With the barn were consumed two fine horses, several tons of hay, a considerable quantity of straw, some grain, and a variety of farming implements. About 60 bushels of oats were saved, in a damaged condition. Mr. Houck's loss is estimated at \$1000-insured in the Adams County Company for \$300. At one stage of its progress, the appearance of the fire was most alarming, the wind having changed and carried burning shingles, fe., directly over the town, some a distance of three squares, and from which the roofs of several buildings took fire; but by timely attention, no serious damage resulted. PAINFUL ACCIDENT .- A few days ago, as Mr. WILLIAM Scorr, residing near Cashtown, was engaged in chopping wood in the mountain, at some distance from his house, he met with a very severe and painful accident. It appears that a tree he was felling having lodged on a neighboring sapling, he attempted the dangerous undertaking of bringing it down by chopping off the sapling on which it hung. He had searcely given half a dozon strokes, when it broke, or rather split aft, scriking his on the right ankle, crushing and bruising his leg and foot in a dreadful manner. As the timber was frozen at the time, and consequently very brittle, the whole was but the work of an instant, or, to use his own expression, "as gnick as a shot."
