Farm Lands for Sale!

The Illinois Central Railroad Company IS NOW PREPARED TO SELL

Over Two Millions of Acres

OF FARMING LANDS, IN TRACTS OF 40 ACRES AND UPWARDS, ON LONG CREDITS AND AT LOW RATES OF INTEREST. WHESE lands were granted by the Government, to sid in the construction of this Railroad, and include some of the richest and most fertile Prairies in the State, interspersed here and there with magnificent groves of oak and other timber. The Road extends from Chicago, on the North-East, to Cairo at the South, and from thence to Galena and Dunleith, scription in the most substantial and desirable in the North-west extreme of the State, and as all the lands lie within tifteen miles on each Goods bought of them not to be made up in their side of this Road, ready and cheap means are cstablishment will be cut free of charge. They afforded by it for transporting the products of the lands to any of these points and from thence to Eastern and Southern markets. Morcover. the rapid growth of flourishing towns and vil-

> The soil is a dark, rich mould, from one to five feet in depth, is gently rolling and peculiarly fitted for grazing cattle and sheep, or the cultivation of Wheat, Indian corn, etc.

Economy in cultivating and great productiveness are the well known characteristics of Illinois lands. Trees are not required to be cut down, stumps grabbed, or stone picked off. as is generally the case in cultivating new land in the older States. The first crop of Indian corn, planted on the newly broken sod, usually repays the cost of plowing and fencing.

Wheat sown on the newly-turned sod is sure to yield very LARGE PROFITS. A man with a plow and two yoke of oxen will break one and a half to two acres per day. Contracts can be made for breaking, ready for corn or wheat, at from \$2 to 2.50 per acre. By judicious management, the land may be plowed and fenced the first, and under a HIGH STATE OF CULTIVA-TION the second year.

Corn, grain, cattle, etc., will be forwarded

Bituminous coal is mined at several points along the Road, and is a cheap and desirable fuel. It can be delivered at several points along the Road at \$1,50 to \$4,00 per ton; Wood can be had at the same rates per cord.

Those who think of settling in Iowa or Minnesota, should bear in mind, that lands there, of any value, along the water courses and for many miles inland, have been disposed of ;that for those located in the interior, there are no conveniences for transporting the produce to market, Railroads not having been incroduced there. That to send the produce of these lands, one or two hundred miles by wagon to market, would cost much more than the expense of cultivating them; and hence, Government lands thus situated, at \$1,25 per acre, are not so good investments as the land of this company at the prices fixed.

The same remarks hold good in relation to the lands in Kansas and Nebraska, for although vacant lands may be found nearer the water courses, the distance to market is far greater and every hundred miles the produce of those lands are carried either in wagons, or interrupted water communications, increases the expenses of transportation, which borne by the settlers, in the reduced price of their products; and to that extent precisely are the incomes from their farms, and of course on their investments, annually and every year

reduced. The great fertility of the lands now offered for sale by this company, and their consequent yield over those of the Eastern and Middle States, is much more than sufficient to pay the difference in the cost of transportation, especial. ly in view of the facilities furnished by this Road, and others with which it connects, the operations of which are not interrupted by the

low water of summer, or the frost of winter. Price and Terms of Payment.

The price will vary from \$5 to \$25, according to location, quality, etc. Contracts for Deeds may be made during the year 1850, supulating the purchase money to be paid in live annual installments. The first to become due in two years from the date of contract, and the others annually thereafter. The last payment will become due at the end of the sixth year

from the date of the contract. I Interest will be charged at only THREE per cent. per annum. As a security to the performance of the contract, the first two years' be understood that at least one tenth of the land purchased shall yearly be brought under cultivation. Twenty per cent. from the credit price will be deducted for cash. The Company's construction bonds will be received as

TREADY FRAMED FARM BUILDINGS, which can be set up in a few days, can be obtained from responsible persons. They will be 12 feet by 20 feet, divided into one living and three bed-rooms, and will cost complete set up on ground chosen anywhere along the Road, \$150 in cash, exclusive of transportation. Larger buildings may be contracted for at proportionate rates.

Special arrangements with dealers can be made to supply those purchasing the Company's lands with lending materials, agricultural tools, and an outfit of provisions in any quantity, at the LOWEST WHOLESALE PRICES.

It is believed that the price, long credit and low rate of interest, charged for these lands, will enable a man with a tew hundred dollars in cash and ordinary industry, to make himself independent before all the purchase money becomes due. In the mean time, the rapid settlement of the country will probably have increased their value four or five fold .--When required an experienced person will accompany applicants, to give information and

aid in selecting lands. Circulars, containing numerous instances of successful farming, signed by respectable and well-known farmers living in the neighborhood of the Railroad lands, throughout the Statealso the cost of fencing, price of cattle, expense of harvesting, threshing etc., by contract-or any other information-will be cheerfully given, on application, either personally or by letter, in English, French, or German, ad-

April 21, 1856. 6m Susquehanna Motel, Opposite Calvert Station, Baltimore, Md.

HE undersigned having leased the above Hotel and put it in complete order, is prepared to accommodate his friends and the travelling public. The proprietor will be pleased to see his old friends, and promises to ONNETS, Ribbons and Flowers, of every make their stay comfortable and satisfactory. Baggage taken to and from Calvert Station
