Any person wishing to view the property will please call on Edward Stahl living on the premises, or myself in Gettysburg. **GEORGE ARNOLD.** Aug. 18, 1856. \$5

GALLAGHER'S SUN-RISE AIR-TIGHT COOKING STOVE.

Patented, 1856.—A new and splendid Large Oven, Flat Top.

For Coal or Wood. Four Sizes, Nos. 6, 7, 8, 9.

GALLAGHER'S Surprise Air-Tight, a beautiful design of a new flat top Cooking Stove, just out. It is only necessary to say that after very many years of experience, and being fully conversant with all the various kinds of Stoves which have been invented on the down-draft principle, that I have taken advantage of every well known improvement that has from time to time been made, particularly in reference to the formation and construction of the flues, which are always necessary to be large, and I have fully applied every improvement and combined them all in the "Sun-Rise Air-Tight Cooking Stove." This Stove is made very heavy and is a good substantial article; I have made them extra heavy in all parts where long experience has proved it to be important, and I can assure my customers, that I have spared neither pains nor expense in getting it up; and it will not be excelled by any stove now known, of a similar character. I am convinced that it will at once become a standard Stove.

I have fully tried them in every way, with WOOD and COAL, and strongly recommend them to the public. They operate in the most satisfactory manner.

Patentee: A. J. GALLAGHER, Philadelphia. For sale by **ANDREW POLLEY**, Sept. 15, 1856. Am. Gettysburg, Pa.

The success and patronage with which they have met heretofore, is gratefully appreciated, for which they return again, as formerly, their sincere acknowledgments and thanks, and trust, by strict and prompt attention to business, a continuance of the liberal patronage hitherto extended to them.
