

LOCAL INTELLIGENCE.

From Yesterday's Second Edition. Meeting of the Executive Committee. Distribution of Working Forces.

That they have, for the better distribution of the working force, divided the various lines of fortification into districts.

District No. 1, embraces the works from Cassin's Hill to Washington's; and No. 2, from the latter to the works on the right bank of the river.

District No. 3, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 4, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 5, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 6, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 7, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 8, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 9, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 10, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 11, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 12, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 13, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 14, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 15, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 16, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 17, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 18, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.

District No. 19, comprises the works on the right bank of the river, from the works on the right bank of the river to the works on the left bank of the river.

District No. 20, comprises the works on the left bank of the river, from the works on the left bank of the river to the works on the right bank of the river.
