

HENRY CLAY'S LANGUAGE.

But if it (the Whig party) is to be merged into a respectable Abolition party, and if Abolition is to be engrained upon the Whig, from that moment I renounce the party, and cease to be a Whig. I will give my support to that man for the Presidency who, on whatever party he may belong, is not nominated by fanaticism, but to one who, crying out all the time that he is a Whig, maintains doctrines entirely subversive to the Constitution and the Union."

In what party are now the Star and the Sentinel to be found? Why in nothing more nor less than "a contemptible Abolition party," such as HENRY CLAY deprecated. And yet these unblushing organs have the effrontery to ask old Clay Whigs to vote for Know Nothing Black Republican candidates! Hypocrisy and audacity could not go farther.

THE VALUE OF ONE VOTE.

One vote in the United States Senate annexed Texas to the United States. Mr. Hannegan, of Indiana, cast that vote. One vote in the Indiana Legislature elected Mr. Hannegan to his place in the Senate. That vote was cast by Madison Marsh, of Stanton county. Mr. Marsh was chosen to the Legislature of Indiana by one vote.

IMMENSE FREMONT DEMONSTRATION—"OVER THE LEFT!"

We are reliably informed that an attempt was recently made to get up a Know Nothing Republican meeting in Mountjoy township, but when the evening came just two gentlemen of that political stripe attended. There were five Democrats present, who went there to look on. The proceedings have not appeared in the Star or Sentinel. They would be interesting!

Our Meetings.

There is one feature about our meetings, which it affords us peculiar pleasure to notice, and which furnishes a sure augury of success. Not only are Democratic meetings, wherever held, largely and enthusiastically attended, but they are attended and participated in by a large proportion of that kind of men who compose the bone and sinew of the community.

A Noble Old Democrat.

At a meeting of the Democracy at Cincinnati last week, there was introduced to the multitude a man of ninety-one years of age, who had voted twice for George Washington as President of the United States, and who also voted for Jefferson, Madison, Monroe, Jackson, Van Buren, Polk, and Pierce. At the close of the meeting this very man arose, and in a clear, firm voice, declared that if his life was spared till November next he would vote for Buchanan and Breckinridge, in order to hand down that Union which he had helped to form to his great-grandchildren. Loud huzzas and music followed this impressive spectacle.

The German club of the Fourth Ward of N. York city, which has been supporting Fremont, has backed out of the negro-worshipping party and gone over to Buchanan.

They do not like a man who tries to stand on two platforms, and who announces that "he suits his replies to get the votes of all sides."

Hon. Charles J. Jenkins, the leader of the Whig party in Georgia, and their candidate for Governor, has written a letter which excites deep interest in that State, and will have an effect in other States. He announces himself as still a Whig, but as in this crisis unequivocally in favor of Buchanan, whom he calls "the wisest, most conservative, most reliable Democratic aspirant for the Presidency."

The Democratic party, as a national party, neither defends slavery, nor goes out into a crusade against slavery. It lets it alone. It favors the policy of allowing it to be settled by the people of States and Territories; and of subjecting both in this respect, to the provisions of the Constitution.

Republican patriotism as exhibited in the House of Congress.—Voting SIX THOUSAND DOLLARS apiece into their own pockets as Congressional pay, and REFUSING TO VOTE A DOLLAR TO SUPPORT THE ARMY OF THE UNITED STATES, whose services are absolutely necessary to protect the lives and property of American citizens.

Keep it Before the People, that the Black Republicans, by denying to the people of the territories the right of self-government, are in favor of white slavery—and thus, while they are advocating the equality of the black man, they would strike down and trample upon one of the most cherished rights of the people of their own color!

Keep it Before the People, that the Democratic party stands now where it stood in the days of Jefferson, Madison and Jackson, upholding the equality of all the States under the Constitution, and the equality of all the citizens under the law, whether rich or poor, proud or humble, whatever their religion or wherever born.

Keep it Before the People, that the Democratic party is the only NATIONAL PARTY in the country—that in the National Convention, which placed its candidates in nomination, every Congressional District in the United States was represented—while the Know Nothing Convention which put forward Millard Fillmore as the candidate of Religious Prescription, lacked nearly fifty delegates of being full, and that the treasonable Hartford Convention on behalf of Black Republicans, that hatched the golden egg, labelled Fremont, spoke and acted but for sixteen sovereign States of the Union!

No party founded on religious or political intolerance towards one class of American citizens, whether born in our own or in a foreign land, can long continue to exist in this country. We are all equal before God and the Constitution.—BUCHANAN'S LETTER OF ACCEPTANCE.

Vain glory blossoms, but never bears.

Further From Kansas Territory—Gov. Geary's Doings.

The St. Louis Republican, of Monday, has the following news from Kansas: The steamer David Tatum arrived yesterday afternoon from St. Joseph. She left that port on Wednesday last. At Kansas, she took on board about 350 citizens of Missouri, who, in obedience to the proclamation of Gov. Geary, had given up their military organization and returned to Missouri. They were principally from the counties of Howard, Boone, Saline, Cooper and Franklin. Lawrence was in possession of United States troops, by whom 90 of Lane's men had been made prisoners. Lane fled from Lawrence with the remainder of his ragamuffans and was in Nebraska.

The train from Jefferson city last evening brought down several gentlemen direct from Kansas. They were passengers on the Aubrey, and bring the latest news. From one of them we learn that the whole of General Riel's force had been disbanded, and had returned to their homes. Gov. Geary was at Leavenworth with one thousand United States troops, and determined to maintain the peace and execute the laws. Under his orders ninety men had been taken prisoners at Lawrence. The report of Lane and his band having fled to Nebraska is confirmed. They are said to have stolen property sufficient for them to live on during the coming winter, if they can keep together so long.

There was a report last evening that several lives were lost on each side at Lawrence, but this is believed to be incorrect. It is very gratifying to hear these tidings, and to know that the violence which has so long prevailed in Kansas is at an end. Gov. Geary being right, and a like firm purpose to preserve law and order, and to punish all offenders against it, will soon make life and property as secure in Kansas as in any State in the Union.

GRAND BACK DOWN!

The Discussion at Indiana.—A good deal of interest has been manifested in many quarters to know the result of the great debate, which was to come off on the 23d—Tuesday last—and we are now able to gratify public curiosity. Three weeks ago, the Democrats challenged the Abolitionists, and this challenge was accepted by the latter. It was a challenge to discuss the great issues involved in the present canvass; and the interest occasioned thereby was great. The Abolitionists named Thaddeus Stevens and Burlingame as their champions; the Democrats W. A. Stokes and H. D. Foster, of Westmoreland, and the indomitable Ellis B. Schunabel, as theirs. Stevens had accepted the responsibility, and doubtless Burlingame too. The day arrived. Hundreds flocked to the scene. The cars to Blairville, and Indiana were crowded with the curious and the interested; and the latter place was crowded with a living mass. Thaddeus Stevens was on the ground, representing the Disunionists, and was accompanied by Mr. Cowan, of Westmoreland. E. B. Schunabel, Stokes, and Foster, were also on the ground for the friends of the Constitution. The absence was Mr. Burlingame. At the appointed hour the Democrats were ready for the discussion, but their opponents were not. A message was then sent to the latter, telling them that the Democrats were ready. After a long delay, the reply from the abolitionists was that they would send an answer in an hour. Before this hour expired, it was ascertained that Thaddeus Stevens was on the Abolition stand, addressing his followers. After he was through, the second reply came, but that Mr. Carson would meet one of them next day. In vain our friends offered to let Mr. Schunabel meet Mr. Stevens; the latter declined, and without entering the town of Indiana, stole away in a private carriage. This most inglorious retreat is worthy of Stevens, and so consistent with his history, that his own friends hung their heads in shame. The upshot was that the Democrats held the ground, and able speeches were made by Porter, Stokes, Schunabel, and others. Mr. Schunabel kept the stand for several hours, and with his accustomed bold and stirring oratory, made the welkin ring with his exposures of Stevens and his backers.

Such was the result of the famous debate at Indiana on the 23d of September.—Pennsylvania.

The Sham "Union" State Ticket.

Come up to the chalk line, Fillmore men, and vote the "Union" State ticket. What more could you ask than your Fremont allies have given you? You have on your "Union" ticket.

THOMAS E. COCHRAN, Black Republican!

DARWIN PHELPS, Black Republican!

BARTHOLOMEW LAPORTE, Black Republican!

Not a single Fillmore man on your "Union" State ticket—all, all are for Fremont and disunion—but still, you helped to make it and you must toe the mark and support it. It is so stipulated in the bond, and, however much it may grieve you, there is no escape. Come, gentlemen of the Fillmore party, give your support to the Fremont State Ticket!

NOT SO FAST!

One swallow does not make a summer; neither does the success of a political party in one State, indicate with any certainty that it will carry all the others. Horace Greely is old enough and shrewd enough to know this; and therefore he applies the following blanket to the backs of the over-sanguine Fremonters who delusively think that the Maine election has decided who is to be the President:

"Some of our friends seem to be laboring under the pleasing delusion that the Presidential election is already over, and Fremont chosen. After the late result in Maine, they are confident that Pennsylvania, New Jersey, Illinois and Indiana must necessarily go the same way. This is a gross error. It may prove fatal unless it is extinguished."

Vote of the Scott Legion—Where the Defenders of the Nation Stand in the Present Contest.

Yesterday afternoon a vote was taken on the Presidential question in the cars on the Norristown Railroad, of the members of the Scott Legion, who were on their return from the burial of one of their fellow members. It stood as follows:

Table with 2 columns: Name and Votes. Buchanan, 37; Fillmore, 8; Fremont, 4.

Burning of the Steamer Niagara—One Hundred Lives Lost.

WILWAUKEE, Sept. 25th.—The steamer Niagara was burnt last evening near Fort Washington, Lake Michigan. There were one hundred lives lost. Hon. John B. May is supposed to be amongst the lost. Capt. Miller was saved. We have not been able to gather any further particulars yet.

PHYSICIAN'S PRESCRIPTION.—Blood of blood is often primarily caused by a full condition of the stomach and bowels. It is the stomach, regulated by the exercises, and purged by the use of this most economical medicine, and you will be exempt from vertigo, dimness of sight, headache, and other alarming symptoms, which such impurely accumulated blood, and bad food, generate. The impurities of the blood, as well as an excess of it in the system, do much to do with cerebral affections, and the hollows of the temples, upon the circulation of blood, they are infallible in this class of maladies.

ARRREST OF A CUR-PRESS.—A fellow was arrested on Tuesday morning for cutting up the coat of the post-office of a stranger. The latter complained much of the damage to his unbuttoned coat, when Mayor Vaux, who is known as a man of taste, advised the sufferer to obtain a better suit at the Brown Stone Clothing Hall of Bockstall and Wilson, Nos. 205 and 207 Chestnut street, Philadelphia.

GALLAGHER'S SUN-RISE AIR-TIGHT, COOKING STOVE.

Patented, 1856.—A new and splendid Large Oven, Flat Top. For Coal or Wood. Four Sizes, Nos. 6, 7, 8, 9.

GALLAGHER'S Sunrise Air-Tight, a beautiful design of a new flat top Cooking Stove, just out. It is only necessary to say, that after very many years of experience, and being fully conversant with all of the various kinds of Stoves which have been invented on the down-draft principle, that I have taken advantage of every well known improvement that has from time to time been made, particularly in reference to the formation and construction of the flues, which are always necessary to be large, and I have fully applied every improvement and combined them all in the "Sunrise Air-Tight Cooking Stove." This Stove is made very heavy and is a good substantial article; I have made them extra heavy in all parts where long experience has proved it to be important, and I can assure my customers, that I have spared neither pains nor expense in getting it up; and it will not be excelled by any stove now known, of a similar character. I am convinced that it will at once become a standard Stove.

I have fully tried them in every way, with WOOD and COAL, and strongly recommend them to the public. They operate in the most satisfactory manner.
