FRIDAY MORNING.....DEC. 4, 1863.

CITY AND SUBURBAN.

OFFICIAL PAPER.

Meeting of Allegheny Councils.

A regular monthly meeting of Allegheny Councils was held on Thursday evening, December 3d.

In *Select*, present Messrs. Hopkins, Irwin, Kirkpatrick, Knox, Patterson, Riddle, Smith, Wright and President Marshall.

Minutes of preceding meeting read and approved.

Mr. Knox presented a petition for the erection of a gas lamp at the corner of Union avenue and Strawberry alley. Read and referred.

Mr. Riddle, a petition from Messrs. White & Alexander, addressed to the Commissioners of the Market House and City Hall, asking that the amount to be withheld on their contract be reduced from twenty to ten per cent. Read and referred back to the Commissioners, with power to act.

Bill of R. R. Wray, for $15, for coal furnished the City Treasurer's office; and bill of White & Alexander, for $2, for hardware. Warrants ordered to be drawn for the amounts.

Mr. Wright submitted the report of the Committee on Streets, stating that the contract for the grading of Ridge street had been awarded to James Hastings, at 35 cents per cubic yard. The report of the reviewers in the matter of the widening of River avenue has been confirmed by the Court, and the avenue will be opened as soon as the legal difficulties are removed. In reference to the opening of a street on the line of the canal, from Locock street to River avenue, the Committee report that the Railroad Company denies the abandonment of the canal, and nothing more can be done at present.

The report was accompanied with a resolution to pay the bill of G. L. McIntyre, for paving, amounting to $54 09.

The Committee had received a communication from Geo. W. Cass, President of the Pittsburgh, Fort Wayne and Chicago Railway Company, relative to the opening of Allegheny avenue, north of the line of the railroad. The Committee reported that they had met on the ground, and after a conference with Mr. Cass they agreed to the change of location, and recommend the passage of the following resolution:

Resolved, That the Committee on Streets, in connection with the City Solicitor, be authorized to draw an agreement with the Pittsburgh, Fort Wayne and Chicago Railway Company, for the payment of such amounts as proposed by Mr. Cass, and also such other amounts as may be assessed against them by the Board of Viewers on the opening of Allegheny avenue.

The report was accepted and resolution adopted. The Common Council concurred, provided the words "against them," in the last resolution, be stricken out.

Mr. Kirkpatrick presented the report of the Committee on Water, with a resolution for the payment of sundry bills, amounting to $1,372 85. Also the following:

Resolved, That the Committee on Water be authorized to purchase $1,000 worth of water meters, and have the same attached at such times and places as they in their judgment may think proper.

The report was accepted, and resolution adopted.

Mr. Wright, Secretary of the Commissioners for the Market House, presented a communication suggesting the propriety of Councils authorizing the commissioners to make a lease with the government for the rooms in the southeast corner of the City Hall for a city post-office. Also, asking for authority to erect doors on the north and west sides of the new market house.

The communication was referred to the Commissioners, with power to act.

Mr. Kirkpatrick presented bill of Mayor Alexander, for $60, paid in pursuance of a compromise with Geo. G. Hertzog, for injuries sustained by him in falling into an excavation at the northwest corner of the market house.

The bill was accepted, and a resolution was passed authorizing its payment.

The President submitted with expressions of regret, a communication from Joseph Kirkpatrick, Esq., tendering his resignation as a member of Select Council from the Second Ward. The motion assigned was his inability to devote the necessary time to the interests of the city, and his intention to remove from the city in the ensuing spring.

Several members paid Mr. Kirkpatrick high compliments for the faithful and valuable services which he had rendered the city, and in view of the fact that he is not going to leave the city for some months yet, the communication was unanimously laid upon the table.

In *Common Council*, present Messrs. Dunlap, Francis, Heckadorn, Hutchinson, Miller, Patterson, A. D. Smith, Wm. Smith, Stockton, Tate, Thompson and President Brown.

Minutes of the previous meeting read and approved.

Mr. Miller presented the report of the Committee on Surveys, with a resolution to pay the following bills: Wm. McHendry, $93, for services as Recording Regulator, from December, 1862, to Nov. 27th, 1863. R. B. Bay, for services as Assistant Regulator, from July 1st, to Nov. 27th, 1863, $15 50. Accepted, and bills ordered to be paid.

Mr. Thompson presented the report of the Committee on Gas, with bill of A. & D. H. Chambers, for $48 75, for glass for gas lamps. Accepted, and bill authorized to be paid.

Mr. Dunlap presented the report of the Market Committee, approving the returns of the Weigh Masters, for November, as follows:

Wm. Scandrett, Diamond scales	$160 55
John A. White, Second Ward scales	338 05
Total	$518 60

The report was accompanied with a resolution to pay bill of James Godfrey, for repairing scales $25; and John A. White, for nails, coal, etc., $13,20. Report accepted and resolution adopted.

A proposition was read from the Columbia Hose and Hook and Ladder Company, offering the use of their apparatus to the city for the sum of $500 per annum. Road and referred to the Committee on Engines.

A resolution to pay Messrs. McCurdy and McGinnis $12, for lamp post protectors, was read and adopted.

The Committee on Engines reported that they had examined the account of Mr. Geo. Hutchinson, who was employed to dispose of the fire apparatus belonging to the city. The entire sum realised was $7,564 57—with ten wheels yet to be sold. They also recommend that the amount of $401 64 due Mr. McKenna, be paid when he completes his contract with the city. Also, resolution to pay Mr. Burney's bill of $3 20 for coal. Report accepted and resolution adopted.

The report of the Committee on City Property, in regard to which the action of S. C., at last meeting, was non-concurred in, was again taken up, and action of S. C. concurred in.

A resolution was offered, authorising the Street Commissioner to open Sturgeon street, from its present terminus to Ridge street. Adopted. In S. C., non-concurred in, and referred to the Committee on Streets.

A resolution, authorising the purchase of six burial lots, in the northeast corner of Mt. Union Cemetery, at a cost not exceeding $150, for the burial of strangers, was referred to the Committee on City Property.

A resolution authorizing the purchase of two horses, and the employment of an engineer, fireman and driver, for the Hope engine, so as to have the apparatus ready for service at any moment, was adopted.

Mr. Smith, Chairman of the Committee on Fire Engines, stated that the Amoskeag company had informed the Committee that the new steamer, and hose for the same, would be ready by the 1st of March.

A resolution of thanks was tendered to Mr. Hutchinson for the faithful manner in which he had attended to the sale of the old fire engines, etc.

Messrs. A. D. Smith, Dunlap and Francis, of C. C., and Messrs. Knox and Irwin, of S. C., were appointed a Committee to audit the city accounts.

In all action not otherwise noted there was a mutual concurrence, when Councils adjourned.

THE VALUABLE LIBRARY, Oil Paintings, Statuette, Violin, &c., to be sold this evening by Davis and Mellwaine, are arranged for examination through the day, on the second floor, 54 Fifth street. This is a choice and rare collection.

CHRISTIAN COMMISSION.—The Treasurer acknowledges a liberal collection taken up in Liberty street M. E. Church, on Sabbath morning, which was omitted in the usual monthly acknowledgement.

The Improvement of the Ohio River—Meeting of the Board of Trade.

On Thursday afternoon, a meeting of the Board of Trade was held at their room on Fourth street, to hear the report of the Committee previously appointed, relative to the improvement of the Ohio river. The attendance was very small, being confined to about a dozen of our most public spirited citizens.

P. R. Brunot, Esq., was called to the chair, and Josiah Copley and T. J. Bigham, Esqs., were chosen Secretaries.

Mr. George H. Thurston, Chairman of the Committee, then proceeded to read the report, which is very voluminous, and will occupy several columns of newspaper printing.

The report opens with a reference to the importance of the improvement of the Ohio river, and recounts the several projects which have heretofore been discussed. The reservoir system was first reviewed, and the investigations previously made were set forth in detail, but the conclusion was arrived at that the system was unsatisfactory. The project of low dams, with open chutes, was next investigated, and the committee concludes, from all the facts and figures attainable, that this plan was theoretically correct. The third and last proposition, to improve the river by means of locks and dams, or ordinary slackwater, next claimed the attention of the committee; and the arguments in favor of the system, together with the numerous objections against it, were fully set forth. The conclusion arrived at was, that the latter project was also feasible. The committee, while declining to suggest anything in the shape of a finality, recommend or sanction the plan of improving the river by combining the reservoir system with that of low dams and open sluices. The cost is estimated, according to the data furnished by eminent engineers, at $7,000,000 But believing that theoretical estimates must necessarily fall below the actual cost, the committee add the sum of $5,000,000, making the vast improvement at an expenditure of $12,000,000. This sum if divided among the six States washed by the waters of the Ohio, would be readily commanded, and most of the money could be obtained by State and National appropriations.

The report concludes by recommending the appointment of a committee of five to take the whole matter in charge, procure the necessary legislation, and put the enterprise into a practical working shape.

The report was accepted, and a motion was made to appoint the Committee, in pursuance of the recommendation contained in the report.

The Chairman suggested that inasmuch as the meeting was small, and the subject so important, it might be well to adjourn, so that each man present might have an opportunity to consider the report, and make known his views at a subsequent meeting.

Mr. Copley seconded this suggestion, and moved that the Committee be continued, with instructions to publish their report in the city papers, and have the same printed in pamphlet form. Also, that they have power to call another meeting at such time as they may deem proper. The motion was adopted.

The President suggested that a Committee be appointed to form a company and petition Congress for the necessary legislation to enable them to build a dam over the Ohio river, at or near McKee's Rocks, for the purpose of improving the harbor of Pittsburgh.

This gave rise to a discussion, in which General Howe, James L. Bennett, Wm. McCreery, T. J. Bigham, Joseph Hunter and others took part. It was the opinion of the majority that the suggestion of the President should be modified.

Mr. Bennett moved that a Committee of three be appointed, to inquire into the expediency of erecting a single dam below Pittsburg, and that the Committee report at a subsequent meeting.

The motion was adopted, and the Chair appointed Messrs. James L. Bennett, Thomas M. Howe and T. J. Bigham.

The meeting then adjourned.

OUR SPECIAL DISPATCHES.
FROM WASHINGTON.

Special Dispatch to the Pittsburgh Gazette.

WASHINGTON CITY, Dec. 3, 1863.

FRAUDS DISCOVERED.

Great frauds about horse inspection for the Government have been discovered here. Many unfit animals have been sent forward.

DR. COLEMAN

And his associate, bogus members of the House from Louisiana, pro-slavery, have arrived. It is scarcely possible that Etheridge will give them seats.

THE PRESIDENT'S MESSAGE.

Part of the President's Message relating to slavery, is in the hands of the printer. The Cabinet heard and agreed to it day before yesterday. The Secretary of the Treasury's report proper is not yet in the hands of the printer—not a single report from the War Department has yet reached the printer.

CASUALTIES IN THE RECENT SKIRMISHES.

The following are the casualties in the recent skirmishes among the Western troops: Corporal Petit Simon, Co. I, 26th Mich., left arm, slight; Joseph Warwick, Co. A, 26th Mich., forehead, slight; Joseph Green, Co. D, 26th Mich., right arm amputated; Gabriel Forbear, Co. A, 26th Mich., left arm, slight; Andrew Warren, Co. A, 26th Mich., right side, slight; Joseph O. Gifford, Co. B, 25th Mich., left thigh; Edward Labuta, Co. A, 26th Mich., left hand, slight.

LAND TRANSFERS.

Gov. Salomon, of Wisconsin, has sent in a selection of lands under the Agricultural College grant. The land office is busy making transfers so as to have the matter concluded before Gov. Salomon's term expires.

GEN. BUTLER'S DEPARTMENT.

Gen. Butler is making his new department pay its own way. Such charges as one dollar for a Provost Marshal's pass, and one per cent on all goods brought into his department for sale, furnish a fund that goes towards defraying the expenses of improvement in the city of Norfolk, and other outlays upon which he has entered. Butler is engaged in raising a negro cavalry force, and raised 107 in one week. The oath of allegiance is required from everybody on going outside his lines.

THE REPORT OF THE COMPTROLLER

of Currency is principally devoted to suggestions as to the amendment law. The principal ones are: First—To repeal sections 62, 63 and 64. Second—To compel banks to prevent a depreciation of their notes in neighboring commercial States, and to carry a part of the profits semi-annually to the surplus fund. Third—To allow none to commence business until they have paid in $55,000. Fourth—To confine the penalty for usury, for forfeiture of interest, and relieve those in commercial cities from all usury losses that they may adopt the same scale as that of the Bank of England.

ASSISTANT SECRETARY OF THE TREASURY.

Secretary Chase is likely, in his report, to ask for another Assistant Secretary of the Treasury.

GUERRILLA DEPREDATIONS.

The guerrillas, under a son of ex-Senator Butler of South Carolina, surrounded the house, at Tallequah, of John Ross' son-in-law, and butchered and robbed him and burnt his house. Other Indians took refuge in Fort Gibson. The Federal authorities did nothing.

THE CONTRABANDS OF FREEDMEN'S VILLAGE.

Freedmen's village, on Greene Heights, on the Arlington estate, was the scene of a brilliant gathering to-day, to dedicate the chapels and school houses. Speeches were made by Gooch, Chittenden, and others, and music by contraband children. Interesting statements of the treatment of the contrabands were made, showing, among other things, that the contrabands in this Department had not only supported themselves, but had accumulated a fund of $50,000, which is now in the Government's hands.

THE REMOVAL OF SECRETARY WELLES RUMORED

A strange story is in town to-night that Wellis is about to be removed from the Secretaryship of the Navy, and that the place has been offered to Senator Grimes, of Iowa, and that he has declined it. It is scarcely possible that there can be any truth whatever in the story.

THE REMOVAL OF GEN. MEADE.

The rumors about the intended removal of General Meade was renewed to-night, but there is not much foundation for them.

Decision of the Secretary of War.

WASHINGTON, Dec. 3.—The Secretary of War has given a decision to Hon. E. B. French, Second Auditor of the Treasury of the United States, in cases recently submitted by Messrs. Joseph E. Devitt & Co., of Philadelphia. That the nine months' volunteers of several States were called out under the first section of the act of July 17th, 1862. That no troops were called for or accepted under the third section of the act referred to. Therefore these troops are not entitled to the sum of twenty-five dollars, and the two dollars premium. The amount involved in this question is several million dollars, and as the various paymasters throughout the country have paid many of the regiments from Pennsylvania, New Jersey, and Rhode Island, and other States, they are peculiarly interested. The several State Military Departments are also involved, as some thirty thousand troops who have served for nine months. The second auditor has also decided that $25 advance bounty should be paid by the mustering officer to a recruit when mustered, as well as the premium. Satisfactory proof thereof must be furnished that the soldier was not paid this bounty or settlement and cannot receive a confirmation of second controller. It is probable that at an early day the approaching session of Congress will take action on the whole subject of bounties

Southern Items.

FORTRESS MONROE, Dec. 2.—The steamer Geo. Washington left this morning for City Point with a cargo of provisions for our prisoners at Richmond and vicinity.

The Petersburg *Daily Register*, of November 30th, says: Three of the Texan traitors sent out of the country by Gen. Magruder, are Dr. Peoples, D. J. Baldwin, a lawyer of Houston, and Larkie, of Victoria. They will be put across the Rio Grande at Eagle Pass.

Two boards of Yankee officers have been organized for the purpose of distributing the clothing and provisions sent by the North for their prisoners in Belle Isle; one for the quartermaster, and one for the Commissary Department. Col. Sanderson, a former hotel-keeper in New York, was chief of the proceedings, and managed the distribution.

The steamer Conqueror arrived last evening from Newbern, N. C., with 50 rebel prisoners. They were conveyed to Fort Norfolk this morning. Miss Bell Boyd arrived this morning from Washington in charge of a Lieutenant. She is to be sent over the lines to remain during the war.

Erroneous Statement—The Retreat of Longstreet—Sherman at Knoxville.

WASHINGTON, Dec. 3.—The statement that Gen Forey, or the French minister, were furnished by the State Department, with Gen. Scott's military maps of Mexico, or other information preparatory to the French invasion of that country, is erroneous. Neither Gen. Forey nor the French minister, nor any other person, ever asked for or received any such information.

The military authorities received a telegram this morning from Gen. Foster, who was joined at Cumberland Gap by the forces previously sent thither from Burnside to guard that important point. The few troops under the former might, perhaps, be able to inflict some damage on the rear of Gen. Longstreet, who is retreating into Virginia.

Gen. Sherman would reach the neighborhood of Knoxville to-day.

From Knoxville—Cessation of Hostilities,

LOUISVILLE, Dec. 3.—A midnight special dispatch to the *Journal* says: Gen. Wilcox telegraphed to Gen. Burnside at Knoxville on the 30th, that at 11 o'clock on the evening of the 28th, the rebels attempted to force and succeeded in driving our skirmishing line to the right, on the Kingston road, and forced it back to Fort Sanders. We afterwards regained our position. There was sharp skirmishing all night. On Sunday morning at 7 o'clock the rebels moved three brigades against Fort Sanders, a portion thereof, notwithstanding our heavy fire, gained the ditch, but could not ascend the parapet. We took 300 men, and three stand of colors. The rebel loss in killed and wounded is over 300. Our entire loss is about twenty. Longstreet then accepted Burnside's offer for cessation of hostilities to enable the rebels to attend to their wounded.

The wounded rebels were exchanged for loyal soldiers who were wounded in previous engagements, and the rebel dead were sent assaulting party, and Col. McElroy and Lieutenant-Col. Thomas were killed.

A simultaneous assault was made on the right of our line, but the rebels were driven back. Our loss is about 40.

Our supplies are ample for the present.

From Cairo.

CAIRO, Dec. 3.—The steamer Perry arrived from Memphis *en route* to St. Louis, with 140 bales of cotton. Twenty more bales were added here.

Seventy-seven rebel prisoners, from Columbus, Ky., passed through here to-day for Indianapolis.

Reports prevail that a rebel force threatens Columbus.

Sixty tons of Sanitary goods were shipped here to-day for Chattanooga, by the Illinois Sanitary Commission.

Memphis papers, of the 1st, report the cotton market languishing. One hundred and eighty-nine bales were sold on the 30th, the prices ranging from 45 to 70.

The New York Stock Market.

NEW YORK, Dec. 3.—The falling back of Gen. Meade's army had a marked influence upon stocks to-day, and there was a decided improvement throughout the whole railroad list. This new move of the Potomac Army puts an entirely different aspect upon the military situation, and it is interpreted at the Stock Exchange as a prolongation of the war. The New York roads were not so favorable as the western shares—the greatest rise being on Erie which was equal to 1¼ per cent. on the closing rates of last evening. The western roads were very buoyant, and the advance was generally equal to 2@3 per cent. Illinois was one of the strongest shares on the list. The earnings of the Erie road for November were over a million dollars, being the greatest precedent in the history of the road. After the second Board, gold advanced to 153.

Rebel Raid Across the Chickamauga River—Conscripting in the Border Counties.

PHILADELPHIA, December 30.—The *Bulletin* has the following:

Chattanooga, December 2.—The movements of this army, now going on, cannot be reported. There are questionable reports of a rebel raid across the Chickamauga river, at Red House Fork, and that the families there took refuge in the town.

Rumors continue to thicken of the rebel doings in the border counties of Tennessee. Reports say that Faulkner and his men are not only conscripting all the men they can lay their hands on, but they are taking all the horses, mules, cattle and hogs, without regard to the political sentiments of the owners, that they can find.

Rumored Removal of Gen. Meade—No New Bank Loan Wanted.

WASHINGTON, Dec. 3.—A special dispatch to the *Post* says: It is rumored that General Meade will be removed from the command of the Army of the Potomac, and that a new commander will lead the army in a December campaign. The army is in good spirits.

There is no truth in the rumors that Secretary Chase will apply to the Banks for a new loan. The new National Banks will have an opportunity to take some of the five per cent. Treasury notes if the directors desire.

Pickets Driven In.

LOUISVILLE, Dec. 3.—Col. True, of the 40th Kentucky, reports that his pickets were driven in at Mount Sterling, Ky., by seven hundred rebels. Headquarters here think the number greatly exaggerated.

The President's Message.

WASHINGTON, Nov. 3.—The President's message has not been completed, owing to his sickness. It may almost certainly be stated that this document will first find its way to the country over the telegraph wires, as on previous occasions.

Sale of Five-Twenties.

PHILADELPHIA, Dec. 3.—The Subscription Agent reports the sale of $801,800 in five-twenties yesterday. Of this amount two hundred thousand were ordered from western agents, and the balance being about equally divided among the large cities.

Arrested for Passing Altered Treasury Notes.

NEW YORK, Dec. 3.—An arrest was made to-day for passing two dollar Treasury notes altered to fifties.

RIVER INTELLIGENCE.

The river is still receding slowly at this point, and last evening the pier marks indicated scant five feet. The wether, yesterday, was mild and pleasant, and the indications for rain are considered favorable.

Business continues quite active at the wharf, though we fear it will not continue so long, unless we have more water. At the present time boats can not take a full cargo, as there is not much over four feet of water on Glass House.

There has not been a single arrival from below since our last report, although the Leonidas from Cincinnati, and the Julia, from Zanesville, are both due this morning.

The Prima Donna left for Memphis, yesterday afternoon, with a good trip, and the Jennie Hubbs for Cincinnati followed last evening. The Jennie, also, had an excellent trip, including quite a number of passengers.

The Urlida is the name of a fine new boat just completed by Capt. J. W. Langhery for the Allegheny river trade. As the Allegheny is to low for steamboating at present, Capt. Langhery has concluded to make a trip to Cincinnati, and the Urlida is now at the wharf ready to receive freight and passengers for that point.

At a special meeting of the Steamboat Captains' Benevolent Association, held at Cincinnati on Monday, one thousand dollars was donated for the benefit of the United States Sanitary Commission Fair, which is to be held in that city shortly.

The steamer Duke of Argyle, Captain Williams, left Cincinnati on Sunday for New Orleans, being the first boat that has left that city since the breaking out of the rebellion. Her cargo consisted of 500 tons of freight at $40 per ton.

DR. A WEINMANN'S
(DENTIST,)
TOOTH-ACHE PILLS.

The preparation of this Pill has been the result of years of study and practice. They are purely vegetable, and therefore will not injure the teeth or gums. They will cure the most violent Tooth-Ache in a few minutes, when properly used.

Directions—Clean out the cavity of the Tooth affected, and dry it well with cotton; then cut the Pill the size of the vacuum and press it tight into the tooth, and cover over with wax or cotton.

These Pills are one of the best remedies for this shocking pain.

Prepared and sold wholesale and retail, by
AUG. WEINMANN,
No. 214 OHIO STREET, Allegheny City.
And also by all wholesale and retail Druggists in Pittsburgh and Allegheny. no28:1mEW

IT HAS NO EQUAL.—The immense success which for the past seven years has attended PROF. REED'S MAGNETIC OIL in the alleviation and cure of pain, emboldens the proprietor to state, (and challenge contradiction,)

That it has cured more Rheumatism,
That it has cured more Sore Throat,
That it has cured more Neuralgia,
That it has cured more Weak Joints,
That it has cured more Elevated Sores,
That it has cured more Burns,
That it has cured more Frosted Feet,
That it has cured more Bruises,
That it has cured more Nervous Affections,
That it has cured more Stiff Joints,

Than all other Pain Cures, Pain Killers and Liniments combined. For sale by Druggists everywhere.
