A grand torch-light procession and illumination came off in this place on Thursday evening last, in honor of the glorious Demos cratic victory achieved in the old Keystone. thar Democratic citizens, appreciating the grandeur of the event to be celebrated, entored into the preparations with much spirit, and the result was the most magnificent illumination the town has ever had. #### THE PENASYLVANIA PEELING.

We were much struck the other day at hear ug an old political opponent give his reason why he intended supporting James Buchanan, in November, and why he had yoted the Demperatic State ticket in October, He said, "I have been a Whig all my life, a follower of Webster and Clay, and a bitter and decided partizan. I heve been willing even to help the Anti-Masons rather than vote for the Democrats, to help the Know Nothings, rather than support the Deniseratic party, and I am decidedly apposed to the institution of slavery, and to its extension, but I am a Pennsylvanian, and although James Buchanan has not been a favorite of saine because of his pecalinr opinions, still I am his enthusiastic supporter, both because I am a Pennsylvanian, and because the man who is his principal competitor has nothing in his history or his engracter to excite any admiration in me or to render me as a Pennsylvanian anxious to give him my support." There is, remarks the Pennsylvanian, in this

frank reasoning a volume, and it is what thousands of mon in Pennsylvania think at the present day if they do not speak it out. The Pennsylvania feeling has never before had a fair opportunity, and this is the time to give it a trial. It seems as if every circumstance conspired to open a fair field to its exercise. The mendidates opposed to us, both Fillmore and Fremont, are citizens of other States. The best of them, Mr. Fillimore, has no possible chance of election, and the worst of them, John C. Fremont, has nothing about him either in his past or in his present position, either in what he has done or what is left undone, to attract intelligent and purseis anything in him at all more marked than another it is that he is in the hands of a set of men who are anti-Republicans, a set of men people and attack our institutions, a set of men whose organs are the New York Heputd and the New York Tribune, both of which are the known representatives of the peculiar anti-Pennsylvania feeling, and both of which have constantly attempted to drag down and depreciate the glorious city of Philadelphia, and our other metropolis on the Ohio river, the great city of Pittsburg. The very fact that these men are so ignorant of our people At LATTLESTOWN, on WEDNESDAY as to send in among us a set of Abotition Yankees, show how little they deserve our confidence or respect. Mr. Buchanan has been 11 o'clock, P. M., and at HUNTERSTOWN in the associate and friend of nearly every distinguished Pennsylvanian, of either party, that has lived in our State for the last for-Rally, Freamen of Adams, to each and ty years. This is the feeling which is doing its work; and when we add to it that our principles are pure, our foundation the Constitution, and our flag a flag emblazoned with all the stars of the Union, and that the invocations that stir us onward, the great duty of maintaining and observing the liberties achieved by our fathers, where is the true-hearted Pennsylvanian that will rufuse to come forward and support the candidate of Pennsylvania and of the Union, JAMES BUCHANAN?
