TLIBERTY, THE, UNION; AND THE CONSTITUTION.

GETTYSBURG, PENN'A.:

## Monday Morning, Dec. 29, 1856.

In the House of Representatives, on Monday last, Mr. Clingman introduced a bill explanatory of the resolution authorizing the President to confer the title of Lieut. General thousand dollars, (for nine or ten years back,) ble man in the Commonwealth, and be conin addition to the ten thousand already re- signed to a political grave so deep that the ceived by him. The bill was immediately hand of resurrection can never reach them .passed.

On the same day, in the House, Mr. Humphrey Marshall moved a suspension of the rules to enable the bill for establishing a uniform rule of naturalization to be made the special order for the 14th of January, which was negatived-yeas 89, nays 92.

In the House, on Thursday, Mr. Rice, the delegate from Minnesota, introduced a bill authorizing the people of that territory to form a constitution and State government, preparatory to admission into the Union, on a footing with the original States.

Gubernatorial Candidates. The following named gentlemen are spoken of in connexion with the Democratic Gubernatorial nomination. viz:

Col. WM. HOPKINS, of Washington. Hon. WM. II. WITTE, of Philadelphia. GEN. WILLIAM F. PACKER, of Lycoming. COL. SAM'L W. BLACK, of Allegheny. Hon. John L. Dawson, of Fayette, HON. CHAS. R. BUCKALEW, of Columbia,

The Vote for President .- The returns of the vote for President foot up as follows: Buchanan 1.884.771; Fremont 1,338,538; Fillmore 835,235. Mr. Buchanan is over five hundred and forty-six thousand ahead of Fremont, and luck go with them and their chicanory. Fremont has nearly half a million votes more than Fillmore. The combined vote of Frement and Fillmore is greater than that of Buchanan by 288,892.

How Much did You Get?-Is the question now being propounded by the Fillmore men to the Fremonters and vice versa. The inquiry is occasioned from the fact of there having been a large sum of money sent into this State to corrupt honest voters and induce them to vote against the nominees of the Democracy. Having failed to accomplish their object, they now are charging each other with having either misapplied or pocketed the money. Next fall we shall, doubtless, find these same men on the closest terms of intimacy, counselspoils of office.

Look at Boston. - Boston is the fountain head of the "negrophobia" which has set half the people of the North "mad as a march hare." And yet we are told upon reliable data, that three hundred vessels a year are fitted out in the United States to capture or purchase negroes in Africa, and dispose of them in Cuba and South America, and of this number Boston (with all its philanthropic proclivities) is charged with furnishing two-thirds, and of the best ale and porter in Great Britain, New York the remainder. With this fact before us, again we repeat-look at Boston!

In other words, the overthrow of the Black Republican conspiracy against Kansas, and the cessation of agitation, has been as great a benefit as the intermeddling of the dennagogues was a curse to the Territory,-Albany Argus.

Failing to agree two years ago upon a candidate, the following session the Democrats elected the U.S. Senator, Mortification at their own ill fortune renders them very desirous of seeing like influences prevail in our party. How much soever the Know Nothings may dislike the Winnebago, they would rejoice with their Black Republican allies at his success over the nominee of the Democracy. We have seen nothing yet however to make us apprehensive of the result.

The Widow of a decedent is entitled to three hundred dol-lars out of the proceeds of the sale of his real estate, in preference to a judgment creditor in whose favor the had-band had waived the benefit of the Exemption Act of 1849. OSEPH SPENCER'S APPEAL FROM THE ORPHAN'S

The opinion of the Court was delivered Nov. 27, 1856.

Joseph Spencer held a judgment against James Smith, the decedent, entered Jan. 24, 1854, on a bond with warrant of Attorney, waiving the benefit of the Exemption Act of 1849. ### An Important Case.

The case of Dred Scott, recently argued before the Supreme Court at Washington, involves the constitutionality of the Missouri Compromise and the power of Congress to prohibit slavery in a Territory, in the following manner: Scott is the son of a slave woman belonging to an army officer, who moved with his family and slaves into Territory where, by the Missouri Compromise, slavery was prohibited. There Scott was born, but was afterwards carried back to Missouri, and tors seem to fall flat upon the people at this last—the former occupying the right, and the is now held therein as a slave.
