MONDAY MORNING——JAN. 25, 1864.

CITY AND SUBURBAN.

From Saturday's Evening Edition.

Recruiting in Pennsylvania——Major Gen. Hancock.

We have already laid before our readers the patriotic appeal of Major General Winfield S. Hancock, who is authorized to recruit the Second Army corps to fifty thousand men, for special service, to be designated by the War Department. He is a Pennsylvanian, and his corps is chiefly composed of Pennsylvanians. Under his command they have often been led to victory. With the severe wound he received at Gettysburg still unhealed, he comes among the people of his native State to fill up his ranks, so that he may enter upon the important work the Government intends to intrust to him. Major General Brooks, commanding the department of the Monongahela, has appealed to the people of the western part of the State in reference to this enterprise, and a similar appeal has been issued by Major General Couch, commanding the Department of the Susquehanna. These distinguished officers both know what a splendid soldier General Hancock is, and they know that Pennsylvanians could have no better leader. Let his corps be filled up rapidly as possible. Perhaps it may be its destiny to strike the final blow at the rebel army, and to march to Richmond. This would be a glorious work to be accomplished by Pennsylvanians under a Pennsylvania leader.

Allegheny Police Appointments.

Mayor Alexander, in conjunction with the Police Committee of Councils, has made the following police appointments for the ensuing year:

High Constable—John Wills.

Day Police—Washington Swain, Jacob Grubbs, J. C. Montgomery, and (one to appoint.)

Night Police—Wm. Montgomery, Michael Pahl, John James, Alfred Grubb, John Fisher, Charles Machamey, John Smith and Wm. Green.

Officer Wills has held the position of High Constable during the past year, and the compliment of a re-appointment is a sufficient evidence that he has discharged his duties in an acceptable manner.

Messrs. Swain, Grubbs and Montgomery, who were among the best of the Night Police, have been brought out of darkness into light, and instead of watching others, they themselves can now be watched. The Night Police contains three new names, Messrs. Machamey, Smith and Green. The others served during last year.

It will be seen that the large city of Allegheny, with its 25,000 inhabitants, and a territory almost equal in extent to that of Pittsburgh, is guarded by thirteen policemen. Still it is an orderly community, and there is perhaps less crime and rowdyism there than in any other city of equal size in the Union.

The Chicago Railway—Trains Resumed.

We understand that the trains on the Pittsburgh, Fort Wayne and Chicago Railway, which had ceased running in consequence of the refusal of the engineers to work unless paid an advance of twenty per cent., are gradually being resumed.

To-day train No. 25, leaving Allegheny at 9.15 A. M., and arriving at New Brighton at 11.10 A. M., and No. 35, leaving Fort Wayne at 2.25 P. M., were resumed.

On Monday, all the Accommodation trains between Pittsburgh and New Brighton will be resumed.

No. 3, the Chicago Express, will also be resumed on Monday, leaving Pittsburgh at 1.45 P. M.

On Tuesday it is expected that No. 4, the Chicago and Cincinnati Express, will resume its regular trips.

The engineers, we are informed, are now going to work, each man being left to make the best bargain he can.

Fire in Allegheny—Alleged Incendiarism.

On Saturday morning, about one o'clock, fire was discovered issuing from the Union Malleable Iron Works, belonging to Messrs. Reynolds & Townsend, and located on the bank of the river, above the Mechanic street bridge, in the Fourth Ward, Allegheny. The fire originated in that part of the building occupied by the engines and machinery, and before the flames were subdued the building and machinery had been damaged to the amount of about $5,000. The foundry and pattern shop escaped injury, the fire having been extinguished before it reached these portions of the works. The firm was insured for $5,000, divided as follows: $4,500 in the Western, and $1,500 in the Corn Exchange, New York.

At ten o'clock the previous night, everything was left in good order about the works, and the fire is supposed to have been the work of an incendiary.

The firemen worked well, and through their efforts the building was saved from destruction. The works will be in operation again in ten days or two weeks.

Death of Richard Jones.

The remains of Richard Jones, whose name is familiar to our readers in connection with the murder of his wife, were brought to this city to-day, from Louisville, and are now at the undertaking rooms of Mr. Devore, on Grant street.

Jones was formerly employed as a police officer in the Sixth Ward, and had been warmly attached to an unfortunate girl named Mary Dunning, who, while leading a dissipated life, quarrelled with and mortally stabbed a man who had visited her house. For this offence she was sentenced to the penitentiary, and on her discharge Jones married her. Some years subsequently he became jealous of her, and one night while she was walking towards Birmingham in company with a man, Jones fell upon and killed her. He was convicted and sentenced to the penitentiary, but after serving a portion of his time he was pardoned. He soon after went to Louisville, where he had been employed in business up to the time of his death, which occurred two or three days since. His death was sudden, as his disease, we are informed, was fatula.

Bold Burglary—Safe Blown Open.

The warehouse of Messrs. Childs & Co., oil merchants, No. 7 Hancock street, was broken into last night by burglars, who entered the premises through a window in the office. The safe was blown open by powder, the door having first been drilled, and powder filled into the space around the lock. The only loss sustained, however, was the injury to the safe, there being nothing of value in it but books and papers. As the firm were paid quite a large sum in bank notes, at about the quarter to three o'clock, Friday afternoon, it is suspected that some person being aware of the fact, and thinking it too late an hour for depositing, was induced thereby to attempt the robbery. It is a fortunate thing for the entire neighborhood that the building was not set on fire, as their own warehouse, and that of Brewer, Burke & Co. adjoining, contained a large amount of Rohned oil,

ATTEMPTED ROBBERY.—An attempt was made last night to enter the store of Mrs. Thompson, on St. Clair street, near the Red Lion Hotel. Officer Dunavan noticed four men endeavoring to effect an entrance at the back door, but on approaching them two of them escaped, while the remaining two concealed themselves in an out-house. While searching for them in and under an oven in the back yard, the two who had concealed themselves broke from their hiding places, and leaping the fence, made quick time down Penn street. They succeeded in effecting their escape this time, but sooner or later their evil genius will lodge them within the cells of the penitentiary.

MURDER IN MERCER COUNTY.—On Tuesday morning last the wife of Dennis Maloney, residing in Mercer, Pa., was found lying dead on the road about forty rods from his house in Sidam township. Dr. William H. Axtell, Coroner of the county, summoned a jury, who after hearing the testimony in the case, returned a verdict that she came to her death by the hands of her husband. He was committed to jail on Tuesday to stand his trial.

FERRIES POSTPONED.—The agreement upon the motion to restrain the Pittsburgh, Allentown Railroad Company from proceeding with the work of constructing the line of the Pittsburgh and Monongahela Railroad through this city, with Birmingham's Ferry, has been postponed in consequence of the death of a relative of one of the counsel for the Railroad company.

STILL ON TRIAL.—The case of Powsland and Robertson is still on trial in the United States Court.

Mary Kate Purcell.

The parents of this unfortunate girl, who resides in Sharpsburg, came to the city this morning, and identified the remains of their daughter, whose death by suicide we have already reported. The father appeared most affected at the manner of his daughter's death, but the mother, although she apparently was much overcome, was prescribed the remains with composure, was completely overcome the moment her eyes beheld the features of her child. Difficulties of a private nature are said to have been the moving cause of this act of self-destruction. The features of the corpse were perfectly composed, and beautiful even in death.

"One more unfortunate,
Weary of breath;
Rashly importunate,
Gone to her death."

Sudden Death.

A young man named Alexander Marshall, a colored waiter employed at the Monongahela House, was found dead this morning, at the Monongahela rooms, on First street—a place used by Mr. Cressa for the accommodation of his hotel servants. The deceased was a nineteen years of age, and was raised by a man residing in McKeesport. He had been quite unwell, and had left the hotel to spend a short time with his friends at McKeesport. He returned a few days ago very much improved in health, and had taken up his quarters with the other servants. This morning he was found dead, as stated. Coroner McClung was notified, and an inquest was held. The body was taken to Devore's, on Grant street, where it will remain until Sunday afternoon.

PETERSON'S LADIES' NATIONAL MAGAZINE.—J. W. Pittock, Fifth street, opposite the Post-office, has received the February number of this well-known Ladies' Magazine, which, besides its special and miscellaneous reading-matter, a colored fashion plate, many wood cuts, contains a steel engraving, entitled "The Baby's Turn."

MAN MISSING.—A Frenchman, by the name of Lewis DeMont, who for some time resided in Crestline, mysteriously disappeared on Christmas eve, since which time he has not been heard from. He was a single man, aged about forty years, and owned twenty acres of land, a good house, barn, horse, cow, &c.

SERIOUS ACCIDENT.—A German named Dickrogge, residing in Allegheny, and employed in Messrs. Newmeyer & Graff's axe and shovel factory, had one of his arms torn off, on Tuesday, by being caught in the machinery.

BEADLE'S DIME TALES.—J. W. Pittock, opposite the Post office, has received number 9 of this popular series. It contains four tales, viz: "Leap for Life," "Captivity of Jonathan Alder," "Moody, the Refugee," and "Women Defending the Wagon."

ARRESTED.—Two men were arrested in Jefferson county one day last week, on oath of Jno. Prothro, charged with passing altered Treasury notes. The notes were altered from one's to ten's.

VALUABLE SHEEP.—Mr. Thomas C. Hall, of Crawford county, Ohio, last week traded five hundred acres of land valued at $3000 for a hundred head of fine sheep.

JAMES RIDDLE, Postmaster.

DEPARTMENT OF AGRICULTURE,
WASHINGTON, D. C., Dec. 19, 1863.

TO THE GROWERS AND MANUFACTURERS OF FLAX AND HEMP.—The Committee appointed by this Department, consisting of Hon. J. K. Moorhead, of Pennsylvania, Hon. Thos. J. Bailey, of Rhode Island, and John A. Williams, of Ohio, to consider the following appropriation made by the last Congress, will meet at Washington City, on the 1st day of February next, at 12 o'clock m.

For investigations to test the practicability of cultivating and preparing flax and hemp as a substitute for cotton, twenty thousand dollars.

Having met, and after several days' investigation, believing that a further and fuller notice of their investigations might prove valuable, they have adjourned to meet again on WEDNESDAY, the 24th day of February next, at 12 o'clock m.

They request all interested in the distribution of this appropriation, or anxious to develop the subject for the public good, to send in their Department, on or before that day, samples of the hemp and flax in the different stages of preparation; of the fibres and fabrics prepared by the several processes; of machines for the various processes used, and the cost of each; of the various processes, uses, descriptions of the production in each case; also, descriptions of the kinds and cost of machinery used, where made, &c., together with any and all information that may be useful to the Commission.

This information is necessary before an intelligent distribution of the appropriation can be made.

UNIVERSAL CLOTHES WRINGER.—Read the following opinion by Orange Judd, of the *American Agriculturist*, who says of the First Premium Universal Clothes Wringer:

"From several years' experience with it in our own family; from the testimony of hundreds who have used it; and from the construction of the machine, we feel certain that it is worthy a place in every family where the washing is done at home. A child can readily wring out a bushel of clothes in a few minutes. It is in reality a Clothes Saver! a Time Saver! and a Strength Saver! The saving of time alone will soon pay for the wringer on the cost. We think the machine much more than pays for itself every year in the saving of garments. There are several sizes, nearly alike in general construction, but we consider it important that the Wringer be fitted with Cogs, otherwise a mass of garments is apt to clog the rollers, and the rollers upon the crank-shaft slip and tear the clothes. Our own is one of the first sold, and it has stood as well after nearly four years' constant use."
