Dr. Pershing.

Editors Gazette: I have recently learned, from sources I believe to be reliable, that the Rev. Dr. Pershing, Principal of the Pittsburgh Female College, is a "Copperhead." It is well known that in politics Mr. Pershing is a Democrat, and is a brother to the Pershing who edits a copperhead paper in Cambria county, and who was one of the worst copperheads in the last Legislature; but it was hardly to be expected that Dr. Pershing would carry his political notions into his school, much less that he would exhibit them in *copperheadism*; yet these facts are currently reported: In his instructions in political economy, &c., he would say that such and such things would not have happened if a *Democrat* had been in power, or a certain *Democratic General* had been in command. He would permit a certain young lady in his school to wear a *copper knot* badge unmolested, and yet when some other young ladies put on Curtin badges he commanded them to be taken off. When waited on by some of the young ladies to ascertain his loyalty, he refused to answer their respectful question, put on his dignity and politely showed them the door; and his most intimate associate, it is said, is one of the vilest copperheads in the city.

Now, if these things are true, Mr. Pershing should not be at the head of the Pittsburgh Female College. A man holding that position in this community should not only be loyal to the Government, but he should be above suspicion on that point. It is due, therefore, to the loyal patrons of that school, and to the loyal sentiment of this community, that Dr. Pershing's real sentiments and position should be known.

I make these suggestions in the hope that Dr. Pershing will state publicly whether the facts above stated are true, and will also define his position. W.

P. S.—If Dr. P. desires my name, you can give it. W.

The Next Coal Run.

It is roughly estimated that there are now 4,000,000 bushels of coal in the boats and barges, on the pools of the Monongahela, awaiting shipment to Cincinnati, Louisville, and points below. This amount is much less than might be expected, and indeed less than some persons claim. The principal reason why the amount is not double, is because of the inability of our coal merchants to procure barges in which to float it to market. The scarcity of diggers has also operated, in some degree, to lessen the amount. The high prices in the lower markets, however, will insure an ample supply as soon as there is a sufficiency of water to get the product to the points of consumption. The entire 4,000,000 bushels will go out on the first rise, and this will last the consumers below until the barges are returned for another run. Our merchants are now anxiously awaiting the rise which generally takes place about election time, but at present the prospects seem exceedingly remote. The rise may come in a week, or it may be "postponed" until snow falls on the mountains.

Arrest of Railroad Conductors.

Quite a sensation was created in Harrisburg, on Tuesday last, by the arrest of several of the conductors on the Lebanon Valley and the Reading and Philadelphia railroads, charged with having, at several periods, while running their trains, embezzled large sums of money. Other arrests were made at different points on the road, including baggage-masters and conductors, who are all implicated in the same charge. It appears that the company have had in their employ a number of detectives, who have been traveling on the different trains, noting the number of passengers who were in the cars, the distance which they traveled, &c., and on the returns made by these detective officers, when they were compared with the returns made by the conductors themselves, the evidence of embezzlement is derived, and the arrests in question have been made.

Malicious Mischief.

On Thursday, a colored man named Abraham Whitefield, who had left a valuable buggy on the premises of a friend named Butler, in Sharpsburg, appeared before Alderman Donaldson and preferred a charge of malicious mischief against Mary Butler and Mary Robinson, colored, whom he charged with having destroyed the buggy. He alleges, on the authority of the party with whom the vehicle had been left, and who is a relative of one of the defendants, that they hauled the buggy up a hill; and after getting into it they let it go, taking a jolly but dangerous ride, and breaking the buggy to pieces. The accused denied having done the damage, but alleged that some men who were at a pic-nic destroyed the vehicle. The accused were held to answer.

EDITOR ROBBED.—W. L. Davis, editor of the Easton *Daily Express*, had a box containing three hundred dollars, and a number of valuable papers, stolen from a table in his office, a few days ago. GOT SHAVED.—M. W. M'Connell, at one time a resident of Meadville, a graduate of Allegheny College, was captured with Morgan's band, and is now in the Ohio Penitentiary with his head shaved. At the breaking out of the rebellion, he deserted his country, and as northern born rebels generally do, made one of the worst of traitors. He now bids fair to get his just deserts.

OUR SPECIAL DISPATCHES.
FROM WASHINGTON.

Special Dispatchs to the Pittsburgh Gazette.

WASHINGTON CITY, Oct. 15, 1863.

THE NOVEMBER INTEREST.

Remittances in coin checks, covering the November interest on U. S. Bonds, will be made to the National Banks in season for collection by the first of November. There is no need to send here for coupons. Acting Secretary Crittenden's remarks about foreign investments in our bonds, is calculated, as reported, to convey a wrong impression, although $330,000 was received in one day. This was an exception. The whole amount received from abroad within the last fifteen days is $1,000,000. Of course further statement that foreign capitalists have invested enough to pay our whole army up to November 1st, is incorrect.

THE SITUATION IN FRONT.

There is at last light upon the situation in front. The fighting yesterday grew out of an attempt of the rebels to cut off a train of wagons at Bristow Station. The immediate guard was first driven in, but the second corps suddenly attacked them, and after a brisk fight put the enemy to flight, and captured a rebel battery in five minutes in the hottest of the engagement. Thirty-six pieces of artillery were at work.

GUERRILLA RENDEZVOUS DESTROYED.

At Brentville a guerrilla rendezvous was destroyed.

MEADE READY FOR LEE.

Meade has lost no stores, guns or wagons. He has his men well on hand, and fully ready for Lee.

SICKLES NOT TO SUCCEED MEADE.

Gen. Sickles went to the front to-day. The report that he is to succeed Meade is, of course, utterly unfounded. He is not able, even were he selected. No probability of an immediate change.

ARRIVAL OF SICK AND WOUNDED SOLDIERS.

Over four hundred sick and wounded soldiers arrived here yesterday and to-day, and about two hundred additional wounded will arrive to-morrow, from Fairfax. The following from Western regiments have arrived and been distributed among the hospitals here: Wm. Dullage, Abram Van Arman, Chas. Harrison, James Carson, 7th Michigan; Isaac Anderson, 6th Michigan; Henry C. Keene, C. Peolon, 3d Indiana cavalry; William J. McCormick, 5th Michigan; G. N. Gardner, 12th Illinois cavalry; E. H. Brown, 8th Illinois cavalry; N. J. Mohlier, Erastus Roberts, Harvey Lambert, 12th Illinois cavalry; William Gosen, L. Bush, Philip McKea, 8th Illinois cavalry.

Four hundred and seventy-five prisoners of war arrived this evening, captured at Bristow Station yesterday. One report makes it out that we captured two rebel batteries; another fourteen guns.

ELECTION RETURNS.

Special Dispatches to the Pittsburgh Gazette.

PENNSYLVANIA.

PHILADELPHIA, Oct. 15, 1863.

All the counties have been heard from. Curtin obtains 55,308 votes, and Woodward 34,886; giving Curtin a majority of 20,422. The official return will differ a little from these, and are as likely to increase the majority as to lessen it. In Philadelphia several wards donsidered hopelessly Democratic, have come out nobly for the Union. The city may be considered permanently for the administration during the remainder of the war.

Gen. McClellan's letter had no circulation outside of the city, and the majority for Curtin shows that it was paper wasted. It is now scarcely spoken of. McClellan's influence is evidently a thing of the past. Had he been a clever politician he would never have committed himself to a failing cause. The enthusiasm has sottled into a quiet joy and satisfaction in the great result. The Governor, Legislature and City Councils are all for the Union, and Pennsylvania's entire influence is pledged to the Administration.

OHIO.

GEN. MEADE'S NEW POSITION.
Exciting Rumors in Washington.
BATTLE PROBABLY COMMENCED.
STRENGTH OF THE TWO ARMIES.

WASHINGTON, Oct. 15,—A correspondent of the New York *Commercial* says: The moment the rebels saw that in the retreat from the Rapidan, of our army, on Saturday last, it was General Meade's intention to reach the north bank of the Rappahannock in safety, they commenced a rapid march, to turn our right flank, but General Meade was too soon for them, and had taken up his position on the north bank of that stream. Nothing daunted, however, by this failure, the enemy has continued to advance even to the north bank of the Rappahannock, and, yesterday, was in General Meade's front in considerable force. It is reported that skirmishing was kept up all day, and that our army fell back on the line of the railroad.

It is said that this morning Lee appeared in force again, and commenced an attack. Washington is seething with excitement over the rumors. It is fully believed that a battle has commenced, and that Meade retreated to obtain a choice of a battle field, desiring to reach Manassas if possible. Lee will fight, with the Rappahannock, behind him, and has not, it is believed, superior numbers. Yet no one would be surprised to hear on the heels of such belief that the rebels had suddenly been reinforced. Of course all sorts of rumors are afloat. Gen. Meade is much stronger than is generally supposed.

From Memphis.

MEMPHIS, Oct. 13.—Many of the rebels that were in the fight at Cullionsville on Sunday, the oath of allegiance, which they had taken, and various passes through our lines, which they had obtained for alleged local purposes, were found upon their persons. This perfidy will bring upon our country people terrible retribution, and stop what little intercourse and trade have been permitted to the inhabitants.

Gen. Hurlburt has just issued a special order prohibiting civilians from passing to and from Memphis and Charleston by railroad.

Hurlbut's forces, who had been sent after Chalmers, have been skirmishing with him yesterday and to-day. They have driven him beyond the river, and are still following and punishing him severely.

From Tennessee—Wheeler Driven Across the Tennessee River—Bragg Reported Falling Back.

NEW YORK, Oct. 15.—A special to the New York *Times*, dated Stevenson, Ala., 15th inst., says:

The situation continues uninteresting, and heavy rains have raised the Tennessee.

The rebel Wheeler recrossed the Tennessee at Muscle Shoals, closely pursued to the river by our troops. He was driven from Huntersville by a brigade of our cavalry.

Refugees who come into our lines report Bragg marching back apparently in distress at the exhaustion of the country in which he has been living. Though this is not good authority, there is some reason to believe that the enemy is on the move.

THE ATTACK ON MEADE'S ARMY.
Rebels Repulsed with Heavy Loss.
CONGRATULATORY ORDER TO THE ARMY OF THE POTOMAC.

WASHINGTON, Oct. 15.—The following general order was published to-day:

Headquarters Army of the Potomac, Oct. 15.—The Major General commanding announces to the army that the rear guard, consisting of the Second corps, was attacked yesterday while marching, by flank. The enemy after a spirited contest was repulsed, loosing a battery of five guns, two colonels and 450 prisoners. The skill and promptitude of Major General Warren, the gallantry and bravery of the officers and soldiers of the Second corps, are entitled to high commendation.

By command of Major General Meade.

S. WILLIAMS,
Assistant Adjutant General.

The guns captured, four of which are United States Regulation 3-inch, and one Blakely gun, were exhibited here to-day.

The prisoners were mostly Carolinians, fifty of whom have expressed the desire to take the oath of allegiance.

Our casualties yesterday were small. A considerable number of rebel dead and wounded fell into our hands, the latter not being included in the foregoing aggregate of prisoners.

The march from our late to the present position was accomplished in most perfect order, and without the loss of wagons or other property. The enemy was held in check at every point where they attempted a surprise or attack. The forces that attacked Gen. Warren was portions of Gen. Hill's Corps. Some of the prisoners state that they had marched from Hanover Court House, near Richmond, since Saturday last.

A Convention of Slave States—Shelby's Guerrilla Band Broken Up.

ST. LOUIS, Oct. 15.—An invitation to the friends of freedom, consisting of the slave States, to meet in Convention at Louisville, Ky., on the 8th of January next, to consult together to take action on the question, appears in the *Democrat* to-day, signed by Congressmen and other prominent gentlemen of this State.

Several squads of Shelby's raiders crossed the Pacific Railroad on their way south, pursued by Gen. Brown's cavalry. Shelby's raid is at an end; his forces are scattered in every direction.

From California.

SAN FRANCISCO, Oct. 15.—The long detention and stoppage of several California bound ships en route from New York and Boston, to Rio and Valparaiso, coupled with the loss, by capture, of four clippers, and the foundering of the Donate, off Cape Horn, is beginning to have its legitimate effect in our market. Many staple goods, usually supplied almost exclusively from Atlantic ports, are running low in stock, and some leading articles are now quite out of market. Prices in consequence are well sustained and hardened.

Curtin's Majority.

PHILADELPHIA, Oct. 15.—The Union League has reports from most of the State, giving the majorities claimed by the Democrats. In the State they figure up as follows: Curtin, 55,308; Woodward, 34,886. Curtin's majority, 20,422.

Arrival of Sick and Wounded Soldiers.

NASHVILLE, Oct. 15.—The evening trains from the front are bringing in the sick and wounded. The churches have again been taken for hospitals. All quiet at Chattanooga. The river has risen fifteen inches.

Soldiers' Vote.

ST. LOUIS, Oct. 15.—The vote of the Iowa soldiers in this city, yesterday, was: Stone 482, Tuttle 42. Ohio soldiers, House of Refuge Hospital, Brough 60, Vallandigham none.

Chicago Market.

(From the Tribune of Wednesday.)

To-day the general markets had a strong downward tendency, notwithstanding the extraordinary advance in gold. The trouble here is not a scarcity of gold, but of greenbacks. Bills of Exchange were hawked about the street at a discount—the bankers generally refusing to buy at any reasonable quotations.

The Flour market was more active; but in consequence of a further advance in freights of 15c a bbl, there was no quotable change in prices, although the sales were generally at the full quotations of yesterday. Upwards of 7,000 bbls changed hands at $6,25@6,50 for White winter extras; $5,00@5,25 for Spring extras; and $4,50@4,60 for Spring superfine.

The wheat market ruled 1c @ bushel lower, and closed steady—with sales of about 220,000 bushels at $1,17@1,18 for No 2 Red; $1,08 for Rejected Red; $1,15@1,16 for No 1 Spring; $1,12@1,13 for No 2 Spring; and $1,06@1,08¾ for Rejected Spring—the market closing steady at $1,15@1,15½ for No 1 Spring, and $1,12@1,12½ for No 2.

Corn was very dull and 2c @ bushel below yesterday's lowest figure—with sales of only about 53,000 bushels, at 84@85c for No 1; 82@83c for No 2; and 81c for Rejected—there being no demand at the close at the inside quotations.

The market for Oats was very "panicy," and prices have fallen within the past 24 hours, 7½@8c per bushel—with sales to-day of 230,000 bush at 61@65c for No 1, and 60c for No 2 oats in store—closing firm at the lowest quotation.

Rye was steady and closed very quiet—with sales of No 1 at 90@93c.

The market for Barley was less active, but prices were firm at $1,24@1,25 for No 2, and $1,30 for No 1.

Highwines were quiet at 91c. Alcohol $1,20@1,22.

Beans are dull. Timothy Seed was quiet at $2,10@2,25. Flax Seed dull.

In Provisions there was considerable activity and a firm market. Mess Pork is held very firmly at $15,00, and we report sales to-day of about 500 bbls at $14,75@15,00. A lot of 500 bbls Milwaukee packed was sold for December delivery at $15,00; but Chicago packers refuse to contract at such figure. Lard was in active demand at 11c, but holders were asking an advance of ¼@¾c. A lot of 200 tcs prime Leaf for November delivery, was sold 10¾c. Brown Grease was sold at 5¼c. A lot of 500 tcs India Mess Beef, cured, was sold to-day at $23,00. At the close common India Mess was held at time figure.

LAYER.

This evening at the meeting at the Tremont House, quite a panic took place in the grain markets, and prices fell very materially. The decline in gold in New York at the close, and the gloomy character of the dispatches from there concerning produce, frightened holders, and there was a general anxiety to realize. Wheat fell 3c per bushel below the lowest prices quoted on Change—with sales of about 40,000 bushels, at $1,12@1,14 for No 1 Spring; and $1,09@1,11 for No 2 Spring—closing at the lower quotations. This is a total decline to-day of 6c per bushel. Corn was extremely flat, and prices fell 6c per bushel below the lowest prices on Change—with sales of about 10,000 bushels at 78@80c for No 1 Corn in store—closing dull. Oats were "panicy," and the market suffered a further decline of 3c per bushel—with sales of about 100,000 bushels, at 58@60¾c for No 1 store—closing at the inside figures. This is an actual decline of 10@11c during the past 24 hours, or 14@15c per bushel since Saturday.

DR. KEYSER'S

PECTORAL SYRUP

CURES CONSUMPTION, CURES BRONCHITIS,

CURES COLDS, CURES ASTHMA;

CURES ALL DISEASES OF THE LUNGS.

I invite attention to some of the most extraordinary cures by my

PECTORAL SYRUP.

They are at home, and any one who has doubts can inquire of the persons who have been cured by it.

DR. KEYSER IS PREPARED AT ANY TIME TO EXAMINE LUNGS, WITHOUT CHARGE, FOR ALL THOSE WHO NEED HIS MEDICINES.

ATTEND TO YOUR COLDS.—A case of five years' standing cured by DR. KEYSER'S PECTORAL SYRUP!

PITTSBURGH, Jan. 11, 1860.

DR. KEYSER: My wife has been afflicted with a bad cough and difficulty of breathing for five years, which for several years back had gradually increased in violence. The complaint has been hereditary, and she had been treated by several physicians without any relief. In this state of her case, I procured some of your Pectoral Cough Syrup. I bought, the first time, a fifty cent bottle, which relieved her very much; I then called and got a dollar bottle, which cured her entirely, and she has now no trace of the former disease, except weakness. I would also state that I used the medicine myself to a cold and cough. The medicine cured me by taking one dose. I express my entire satisfaction with the medicine, and you are at liberty to publish this if you desire to do so.

WM. WILSON,
Alderman, Fifth Ward.

PITTSBURGH, Nov. 18, 1858.

DR. KEYSER: I have been, more or less, in my life, affected with the sovereign of colds and horsenese. At times my throat would become so closed as to prevent my speaking above a whisper, and by taking a few doses of the above Syrup it would relieve me entirely.

In recommending this medicine, I must unhesitatingly say that it is the best remedy I ever found, purporting to cure the above, nor should any family be without this remedy for diseases so prevalent.

Yours, most respectfully,
EDWARD J. JONES,
Cashier Citizens' Deposit Bank.

COL. PRATT AND DR. KEYSER'S PECTORAL SYRUP.

DR. KEYSER—*Dear Sir*: Excuse the delay in my acknowledging the excellence of your Pectoral Cough Syrup sooner. I take great pleasure in saying that it is all you say it is. *It knocked the wind out of my cough*, and the worst one I was ever afflicted with. I have not used more than one-half of the bottle, and I can and do wish that all who are afflicted would give it as fair a trial as I have done, and they will be proud to say, "It is no quack medicine." I would not suffer another such an attack for any consideration, or at any cost. I am confident I can breathe more freely than I ever did. I shall always acknowledge a debt of gratitude for inventing so excellent a remedy. You are at liberty to use my name in this regard, as you think proper.

E. F. PRATT,
Messenger Common Council, Pittsburgh.

Pittsburgh, May 11, 1859.

N. B.—I am no stranger to my fellow citizens, and all who entertain doubts can consult me personally.

PITTSBURGH, April 25, 1857.

READ, THE TRUTH.—DR. KEYSER: I have a daughter who has taken several medicines for a bad cough, without benefit—among them Ayer's Cherry Pectoral. I purchased from you a bottle of your PECTORAL SYRUP, and before she had used half a bottle she was relieved. The second bottle cured her entirely of her cough.

SEMPLE CLAY. St. LOUIS, MO.

Having accepted the Agency for the sale of the SEMPLE CLAY, mined near St. Louis, Mo., I invite the attention of Glass and Steel Manufacturers to the Analysis given above, as reported by Profs. A. A. Hays, of Boston, and J. C. Booth, of Philadelphia, manufacturers in Pittsburgh, Cincinnati and St. Louis, determines it to be the purest and most valuable Clay now known, whether Foreign or American. Pots made from it have stood in the Glass Furnace from 6¾ to 9 months.

The Analysis is of the Clay as taken from the mine, without any washing or preparation whatever. It possesses great adhesiveness and plasticity qualities, which are not shown by the Analysis, and which admit of the mixture of a large proportion of shell or burned clay.

I am now prepared to fill orders for the above Clay to be shipped from St. Louis or delivered here.
