A younger brother was with him at the time, but could give no account of the accident, more than that he was playing with the hub of the wheel. No blame can be attached to the teamster, who was on the wagon at the time.

EVERGREEN CEMETERY .-- We have been shown the book of permits, which is now used at the Cemetery, in connection with interments. It embraces a complete system, avoids all confusion and annoyance to friends, and at the same time furnishes an interesting and permanent record of the name, age, nativity, disease, death, time and place of interment of the deceased. We observe also that the walk is being pressed vigorously forward. We give below a rule recently adopted in connection with the subject of interments:

Resolved, That the resident keeper shall dig all graves for, and make all removals of the remains of the dead from other places of burial-his duty to extend to every thing pertaining to interments in the Cemetery under an I subject to the supervision and control of tant.-Detroit Free Press. the Board of Managers. RAIN .--- We were blessed on Friday last with a very refreshing rain, which was very much needed. The summer crops in this county promise an abundant harvest.

The Kansas Collision.

No fact is more obvious to our minds (and no close observant of events relating to Kansas can have failed to discover the fact) than that the recent collision in Lawrence was prodetermined and pre-arranged by the Black Republican operators, whose sole stock, in emigrant companies, which have been armed with Sharpe's rilles and sent thither, started ty to resist the constituted authorities of Kansas and uphold the bastard State government inaugarated at Topeka. The chief purpose of their going out-the chief purpose of the agitators in sending them out-was resistance. They have resisted. They barricaded Lawrence-converted the town into a military encampment-declared their determination to maintain their hostile attitude-obstructed the legal process of the federal courts-and

sequences of all this was apparent and inevitable, and the rebellious community knew the consequence was inevitable. But it was the consequence they wanted. They have it, and we are glad they have it.

How much shall abolitionism realize from this consequence? That is the present question. It has been seen how promptly the most extravagant and exaggerated accounts of "the fall of Lawrence" have been telegraphed over the country; and we see the efforts making in all the large cities and towns of the North, by means of public meetings, to excite the public mind. We see how well the game is played. We wait to see how successfully it will be played.

Not very successfully we apprehend. It is too transparent. It has been a bold game-a bloody game-but it cannot be a successful game. The Presidential election is too dis-

Edward Everett Ostracised by the Black Republicans.

If any new proof was wanting of the intolerant and persecuting spirit of the faction that usurps the name of "Republicans" it may be found in their treatment of Edward Everett. This gentleman did not choose to join in the ecent "Sumner" demonstrations in Boston. Thereupon the Legislature of Connecticut. that had invited him to repeat his world-renowned oration on "Washington" in New Iaven, recalled the invitation 1 Who are the losers by this silly and pitiful act the country will not find any difficulty in deciding. We have heard but one expression of sentiment here on the subject among liberal men of all parties, that is, of contempt for the poverty of hose pretensions that would prompt a New England Legislature to attempt to cast a stigma on the most celebrated New Englander now living, for no other reason than staying away from a gathering evidently got up for partisan purposes.—Cincinnati Enquirer.

An "American" Legislature.

The New York Herald has the following musing exposition :

"A Nut for the Know Nothings .--- We have before us a list of the members and officers of the last Assembly of this State, with their Co places of birth, &c. There are 146 in all-a arge portion of whom, it will be remembered, were elected as Know Nothings. Their constituents will be amazed to learn that the only man out of the whole party who was of American parentage was Francis B. Spinola, HOT.-The mercury on Tuesday last rose whose father was an Irishman and mother an American. Not one of the others was sprung from natives either on the father's or mother's side. The fathers of the 146 were as follows: Euglishmen, 80; Germany, 10; France, 6; Holland, 14; Scotland, 12; Ireland, 16; Wales, 9; Switzerland, 4; Italy, 1. The mothers were of foreign birth (with the excep-tion of Mrs. Spinola,) in about the same proportion."

Shocking Affair.

CINCINNATI, June 5.-Last night a shocking affair occurred in front of the Burnet House. Geo. P. Buell, editor of the Democratic Review, at Washington, made a speech in front of the hotel denouncing the Know Nothings and abolitionists, when he was interrupted by an individual in the crowd, and finally they came to blows. In the melee Buell was stabbed in the back with a knife, which, 1 enetrating to his lungs, inflicted a dangerous wound. His condition this morning is critical-bleoling internally.

A Military Man in Trouble.

HABRISBURG, June 5.-General Small, of Philadelphia, was brought here to-day in custody of an officer on a warrant issued by the Supreme Court for refusing to obey an injunc-tion debarring him from the command of the second brigade, Pa. volunteers. After a hearing he was committed to prison. Gen. Small has a commission from Gov. Pollock, and John Tyler, son of the Ex-President, is the claimant 'r the office.

in Kansas.

WASHINGTON, June 5.-Senator Trumbull, with the view of a restoration of peace in Kansas, has prepared a bill, which will soon be introduced in Congress, proposing the annex-ation of the Territory to Nebraska, the terms of all the officers of Kansas, and all the laws and supposed laws therein, to cease.

yesterday the Lake suddenly rose three feet at this place, and suddenly fell again. The phenomenon was repeated several times, causing vessels to be forced from their moorings, and creating a general commotion in the harbor.

PROVIDENCE, R. I., June 3 .- The American State Convention met here to-day. There was about one hundred delegates present .-The nomination of Mr. Fillmore for Presidency was repudiated by a vote of 61 to 20.

Fire.-Between 9 and 10 o'clock on' Saturday evening last, the cry of fire was given, and the news soon spread that the hay Barn belonging to Mr. Snyder, was in flames .--The Barn was situated on the public Common in this Borough. From 4 to 5 tons of hay together with the Barn was entirely consumed. As respects the origin of the fire that led to the conflagration various opinions are entertained. A Providential Man!

There is no aspiration so glorious as the desire to do good. Howard, bending over the couch of sickness and smoothing the pillow of death, was greater than Napoleon at Austerlitz. And Thomas Holloway, whose inestimable medicines are subduing disease of every type, in every part of the habitable globe, is more worthy of respect and honor than any warrior that ever drew the sword. When Kossuth visited the United States he was designated the "providential man." Surely Professor Holloway, who has come to our country on a nobler errand, better deserves that title. His establishment in New York has been the fontal source of health to thousands of our afflicted fellow citizens. His agencies, established in every city and town of the Union, are the PEOPLE'S DISPENSARIES. What is true of the popularity of his medicines here, is true throughout the world; for wherever civilization has penetrated, by land or sea, they are known and appreciated. From Greenland to Terra del Fuego-from the Mississippi to the Ganges-they are advertised in every printed language, and resorted to by races of every name and color, as the only reliable and proven remedies in all the phases of disease. The leading medical periodicals of London and Edinburgh not only except Holloway's Pills AND UNTMENT from their general denunciacommend them. In short, if we are to believe concurrent testimony of all nations, Professor Holloway has done more to ameliorate human suffering and rob the grave of victims, than any other medical discoverer of this or any former age. We have unquestionable authe old and new world-London and New

Suicide--- An Enfortunate Family.

Last Saturday, Mr. Frederick Laucks, an iged and respectable citizen of Windsor township, in this county, put a period to his exist-ence by cutting his throat.

Mr. Laucks was a member of a family which has been remarkably unfortunate for that species of mania which ends in suicide. Nearly half a century ago his father commit-ted suicide by poison. Since that time his brother and that brother's son have hung themselves; and a few years ago his own son drowned himself. The Jacob Laucks who shot Mr. Henry Hgenfritz, of this place, a few years ago, and is now in the State Lunatic Asylum, was a nephew of the Mr. Laucks whose melancholly death we now record-the son, grandson, brother, nephew, and cousin of suicides. All these unfortunate menfather, sons, and grandsons, were, we believe, sober, honest, and industrious, and respected in their several neighborhoods .- Fork Advocate.
