Another Iron-Clad.

The Tecumseh, a new iron-clad, was launched from the dock at Jersey City on Monday. It was built after plans made by Captain Ericsson, and, as he adheres to his original idea, does not differ very essentially from the original monitor. The most important differences between the first Monitor and the Tecumseh consist in the armor and armament. Instead of 4½ inches there are 9 inches of iron, and the Tecumseh will have two 15-inch instead of one 11-inch and one 15-inch gun. The Tecumseh has sponsons which tighten the frame, as it were, and counteracts in a great measure the influence of the overhang. The Tecumseh has a length of 235 feet, width, 46 feet; depth of hold, 14 feet; draft of water, 15 feet; dimensions of cylinders 40 inches; tonnage, 1,400. The length of the original monitor was 190 feet; width, 50 feet; depth of hold, 9 feet; draft of water 9 feet; dimensions of cylinders 30 inches, tonnage 800. It is expected that the increase in the diameter of the cylinders will materially increase the speed of the vessel. Ericsson supplies her service speed at sea ten knots an hour.

Texas.

That a formidable Union expedition has left New-Orleans for Texas, and is doubtless by this time in possession of a portion of that State, is well known. Public expectation waits to hear of its debarkation at Brownsville on the left or eastern bank of the Rio Grande —an expectation which we do not share. Suppose it to number thirty thousand men, with adequate ships of war as well as transports, a tithe of it would suffice to overcome any rebel force to be encountered on the Rio Grande; while the march thence Eastward to the Nueces—not less than one hundred and fifty miles—through a desolate, unfurnished region, very poorly watered, would greatly exhaust and weaken it, beside consuming a good share of its supplies.

We do not know, nor wish to know, what are its orders; but we are sure such a needless waste of time and strength will be precluded by them. Our impression is that, while a detachment may be sent to the Rio Grande, to abut the gate through which the trans-Mississippi division of Rebeldom receives its imports of arms, munitions, medicines and clothing, the main body will debark somewhere near Galveston or on Matagorda Bay, and push straight into the heart of the State, avoiding fortified positions of decided strength and crushing the main rebel forces in a battle at the earliest practicable moment. Should that force evade a combat by retreating, a majority of the people of Texas will again be under the Union flag within a month, and glad enough to find themselves thus rescued from despotism and want and restored to security and comfort.—*N. Y. Tribune.*

Washington Items.

We find the following among the telegrams from Washington to the eastern papers:

ARMY CHANGES.

Col. Maynardier has been relieved from duty in the Ordnance Bureau, and ordered on an inspecting tour. Another Bureau chief of the War Department will probably go within a week.

EXCHANGE OF PRISONERS TO BE RESUMED.

The statement that the Government has determined to resume exchanges with the rebels as rapidly as possible, is correct. It is not true, however, that those brave officers of captured regiments who are in the hands of Jeff Davis will be left to their fate, with only a vague threat of retaliation. In case of illtreatment, an equal number of rebel prisoners of the same or higher rank will be held to await their fate.

THE PENNSYLVANIA COPPERHEADS.

The Copperhead County Conventions of Pennsylvania elect this fall delegates to the State Convention which is to choose delegates to the National Convention to nominate for the next Presidency. The Senatorial delegate from Schuylkill is Frank Hughes, and from Berks J. Glancy Jones. The representative delegates from these counties are men of smaller caliber, but of equally unmistakable peace principles. Men of the same kidney are likely to represent the State at the National Convention.

The arrival at New York, on Tuesday, of the clipper ship White Squall, from China, puts us in possession of the fact that still another rebel pirate is roaming the ocean. Capt. Dillingham, of the White Squall, reports that, on the 28th of July last, when about 160 miles from the Cape of Good Hope, he unexpectedly ran along side a bark-rigged vessel, which ran out guns, showing Confederate colors and made preparations to board him. Finding he had got into a trap, Capt. Dillingham determined to escape, if possible, by superior sailing, and succeeded after running a fire from the stranger.

A WORD FROM THE CORRESPONDENTS IN LIBBY PRISON.—The Cincinnati *Gazette*, of Wednesday, says: A letter was received yesterday from A. D. Richardson, dated Libby Prison, 23d August. He speaks of both James H. Browne and himself as being in good health, and the weather there as having been quite cool, thus rendering their imprisonment less severe than it would otherwise have been. Lieutenant Colonel Francis Darr, of General Foster's staff, and of this city, recently made still another effort to secure their exchange, but like all the rest it proved unavailing.

SAYS the Massachusetts *Spy*: "Mr. Lincoln has certainly learned 'the art of putting things.' When asked the other day, whether on the return of North Carolina to the Union, the slave-owners could be allowed to keep their work-people in bondage, he replied, 'My proclamation, setting free the slaves of the rebel States, was issued nearly a year ago!' Well said, Mr. Lincoln! The President must keep his word. There is no going back from our promises; too many Red sea waves have closed behind us for that. The word is made flesh, and dwells among us."

PHILADELPHIA COLORED REGIMENTS.—The Sixth United States colored regiment, which has been recruiting for the last few weeks at Philadelphia, was filled on Saturday afternoon. A new regiment was immediately commenced, and up to yesterday afternoon fifteen recruits had been received. The Sixth regiment will leave in a few days for their place of destination.

MR. F. L. OLMSTEAD, the author of "Seaboard Slave States," sailed from New York, on Tuesday, for California, where he goes to assume the position of Manager for the Mining company which has recently purchased the Mariposa estate from Gen. Fremont.

A SPANISH naval force has bombarded the town of Port-au-Plate, in San Domingo, entirely destroying it and killing many of the inhabitants.

A CORRESPONDENT of the Philadelphia *Press* says that on the night the enemy evacuated Fort Wagner, a party of Union troops visited Fort Sumter "and a couple of sailors, climbing into the ruins removed the rebel flag that still waved above the ruined parapet. They found no occupants to dispute their entrance. But as they proceeded on their watery way, stopping occasionally to bail out the leaky boats with hats and shoes, there rang out on the night air a shout of 'Heave to,' accompanied by the discharge of one of the howitzers, followed by cries of 'We surrender!' and, behold! a fine prize; three boats laden with part of the evacuating garrisons of Wagner and Gregg, consisting of a Major, a Captain, a Surgeon, and eighty-two rank and file."

GOV. VANCE, of North Carolina, in a proclamation against those who oppose the Confederate Conscription law, appeals to the people thus: "Let us exert ourselves to the utmost to return to duty the many brave but misguided men who have left their country's flag in the hour of danger." Another admission of the extent of desertions from the rebel army. His proclamation is ample proof of the disaffection among the people of that State —a disaffection so formidable that the Governor finds it prudent to beg instead of threaten.

SENATOR SUMNER'S SPEECH.—An edition of Senator Sumner's recent speech on "Our Foreign Relations" is preparing for transmission to Europe. Its typography and mechanical getting up will compare favorably with any similar publication ever sent from America. Other editions will be issued for gratuitous distribution and for sale in a few days. The stereotyp plates are under the control of the Young Men's Republican Union, by whose invitation the speech was delivered.—*N. Y. Tribune.*

THE UNITED STATES STEAMER VANDERBILT.—A man by the name of Morgan, at the Brooklyn Navy Yard, has received a letter from his son on board the United States Steamer Vanderbilt, dated the 17th of August. The letter was dated "ship letter," and forwarded in the usual manner. This is four days later than the advices received from the ship by the Navy Department, and seven days later than the date on which she is said to have been sunk by the rebel pirate.

COMPLIMENT TO GEN. ROSECRANS.—The government has just completed at the public printing office a volume of several hundred pages, embracing General Rosecrans' report of the battle of Murfreesboro, as well as the reports of his subordinate officers. It is issued in good style, and will be a valuable chapter in the history of the war. It is accompanied by the necessary maps, diagrams, &c. But two thousand copies have been printed.

DEMOCRATS FOR THE UNION.—William E. Lehman, Democratic member of Congress from Philadelphia, and one of the ablest leaders of that party, is out for Curtin for Governor. Every one of the "fighting McCooks" are out for John Brough for Governor of Ohio. Every one of them were Democrats in 1860, but their experience in the South has compelled them to bitterly oppose such political rebels as Vallandigham.

WESTERN RHETORIC.—A mule was drowned while the army of Gen. Rosecrans was crossing the Tennessee river. His last moments are thus graphically described by a correspondent of a western paper: "Notwithstanding his almost human agony and desperate exertions to save himself, he finally yielded up his breath, in one great asinine sigh that floated to the surface in a frail bubble."

SENATOR CHANDLER, in a speech at Cleveland on Tuesday, gave the Copperheads credit for promoting the abolition of Slavery in the United States.

BANKS.

FIRST NATIONAL BANK OF PITTSBURGH.

TREASURY DEPARTMENT,
OFFICE OF COMPTROLLER OF THE CURRENCY,
WASHINGTON City, August 5th, 1863.

WHEREAS, By satisfactory evidence presented to the undersigned it has been made to appear that the FIRST NATIONAL BANK OF PITTSBURGH, in the County of Allegheny, and State of Pennsylvania, has been duly organized under and according to the requirements of the Act of Congress, entitled "An Act to provide a National Currency, secured by a pledge of United States Stocks, and to provide for the circulation and redemption thereof," approved February 25th, 1863, and has complied with all the provisions of said Act required to be complied with before commencing the business of Banking

Now, therefore, I, Hugh McCulloch, Comptroller of the Currency, do hereby certify that the said FIRST NATIONAL BANK OF PITTSBURGH, in the County of Allegheny, and State of Pennsylvania, is authorized to commence the business of Banking under the act aforesaid.

In testimony whereof witness my hand and seal of office, this 5th day of August, 1863. HUGH McCULLOCH,
Comptroller of the Currency.

THE FIRST NATIONAL BANK OF PITTSBURGH, PA.,

(LATE PITTSBURGH TRUST COMPANY.)

CAPITAL, $400,000, with privilege to increase to $1,000,000.

The Pittsburgh Trust Company having organized under the act to provide a National Currency, under the title of the FIRST NATIONAL BANK OF PITTSBURGH, would respectfully offer its services for the collection of Notes, Drafts, Bills of Exchange, &c., receive money on deposit, and buy and sell Exchange on all parts of the country.

The success which has attended the Pittsburgh Trust Company since its organization in 1854, will, we believe, be a sufficient guarantee that business entrusted to the new organization will receive the same prompt attention.

Having a very extensive correspondence with Banks and Bankers throughout the country, we believe we can offer unusual facilities to those who do business with us.

The business will be conducted by the same Officers and Directors.
