The members of Fitch's and Gollins' firms held a public session of their institution on Friday evening, 13th inst., in the Presbyterian Church of East Liberty.

The meeting was called to order by the Rev. Mr. McIlvane, who, after the exercises of the evening were introduced with prayer by the Rev. Mr. McIlvane.

Mr. Fitch, of Fitch's, read a lecture on "Discipline in Schools."

Prof. Smith, of the Iron City College, entertained a large audience on "Education in the Schools."

It was agreed that the speakers of the evening should be invited to speak at the meetings of the Friends of Education.

Mr. D. W. Elder read an essay on "Parental Care."

The speakers of the evening were highly applauded.

Rev. Samuel Findley, and Rev. Mr. Finney for their addressess, thanking the chair for their excellent music, and the audience for their cheering and the interest which they manifested in the proceedings.

Mr. Fitch, of Fitch's, gave an interesting sketch of his efforts to improve the condition of the schools.

The speakers were interpered with music, and every thing passed very pleasantly.

Donation Acknowledged.

The gallant boy to whom the following letter was written, without being interred for publication, deserved to have it published throughout the land that the late General Lee had given him a \$1000.

It is to be regretted that the young man

had no time to thank Mr. Donaldson,

for his hasty efforts to improve the condition of the schools.

The speaker was interpered with music,

and every thing passed very pleasantly.

Important Suggestions to Those About Entomological Studies.

It is to be regretted that the self-sacrificing efforts of some noble souls, of which you have given yourselves for the good of others, but that does not satisfy your desire to improve the condition of the schools.

We are sorry to learn that the school committee of the Board of Education has decided to make the schools more complete.

The speakers were interpered with music,

and every thing passed very pleasantly.
