CITY AND SUBURBAN.

From Yesterday's Evening Gazette

Projected Bridge at the Point.

We have already reported the preliminary steps taken towards the erection of a bridge over the Monongahela river, at or near the Point, and we learn the project is succeeding admirably. Upwards of $100,000 have already been subscribed, and this before the Commissioners have organized for business. The subject of constructing a bridge over the Monongahela, at the point indicated, has long engaged the public attention, and in the estimation of many intelligent minds the improvement has become a matter of public necessity. It is argued, and with great force, that the facilities afforded by the ferry line are wholly inadequate to the present wants of the people, and that a constant and more reliable means of access is imperatively necessary. There are, doubtless, those who will oppose the project, particularly those engaged in boating, but it is contemplated to construct the bridge in such manner as to greatly reduce, if not entirely obviate this opposition, by leaving the channel of the river free and unobstructed. The data now in possession of the Commissioners, leave no doubt whatever, in their minds, that the investment will pay handsomely; and as they will have no difficulty in securing the requisite capital, the enterprise is already regarded as a fixed fact.

We understand that the Commissioners, and all others interested, will hold a meeting, on Saturday afternoon next, at two o'clock, at Harp's Hotel, when an organization will doubtless be effected. The following are the names of the Commissioners: H. J. Brooks, James Wood, Christian Zug, Samuel Hartman, John F. Singer, Caleb Foster, Elijah Heath, Robert Woods, M. B. Brown, Robert Sterrett, Jas. Trunick, Samuel A. Low, Lmac Walker, Jr., Benj. McVay, G. Y. Coulter, Moses Chess, Thomas Steel, Alex. McKee, Rody Patterson, James S. Craft.

Water Meters in Allegheny.

We learn that it is the intention of the city authorities of Allegheny to procure a number of water meters, for the purpose of having them applied where the consumption of water is large. This has been determined upon, we believe, in consequence of complaints made by large consumers, that the tax which they pay to the city is exorbitant. For instance, the Pittsburgh, Fort Wayne & Chicago Railway Company, whose outer depot and machine shops are supplied with water, is taxed nine hundred dollars per annum, and it is contended that this is too high. Two similar complaints are made by other large consumers. A new water meter has been invented, and is now in use in some of the eastern cities, which will measure accurately every gallon of water used, and is placed on the supply pipe leading from the city main, as gas meters are adjusted. We are not advised as to the amount which will be charged, but 10 cent per hundred gallons is the figure spoken of. This would seem to be cheap enough, as it would give two and a-half barrels of water for a cent. Before the days of hydrants, the good people of Allegheny were glad to purchase river water at twelve and a-half cents per barrel, and had to put up with innumerable disappointments and annoyances besides. It makes housewives now-a-days shudder to think of the inconvenience and expense which would be occasioned by the removal of the hydrants, and a return to the "ferry barrel" system. But we are digressing, and must return to the subject. It is proposed to place these new meters on the supply pipes of the leading consumers of the city—say the railroad shops, penitentiary, cattle yards, and the principal manufactories—and make each pay according to the quantity of water used. We presume no one will grumble at the price—ten cents for one thousand gallons. Indeed, it is plain that most private families pay at a much higher rate. Six dollars per year, which is about an average tax, would be nearly two cents a day—and what family uses two hundred gallons, or five barrels of water per day? This quantity might be wasted, but it could not be used. But it would be impossible to adjust meters in the houses of private consumers, for the reason that the cost is very high, and would have to be borne by the party requiring it. The price of the instrument proposed to be introduced in Allegheny, at the places mentioned, is two hundred and fifty dollars. Until a cheaper instrument shall have been invented, therefore, water meters cannot come into general use. Their application, however, will doubtless prove very useful in determining the quantity of water used, where the matter is in dispute.

Allegheny Ladies' Aid Society.

The following donations were received by the Allegheny Ladies' Aid Society, for the sick and wounded soldiers, since November 12th:

Mrs. Fairman, 1 white flannel shirt, 1 pair drawers and $10; Mrs. Black, 1 pair socks, quantity of onions and dried fruit; Mrs. Brewer, 21 cans fruit; Mrs. Redpath, number of religious papers; Mrs. Wilton, of Sewickley, 1½ gallon can tomatoes, 1 do. cherries, 2 bottles blackberry wine, 1 bottle catsup and 1 jar peaches; Capt. Pollock, 1 barrel grape wine; Mrs. Frances, number of pocket handkerchiefs; Mrs. Joan Lockey, 6 pairs knit socks; Mrs. child; Mrs. Joan Lockey, 6 pairs knit socks; Mrs. D. Elliot, $5; work by the ladies of the society, 72 flannel shirts and 25 pairs knit socks—each shirt contains a pocket furnished with a handkerchief and some religious reading.

The Society gratefully acknowledges the receipt of the following collections taken on Thanksgiving Day: 1st U. P. Church, Allegheny, Rev. Dr. Prossly pastor, $64 31; Central Presbyterian Church, Rev. Mr. Orr, $67 63; Beaver Street Methodist, Rev. Mr. Aiken, $10; Presbyterian Church, Manchester, Rev. Mr. Conrad, $16 85; Saint Andrew's, Pittsburgh, Rev. Dr. Preston, $85 63; Christ's Church, Pittsburgh, Rev. Mr. Suively, $50—part only of their collection; 1st Presbyterian Church, Allegheny, Rev. Dr. Swift, $58 73; also from Thomas Day and several other little boys, $2 35.

We are pleased to have this opportunity to tender our thanks to Mr. Henry Wheeler for his present of an excellent sign, "Ladies Soldiers' Aid Society," corner South Common and Federal street, where donations may be left at any time with Mr. R. H. Davis, and where we meet every Thursday from 3 to 5 o'clock, to give out work and to receive and pack up for immediate use garments, etc. An urgent invitation is extended to all who meet with us.

Entertainment for the Benefit of the U. S. Christian Commission.

The friends of this worthy agency will be pleased to learn that the Sabbath School connected with the Central Presbyterian Church, (Dr. Jacobus') corner of Sixth and Smithfield streets, propose giving an entertainment on Thursday evening, 3d inst., for the benefit of the Christian Commission. The exercises will consist of addresses by Rev. John B. Clark, Rev. John Douglas, D.D., and Prof. S. J. Wilson. There will also be some excellent music, Harry Rieber, with his justly celebrated quartette, having volunteered their services, for this occasion. Prof. W. H. Slack will also lead the scholars connected with the school, in singing some selections of music.

As the occasion will be a pleasant union of the friends of Sabbath Schools, and the friends of our brave soldiers, we have no doubt the church will be crowded. Already a large number of tickets have been disposed of.

Officers Sworn In.

This morning in the Quarter Sessions, the commissions of Wm. A. Herron, Esq., Clerk of the Courts, Abdiel McClure, Esq., Recorder, and Wm. A. Richardson, Esq., Register, were read in open Court. Judges Sterrett, Mellon and Stowe were called upon the bench, and by invitation, Hon. Moses Hampton, President Judge of the District Court, was present and administered the oath of office to the respective incumbents. Messrs. Herron and Richardson are tried public servants, and have both received the high endorsement of a second election. Mr. McClure is a new official, but he will doubtless fully satisfy the expectations of his constituents, and prove the fitness of their choice.

The retiring Recorder, Jonathan P. Ross, Esq., has discharged his duties in a faithful and satisfactory manner, and retires with the good opinion and best wishes of his fellow citizens.

THE REMAINS of the late Capt. Charles A. Atwell, of Knap's Pennsylvania Battery, having been recovered and embalmed, are expected to arrive on Wednesday evening, or Thursday morning, by express. The funeral will take place shortly after the arrival of the body, from his late residence, of which due notice will be given.

We understand that the members of Battery A, of this city, intend to attend the funeral, together with an escort of the Provost Guard.

Death of a Minister.

A dispatch has just been received by his relatives in this city, that the Rev. George C. Arnold, pastor of the Fourth U. P. Church, Philadelphia, died in Chicago, Illinois, yesterday. Mr. Arnold was a native of Washington county, in this State, was well known in this vicinity, and was an esteemed and popular minister, in the United Presbyterian Church. He was united in marriage some years since to Miss Jamison, sister of the Messrs. Jamison of the firm of McCandless, Jamison & Co., Wood street. He was on his way home from Wisconsin, whither he had gone in hopes of recruiting his failing health.

Battery H—Nevin's Battery.

We direct attention to the card of Lieut. T. M. Finley, who is authorized to enlist men for Nevin's old battery—a very popular Pittsburgh organization. The highest bounties paid by the Government can be obtained on application to Lieut. Finley, who is also authorized to recruit for any regiment of artillery, infantry or cavalry now in the field. His office is at No. 37 Fifth street, and we can recommend him as a most gentlemanly and deserving officer.

A BULL BULLED.—The *Chronicle*, in trying to translate a French phrase, which occurred in one of its telegraphic dispatches, takes the adjective *amere* for the noun *amour*, and translated it *love* instead of *bitter*. The *Post* undertakes to correct the *Chronicle*, but in doing so, it commits the grossest grammatical mistakes—thus:

"*Patience est amer, mais son fruits sont doux.*"

"Patience is *bitter*, but it's fruit is sweet."

The quotation, correctly given and translated, is as follows:

"*La Patience est amere, mais son fruit est doux.*"

"Patience is bitter, but its fruit is sweet."

"CHOICE OF PARENTS."—IMPORTANT.—In all cases where exemption from draft is asked, on the ground that "two or more sons are liable to military duty," the choice must be made before December 20th, and not postponed until the draft has been made. Last draft, owing to the law being new and imperfectly understood, parents were allowed to exempt one *where two were drafted*. This cannot be allowed in the January draft.

SAD ACCIDENT.—On Tuesday evening, a young lady named Annie Jackson, of Carlisle, was horribly burned. She was sitting by a stove, when her clothes took fire and burned some time before she discovered it. She then rushed into the yard, when her cries brought some persons to her assistance, who succeeded in extinguishing the flames. She is still in a critical condition.

LEFT FOR WASHINGTON.—Gen. J. K. Moorhead, of the 22d Congressional District, left this city yesterday, for Washington, to be present at the caucuses previous to the opening of Congress. Hon. Thomas Williams, representative of the 23d District, will leave in a day or two.

CONVENTION OF COUNTY SUPERINTENDENTS.—The State Superintendent has issued a call for a meeting of the County Superintendents at Harrisburg, to commence on the 12th day of next January. It is hoped that the meeting will be a full one, and that much good may result.

COMMERCIAL RECORD.

FINANCE AND TRADE.

The only new feature of notice in coin, is a decline of one-half per cent., in gold, the New York quotations at noon to-day, being 143¾. Silver also, is lower, quoted at 145. Here, our bankers are paying 135 for gold, and 141@142 for Silver.

The reported capture of two rebel corps by Gen Meade, which was telegraphed on Monday, appears to have created quite a panic among the stock jobbers and gold-dealers in New York. Gold almost instantly on the reception of the news, declined 3 per cent., but subsequently rallied again, after the rumor had been ventilated. It was doubtless originated for the very purpose which it accomplished.

The 5-20 loan sold last week, amounted in the aggregate to $4,950,650. The sales do not aggregate quite so much as the previous week, but show a daily average of $665,941. The most remarkable feature of the exhibit is the large amounts of the loan taken in Maryland, District of Columbia and Ohio. Up to the present time there have been sold of the five hundred millions authorized $383,000,000 or $84,000,000 including one hundred and sixteen or seventeen millions yet unsold.

The dividend promised by the Illinois Central in January will be the third dividend within twelve months; two per cent was paid in February, two per cent in July, and four per cent is to be paid eight per cent. The next income this year is largely increased by collections upon the lands, which average over $100,000 per month, for twelve months the sales of land since January exceed two million dollars.

The Associated Banks of New York have just done away virtually with the equalization principle in reference to the legal-tender currency held among themselves. Hereafter no banks holding 10 per cent (in proportion to capital), of the aggregate legal-tender reported to the Clearing House from day to day will be required to equalize by borrowing of the loan committee (as per circular), The loan committee is continued until the Government delivers the $35,000,000 5 per cent legal-tender contracted for on 30 September.

PITTSBURGH MARKETS.

TUESDAY, December 1, 1863.

FLOUR & GRAIN—Wheat is firm but unchanged at $1,30 for Red from wagon and $1,35@1,40 for White. The receipts are very limited, and the stock in market is light. Corn is firm with but little in market; Shelled is held at $1,20@1,22½on track; sale of 300 bush in Ears from depot at $1,15. Oats firm at 75 to 80c from first hands and store; sale of 300 bush at 75c. Barley is quiet but firm at $1,35 for Spring, and $1,50 for Fall. Flour is firm with small sales from store at $5,80 to $6,00 for Extra, and $7,00 to $7,25 for Extra Family; sale of 200 bbls "Star of the West" at $7,25. Rye flour may be quoted at from $6,05 to $6,75. Buckwheat is dull and nominal at former quotations.

HOGS—The weather being very favorable for packing, there is a good demand for Hogs, and good averages sell readily at full quotations. The receipts are only moderate, and the offering are mostly light weights. We note sales of 100 head averaging about 220 lbs, at $8,50 per cwt, gross; 178 head, averaging 220 lbs. at $8,60, and 200 head, averaging 300 lbs at $6,00.

GROCERIES—The grocery market is exceedingly quiet, the demand being very light, and the transactions mostly of an unimportant character. Prices, however, are well sustained.

MILL FEED—firm with a good demand and but little in market. Sale on wharf of 20 tons Shorts at $1,30 per cwt, and 6 tons Middlings at $1,00.

HAY—The supply is very light, and falls far short of the demand. We note sales of loose from scales at $40 per ton, and Baled may be quoted at $35 to $37.

SEEDS—There is considerable inquiry for Flax Seed, mostly on eastern account, and we note small sales from first hands at $2,60 to $2,65 per bushel.

BUTTER & EGGS—There is a continued good demand for Roll Butter and quotations may be fairly given at 25 to 30c—the latter figure only for strictly prime. Eggs scarce, and we note small sales at 22 to 24c per dozen.

PROVISIONS—sales of 10 bbls Mess Pork at $16,50 per bbl, and 20 tcs prime No 1 Lard at 12c.

APPLES—There is no change whatever, and while the market is well supplied, prices remain as last quoted, ranging from $2,25 to $2,75 per bbl, for common to prime.

GREASE—sale of 60 bbls at 9¼c per ℔.

SALT—sale of 60 bbls No 1 Extra from first hands, at $2,50 per bbl.

Pittsburgh Petroleum Market

DEC. 1—The market for Crude was rather unsettled to-day, and the transactions in the aggregate were light. The rise in the Allegheney river, and the prospect of improved receipts, caused buyers to hold off in anticipation of reduced prices, while on the other hand, holders appeared obstinate, and refused to make any concessions. The receipts, although larger than for some days previous, did not reach the expectations of buyers, and it is but proper to remark that the most of that which did arrive, had either been previously sold, or was consigned to the eastern markets. Quotations may be fairly given at 16@16½c in bulk, and 20@21c in bbls—bbls included—and these are the extremes of the market. The only sale of Crude we could hear of, was 400 bbls at 21c—bbls included.

There is a decidedly better feeling in Refined, and, while there has been no marked change in values, the market is firmer, and the transactions, in the aggregate, more liberal. We note sales of 100, 200 and 500 bbls. bonded at 35; 400 bbls free at 44 and and 300 and 200 bbls at 45. Some of our refiners are asking 36@38 for bonded, and 46@48, free, but no sales have, as yet, been made above our quotations.

Naptha is dull; inactive and neglected, and, in the absence of *bona fide* sales, we quote nominally at 15@17. Residium is quiet, but firm at $4,00 to $4,25 per bbl.

Death of a Minister.

A dispatch has just been received by his relatives in this city, that the Rev. George C. Arnold, pastor of the Fourth U. P. Church, Philadelphia, died in Chicago, Illinois, yesterday. Mr. Arnold was a native of Washington county, in this State, was well known in this vicinity, and was an esteemed and popular minister, in the United Presbyterian Church. He was united in marriage some years since to Miss Jamison, sister of the Messrs. Jamison of the firm of McCandless, Jamison & Co., Wood street. He was on his way home from Wisconsin, whither he had gone in hopes of recruiting his failing health.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, Dec. 1.—Crude is quiet but firm at 20c. Refined in bond is also firmer but unchanged; 40c is offered, and 42c is asked. Free oil is steady at 50 to 51c, and Naptha is quiet at former quotations.

The Supply of Food.

The monthly report of the Commissioner of Agriculture for October gives pretty reliable information as to the supply of food for the ensuing year. This report is founded upon estimates from all parts of the country. The bushels of corn are put at 452,446,128, against 586,709,474 last year; buckwheat at 15,321,305 bushels, against 18,722,408 last year; potatoes at 101,-157,144 bushels against 114,533,118 last year; sorghum molasses at 6,970,882 gallons, against 10,203,726 last year. The hog cholera prevails in Indiana, Illinois, Ohio and Michigan to such an extent that the number of hogs is one-fifth less than last year, and their condition 30 ℔ cent below the general average. It is believed that but few hogs will be sufficiently fattened in these States to make mess pork or to produce a supply of lard. The foreign demand for pork last year was 295,965 pounds. It will probably be as great or greater the ensuing year. The European demand for corn and wheat will not probably be so large as during the two or three years past. A letter in the London *Times* says the English wheat crop of the present year is 40 ℔ cent better than for the last two years, and the prices is low. This letter, however, urges the English farmer to give more attention to cattle and the raising of barley for malting purposes, and leave wheat to other countries, so long as it can be imported at half a crown.

New York Wool Market.

Nov. 28.—Wool has been less active, during the past week, especially towards the close, in view of the great depression in Gold, which had the effect of deterring buyers from purchasing freely at prevailing prices. The principle holders, however, were disinclined to make any important concessions, as supplies have been much reduced by recent heavy sales, and those now in market are deemed quite unavailable at present, with money easy at 7 ℘ cent. The week's sales include 175,000 lbs. domestic fleece at from 76@85c., the latter rate for unwashed, 100,000 lbs. domestic pulled at 72½c@80c; 500 bales California at 40c@55c; 350 bales Cape, mostly at 43c@45c; 370 bales Mestiza, part at 38c@53c; 500 bales Bonaksi at 42c@43c; 200 bales Persian and Smyrna, unwashed, at 25½c; and sundry small lots of foreign at full prices. A public sale of damaged Cape is announced for December 19.

Flour and Grain.

The aggregate quantity of flour, wheat, corn and barley left at tide-water, New York, from the commencement of navigation to the 23d inst., inclusive, during the years 1862 and 1863, was as follows:

	Flour. bbls.	Wheat, bush.	Corn, bush.	Barley. bush.
1862,	1,523,400	2,240,300	21,187,400	1,819,100
1863,	1,304,750	19,008,000	20,532,300	2,302,100

Dec. 218,700 Dec. 10,732,300, Dec665,100 Dec453,000

By reducing the Wheat to Flour, the quantity of the latter left at tide-water this year, compared with the corresponding period of last year, shows a deficiency equal to 2,365,100 bbls Flour.

Cleveland Market.

NOV. 30.—Flour market quiet, and sales confined principally to the retail trade; sales of 2 barrels XX White at $7,20. Wheat market very dull; no sales reported, buyers not disposed to purchase or make offers at any price. Corn market quiet; sales of 1,000 bushels corn on the basis of 75c for mixed corn on track at 75c. Barley; not much inquiry, quoted at $1,20@1,25 on track, according to quality. Rye, light sales from store at $1,15.

Chicago Market.

NOV. 30.—Flour dull. Wheat quiet and 2@3c lower; sales at $1,04@1,13. Corn active and 1@2 cts better; sales at 80@80c. Oats closed buoyant; sales at 68@69c. Hogs active at 10 cts higher; packers and shippers in the demand at 6@6¾. Receipts—9,000 bbls flour, 17,000 bush wheat, 91,000 bush corn. Shipments—5,000 bbls flour, 29,000 bush wheat, 85,000 bush corn.

Toledo Market.

NOV. 28.—Flour—Sales 50 bbls XX at $5,75; 200 bbls extra red wheat at $5,75; 100 bbls XX do, at $6,00; 100 bbls extra at $6,40; 100 bbls "City Extra," at $6,65. Wheat—Sale of 1,800 bu No. 1 Red at 127c. No sales of corn reported. Salt—Unchanged. Fine, $2,20@2,25 bbl; Coarse and Ground Solar, $2,25. Pork—Sale 25 bbls mess at $16,50. Pressed Hogs—Sale 134, all weights, at $6.

Philadelphia Seed Market.

NOV. 30—About 800 bushels Flaxseed sold at 2,35 @2,37½ per bushel. Cloverseed ranges from $7 to $7,25, with sales of 600 bushels at the latter rate, and Timothy from $2,40 to $2,75, and the former is wanted.

FOR SALE—ROLLING MILL FOR SALE.—I offer for sale on easy terms, the large and extensive Iron Works known as the "Hanging Rock Rolling Mill." This mill is situated at Hanging Rock, on the Ohio river, in the heart of the COAL and IRON region of Southern Ohio, one hundred and forty miles above Cincinnati, and immediately upon the river, accessible at all stages of water, and therefore possessing facilities for shipping superior to any mills above this region.

This mill is inferior to none in the West, either for CAPACITY or DURABILITY of finish, being entirely NEW and in the best of repair—is supplied with COAL, delivered in the MILL without any trouble whatever, except unloading it from cars.

There is connected with the property about 6 acres of ground, and 12 dwelling houses, all within one hundred yards of the mill. Also two wells of good water close to the mill—is supplied with machinery as follows:

6 double flued boilers, 28 feet long, 42 inches in diameter; 1 lever engine, eight feet stroke, 22½ inches diameter cylinder; this engine drives muck mill, bar mill, chair mill, small mill, refinery blast, muck shears and squeezers. 1 slide valve engine, 5 foot stroke, 22½ inches diameter, driving boiler plate mill, sheet mill, hammer and sheet shears. 1 doctor engine, 2 foot stroke, 10 inches diameter, driving lathe, grind stones, bar and small mill shears, and pumping all the water for the mill and boilers.

Also with 10 boiling, 3 heating, 2 sheet and 1 boiler plate furnace. Also smith and carpenter shops, with all the necessary tools.

This sale to take place at the door of the Court House, in Ironton, on Saturday, Dec. 12th, 1863, at 1 o'clock P. M.

S. B. HEMPSTEAD,
Attorney for Mary A. Hempstead.
