This is a rare opportunity offered to those

## Farm Lands for Sale !

The Illinois Central Railroad Company IS NOW PREPARED TO SELL

#### Over Two Millions of Acres OF FARMING LANDS,

IN TRACTS OF 40 ACRES AND UPWARDS. ON LONG CREDITS AND AT LOW RATES OF INTEREST. THESE lands were granted by the Govern-I ment, to aid in the construction of this ing in proportion. Each Farm fronts upon a Railroad, and include some of the richest and most fertile Prairies in the State, interspersed

The Soil is a rich limestone loam, and es- here and there with magnificent groves of oak pecially adapted to cultivation, as it is neither and other timber. The Road extends from Chicago, on the North-East, to Cairo at the South, and from thence to Galena and Dunleith. in the North-west extreme of the State, and as all the lands lie within fifteen miles on each they invite the attention of Coach-makers, from the crops produced. Upon this subject side of this Road, ready and cheap means are Blacksmiths, Carpenters, Cabinet - makers, it is easy to be fully satisfied. There is a afforded by it for transporting the products of the lands to any of these points and from thence to Eastern and Southern markets. Moreover, the rapid growth of flourishing towns and villages along the line, and the great increase in population by immigration, etc., afford a sub-

stantial and growing home-demand for farm produce. The soil is a dark, rich mould, from one to

five feet in depth, is gently rolling and peculiarly fitted for grazing cattle and sheep, or the cultivation of Wheat, Indian corn, etc.

Economy in cultivating and great productiveness are the well known characteristics of completion from Erie to Ridgeway, with de- Illinois lands. Trees are not required to be scending grade the whole way. The soil over cut down, stumps grubbed, or stone picked off, bituminous coal is the best, for instance Eng- as is generally the case in cultivating new land Frazer's Cheap Watch & Jew- land and other countries. The price per acro in the older States. The first crop of Indian corn, planted on the newly broken sod, usually repays the cost of plowing and fencing.

Wheat sown on the newly-turned sod is sure to yield very LARGE PROFITS. A man with a plow and two yoke of oxen will break one and a half to two acres per day. Contracts can be made for breaking, ready for corn or wheat, at from \$2 to 2,50 per acre. By judicious management, the land may be plowed and fenced ber or coul. It is very valuable, and will pay the first, and under a HIGH STATE OF CULTIVA-

Corn, grain, cattle, etc., will be forwarded at reasonable rates to Chicago, for the Eastern market, and to Cairo for the Southern. The ed by Physicians. The chills and fevers are larger yield on the cheap lands of Illinois over the high-priced lands in the Eastern and Middle States, is known to be much more than leghenies. The water is pure and amongst sufficient to pay the difference of transportation to the Eastern market.

Bituminous coal is mined at several points along the Road, and is a cheap and desirable fuel. It can be delivered at several points along the Road at \$1,50 to \$4,00 per ton; Wood can be had at the same rates per cord. Those who think of settling in Iowa or Minnesota, should bear it mind, that lands there, of any value, along the water courses and for many miles inland, have been disposed of :-that for those located in the interior, there are no conveniences for transporting the produce to market, Railroads not having been introduced there. That to send the produce of these lands, one or two hundred miles by wagon to market. would cost much more than the expense of cultivating them ; and hence, Government lands thus situated, at \$1,25 per acre, are not so good investments as the land of this company at the prices fixed.

The same remarks hold good in relation to the lands in Kansas and Nebraska, for although vacant lands may be found nearer the water courses, the distance to market is far greater;

and every hundred miles the produce of those who wish to farm or have a good investment lands are carried either in wagons, or intercareful, Ladies, if you want walking and fine for the future. By making proper inquiries, rupted water communications, increases the dress Shoes, such as Jenny Linds, Buskins and and considering the advantages of good soil, expenses of transportation, which must be

are the incomes from their farms, and of course on their investments, annually and every year

reduced. The great fertility of the lands now offered for sale by this company, and their consequent yield over those of the Eastern and Middle States, is much more than sufficient to pay the difference in the cost of transportation, especial-

ly in view of the facilities furnished by this Road, and others with which it connects, the operations of which are not interrupted by the low water of summer, or the frost of winter.

## Price and Terms of Payment.

The price will vary from \$5 to \$25, according to location, quality, etc. Contracts for Deeds may be made during the year 1856, stipulating the purchase money to be paid in five annual installments. The first to become due in two years from the date of contract, and the others annually thereafter. The last payment. will become dae at the end of the sixth year

from the date of the contract. TInterest will be charged at only THREE. per cent. per annum. As a security to the performance of the contract, the first two years? interest must be paid in advance, and it must be understood that at least one tenth of the land purchased shall yearly be brought under cultivation. Twenty par cent. from the credit

price will be deducted for cash. The Company's construction bonds will be reveived as eash. TPREADY FRAMED FARM BUILDINGS, which
