

CHOICE FARM LANDS
FOR SALE.

THE Illinois Central Railroad Company is now prepared to sell about **1,500,000 Acres of CHOICE FARMING LANDS**, in tracts of about forty acres, on long credits and at low rates of interest.

These lands were granted by the Government to aid in the construction of this Road, and are among the richest and most fertile in the world. They extend from North East and North West, through the middle of the State, to the extreme South, and include every variety of climate and productions found between those parallels of latitude. The Northern portion is chiefly prairie, interspersed with fine groves, and in the middle and Southern sections timber predominates, alternating with beautiful prairies and openings.

The climate is more healthy, mild and equable, than any other part of the country—the air is pure and bracing, while living streams and springs of excellent water abound. Bituminous Coal is extensively mined, and supplies a cheap and desirable fuel, being furnished at many points at \$2 to \$4 per ton, and wood can be had at the same rate per cord. Building Stone of excellent quality also abounds, which can be procured for little more than the expense of transportation.

The great fertility of these lands, which are a black rich mould from two to five feet deep, and gently rolling,—their proximity to this Road, by which every facility is furnished for travel and transportation to the principal markets North, South, East, and West, and the economy with which they can be cultivated, render them the most valuable investment that can be found; and present the most favorable opportunity, for persons of industrious habits and small means, to acquire a comfortable independence in a few years.

Chicago is the greatest grain market in the world—and the facility and economy with which the products of these lands can be transported to that market, makes them much more profitable, at the prices asked, than those more remote at government rates,—as the additional cost of transportation is a perpetual tax on the latter, which must be borne by the producer, in the reduced price he receives for his grain, &c.

The Title is Perfect—and when the final payments are made, Deeds are executed by the Trustees appointed by the State, and in whom the title is vested, to the purchasers, which convey to them absolute titles in Fee Simple, free and clear of every incumbrance, lien or mortgage.

The Prices are from \$6 to \$20; Interest only 3 per cent. Twenty per cent. will be deducted from the credit price for Cash. Those who purchase on long credit, give notes payable in 2, 3, 4, 5 and 6 years after date, and are required to improve one-tenth annually for five years, so as to have one-half the land in cultivation, at the end of that time.

Competent Surveyors will accompany those who wish to examine these Lands, free of charge, and aid them in making selections. The Lands remaining unsold are as rich and valuable as those which have been disposed of.

Sectional Maps will be sent to any one who will enclose fifty cents in Postage Stamps, and Books or Pamphlets, containing numerous instances of successful farming, signed by respectable and well known farmers living in the neighborhood of Railroad Lands, throughout the State—also the cost of fencing, price of cattle, expense of harvesting, threshing, etc.—or any information will be cheerfully given on application, either personally or by letter, in English, French or German, addressed to **JOHN WILSON**, Land Commissioner of the Illinois Central R. Co., Office in Illinois Central Railroad Depot, Chicago, Illinois, April 20, 1857. 6m

A Medical Revolution!

HOLLOWAY'S Ointment.—THE GREAT Cure for all the Diseases of the Skin, and of the internal organs through the pores of the Skin. This penetrating Ointment, melting under the heat of the body, reaches the seat of inflammation, promptly and invariably subdues it, whether located in the kidneys, the liver, the lungs, or any other important organ. It penetrates the surface to the interior, through the countless tubes that communicate with the skin as summer rain passes into the fevered earth, diffusing its cool and regenerating influence. **Skin Diseases and Glandular Swellings.** Every species of exterior irritation is quickly reduced by the anti-inflammatory action of this Ointment. Angry Eruptions, such as Salt Rheum, Erysipelas, Tetter, Ringworm, Scald Head, Nettle Rash, Scabies (or Itch) &c., die out, to return no more, under its application. Hospital experience in all parts of the world proves its infallibility in diseases of the skin, the muscles, the joints and the glands. **Ulcers, Sores, and Tumors.** The effect of this unrivaled external remedy upon Scrophula, and other virulent ulcers and sores, is almost miraculous. It first discharges the poison which produces suppuration and proud flesh, and thus the cures which its healing properties afterward complete are safe as well as permanent. **Wounds, Bruises, Burns, and Scalds.** **Phlegmatic Fevers.** All irregularities and ailments incident to the delicate and sensitive organs of the sex are removed or prevented by a few doses of these mild, but infallible alteratives. No mother who regards her own or her children's health should fail to have them within her reach. **Scientific Endorsements.** "The London 'Lancet,' the London 'Medical Review,' and the most eminent of the faculty in Great Britain, France and Germany, have eulogized the Pills and their inventor. **Holloway's Pills are the best remedy known in the world for the following diseases:**
