by an immense number of distinguished foreigners of all nations. It is managed by several clerks, who classify and file the papers in portfolios, which they exhibit gratuitously to respectable visitors applying for information .- Morning Herald, London, January 28, 1856.
