OFFICIAL PAPER.

Allegheny Bible Society.

The twenty-fourth anniversary of the Allegheny Bible Society was held last evening, in the First Presbyterian church (Dr. Swift's.)

The meeting was called to order by the President, J. M. Burchfield, Esq., who announced that, in the absence of Dr. Preston, Rev. John T. Pressly, D.D., would read the Scriptures.

Dr. Pressly then read the 55th chapter of Isaiah, after which Rev. A. K. Bell led the assemblage in prayer.

Mr. S. S. Bryan, Corresponding Secretary, read the annual report of the operations of the Society, from which we extract the following:

The Missionary, Mr. Robert Davis, visited during the year, 4, 477 families. He found 247 families who had no Bible. There were 161 families who refused to receive the Bible into their houses on any terms. There were 836 families supplied with Bibles in whole or in part gratuitously. He obtained subscriptions to the amount of $1,267, on which there were paid $1,186 51.

In reference to the proposition to unite this Society with the Young Men's Bible Society of Pittsburgh, hoping by this means to secure greater efficiency in the Bible work in this county, it was reported that a basis of union had been agreed upon, but action was postponed for the present, in consequence of a law entertained by some of the Directors of that Society, that by uniting and changing their name a legacy which is expected to come into their possession this year might be diverted, or cause expensive litigation. The matter will come up hereafter.

The report closes by noticing the death of one of the most efficient members of the Board, Mr. W. D. Biddle, Corresponding Secretary. A series of appropriate and touching resolutions, expressive of the sense of the Board, at the loss of their worthy and esteemed Christian brother, were read as recorded upon the minutes.

The report was accepted and adopted.

The report of the Treasurer, Dr. Wm. M. Bell, was then submitted as follows:

Singing by the congregation—Psalm 23d:

"The Lord's my shepherd I'll not want,
Hemakes me down to lie," &c.

Rev. D. B. M. McClean, of the Fifth United Presbyterian Church, then addressed the congregation upon the importance of the Bible cause, and alluded in appropriate terms to the fact that all denominations of Christians, however they might differ upon other matters, could labor harmoniously together for the diffusion of God's word. The address was listened to with close attention.

On motion of Mr. Bryan, a unanimous vote of thanks was tendered to the speakers.

After singing the Doxology, the benediction was pronounced by Rev. E. E. Swift, and the meeting adjourned.

Resignation of Capt. Hoag.

We regret to learn that Capt. I. V. Hoag, of Allegheny, has been compelled to resign his commission on account of sickness, and is now at his home in feeble health. Capt. Hoag entered the service as Lieutenant in Co. E, 139th Pennsylvania Regiment, but has had scarcely reached the field when he was transferred to the Staff of Gen Howe, with the rank of Captain, and was assigned the arduous and responsible position of Commissary of Division. Those who knew Capt. Hoag need not be told of his integrity, his indomitable energy and his humanity—qualifications which are essentially requisite for a good officer. How he has discharged his duties will appear from the following commendatory letter, written by Gen. Howe, one of the most intelligent and accomplished officers in the service:

WASHINGTON, D. C., Jan. 26th 1864.

DEAR SIR: I regret to learn that, during my temporary absence from the command of the 2d Division, 6th Corps, you have been compelled by ill health to resign your commission in the service.

For the valuable and efficient services that you have for a long time rendered as Commissary of the Division—in the camp, on the march, and when engaged with the enemy—I tender you, as commanding officer of the division, my best thanks; but a higher reward is yours, on the commendation of your own conscience for having so long and well, faithfully and zealously performed your duty.

With my best wishes for the speedy recovery of your health, I am, Captain, very truly your obedient servant,

[Signed] A. P. HOWE, Brig.-General.

CAPT. HOAG, 139th Pa. Vol.

Mass Meeting in Allegheny.

The citizens of Allegheny have been called upon to assemble in mass meeting, this evening, at Moore's Hall, in the Diamond, to express their sentiments in regard to petitioning Councils to levy a tax to pay a bounty to volunteers—the object being to encourage volunteering, and save the city from the draft. It is desirable that there should be a full attendance, but as it is uncertain what Councils may do, even under the instructions of a mass meeting, we would suggest that the various ward committees do all in their power to raise a bounty fund. If councils will assist, well; but let no time be lost.

COL. JOHN B. BROOKS, of the Fifty-third regiment Pennsylvania Veteran Volunteers, has been placed in command of Camp Chase, by order of the War Department, vice Capt. Wm. A. Sands, relieved.

Mercantile Library Lectures.

Professor Agassiz delivered his concluding lecture in Concert Hall last evening to quite a large and appreciative audience. The learned Professor was introduced by W. H. Kincaid, Esq., Chairman of the Lecture Committee, after which he gave a most interesting lecture on the vegetables and animals of the "Carboniferons" period of the geological formation.

The Lecture Committee inform us that on Thursday evening, the 4th inst., they have prepared for our lecture-goers a purely literary repast. We are glad of this, and it is apropos to the present position of the course. Among the nine lectures thus far delivered, the Committee have given us a constant variety of subjects which have been always entertaining and, in some instances, profoundly instructive, rendering the course creditable to the Association, and popular in the community. The variety is now to be increased by the presentation of an *exclusively* literary subject, in the hand of one abundantly able to do it justice. Rev. Dr. Tiffany lectures on "Washington Irving."

It appears fitting, after following an Agassiz through the mazes of Geological science, unfolding the secret doings of ages upon ages past, and feeling the mind overwhelmed with the momentous character and extent of the monumental mysteries revealed, that we should turn for relief and relaxation, to the genial, cheerful, ever welcome society of Irving. Who can spend an hour with him and not feel himself a gentler, better, kindlier being?

Dr. Tiffany is at home in belles-lettres. Formerly a Professor in Dickinson College in our own State; he now resides at Evanston, Illinois, the seat of three institutions of learning, near Chicago. He is an attractive and eloquent speaker; and being "all alive" with the spirit of his charming subject, will, no doubt, give us an unusually interesting lecture

100dth Regiment Pennsylvania Veteran Volunteers—"Roundheads."

Young Men of Western Pennsylvania: Another draft for five hundred thousand men is ordered for the 10th of March; at least two hundred thousand, in addition to the last draft. Now, will you be "drafted into the army," or will you volunteer? If drafted, you get *no bounty*: if you volunteer, you get $402, if you have served nine months. Now, if new recruits. Look to the Government. In addition you get *local bounties*, varying from one to four hundred dollars, *cash in hand*. My command, the 100dth Regiment Pennsylvania Veteran Volunteers, or "Roundheads," has taken a new lease of the war, and we want your help to make a short job of it. They are the only Western Pennsylvania regiment, belonging to the gallant and "Nine Army Corps," Burnside's "old fellows." Our much loved leader has authority to increase the corps to "fifty thousand men," for such special service as the War Department may designate." This assumes, that he will have a separate command, and in separate commands he has always been successful. The men now in short, in the very nature of present circumstances, and we want your help to make it as short as possible. Let the loyal people but rise to meet the emergency of the hour, and a few short months, hence, the most senseless and hideous rebellion ever instituted against a just government, will only be remembered as a thing that is past, and the names of the men who proved their true-right manhood in the hour of peril, will be remembered in honor and pride, while history has a place in the literature of nations.

We are no boasters. Our record is inscribed on our ragged flag, the latter of which is dearer to us than the blood we have not spared in its defence. Will you—*dare* you join us? or will you abide the draft? If you join us, in the name of our gallant dead and our living veterans, I promise you a soldier's welcome to a soldier's fortunes, and the brotherhood of as true, brave and kind a set of companions as ever blessed the bond of manly friendship for man.

Every man of us is in thorough, deadly earnest in the prosecution of this war for the Union to a successful issue; and we appeal to you to come to our help.

Recruiting officers for the regiment, during the next thirty days, are established at New Castle and New Bedford, Lawrence county, at Mercer, Hermitage and North Liberty, Mercer county, at Washington, Washington county, at New Brighton, Beaver county, at Portersville, Butler county, and at Elizabeth, Allegheny county.

Any recruiting officer has authority to enlist for the regiment.

Head Quarters, during the next thirty days, at New Castle, Pa., after which the regiment will rendezvous at Camp Copeland.

DANIEL LEASURE,
Col. Com'g Reg't.

Fire on First Street—Jenk's Machine Shop Destroyed.

Last night, between nine and ten o'clock, fire broke out in the second story of the extensive machine shops of Mr. Joseph Jenks, No. 49 First street, corner of Redoubt alley. The flames spread very rapidly, and before the fire apparatus could be put in operation, the fire had made such headway that the shops were completely destroyed—the timbers having been consumed, causing large portions of the walls to fall in. The shops were built of brick, a portion being two stories in height. The first and second stories were well filled with valuable machinery, while other portions of the buildings contained large quantities of patterns, and other inflammable materials. Some of the machinery was saved, but the greater portion, together with the patterns, was consumed. The foundry, a large frame building, together with valuable property adjoining, was saved through the active exertions of the firemen, who labored incessantly for over an hour. A steady rain was falling at the time, and constituted much towards staying the flames, and preventing the falling sparks from igniting the roofs of houses adjacent. The building, and a portion of the machinery, we are informed, belonged to Mr. J. B. Warden. The loss is heavy, but we could not ascertain the amount, neither did we learn anything in regard to the insurance. The fire, it is said, caught from a lamp, which either exploded, or was let fall accidentally.

OUR SPECIAL DISPATCHES.

FROM WASHINGTON.

Special Dispatch to the Pittsburgh Gazette

WASHINGTON CITY, Feb. 2, 1864.

WHISKY TAX.

The Senate Finance Committee reported today their amendments to the whisky tax as it passed the House. As intimated last night, they struck off Fernando Wood's amendment, and then changed the tax so that from the passage of the bill all whisky manufactured pays sixty cents, but all manufactured after the first of July next pays seventy cents, and all after the first of January 1865, pays eighty cents. Speculators are jubilant of course. It makes their fortunes twenty cents, and also takes off the tax on rectified spirits.

ARMY APPROPRIATION BILL.

The Army Appropriation bill from the Ways and Means Committee to-day, appropriates five hundred and forty millions of dollars. It is estimated that the President's new call for troops, just issued, will require two hundred million more money than this bill appropriates, and two hundred millions more than is included in the estimates of the Secretary of the Treasury, for his arrangements for carrying on the finances through the year. According to the Secretary in his recent letter to the Senate, the only way to keep the finances sound under these immensely expanded calls for money, is by adequate taxation.

MEETING OF THE CHRISTIAN COMMISSION.

A great meeting was held in the Hall of the House to-night, being the second anniversary of the United States Christian Commission. Vice President Hamlin presided, and delivered the opening address, and was followed by Gen. H. Stuart, of Philadelphia, the President of the Commission, who gave a brief statement of its origin and work; said the Commission had received and distributed nearly a million of dollars worth of goods during the past year. While Stuart was speaking, the President entered, and was loudly applauded. Addresses were also delivered by speaker Colfax, Senator Sherman, General Martindale, and others.

SENATOR WILSON'S BILL.

By the provisions of Senator Wilson's bill, just introduced, quartermasters, commissaries, paymasters and their assistants, are to be required to appear before a board to be examined as to their qualification for the discharge of their duties. The boards are to be constituted by the Secretary of War of Quartermasters, commissaries and paymaster generals, at such places as they may designate. Unqualified officers are to be dismissed, and with one month's pay, on recommendation of the head of the bureau to which he belongs.

SHERMAN'S REVIEW AND THE PRESIDENT'S MESSAGE.

The analysis of the President's message and Amnesty Proclamation in Bronnson's Quarterly Review, recently out, is causing considerable discussion, and attracting the previous favorable judgment of the President's proposition, and including the proclamation for something more thorough to a radical objection, begins to be urged that a reconstruction without emancipation may possibly, in some cases, be the result of the President's policy, and this view is not a host influence on the confiscation discussion.

DISMISSALS FROM THE ARMY.

The following are the dismissals from the army for the last week in Western regiments: Gen. Augustus A. Armstrong, of the 7th Michigan; Lieut. Joseph H. Vincent, of the 1st Tennessee; Lieut Samuel Taylor, of the 1st Ohio; Lieut. John Van Staw, of the Michigan Provost Guard; Lieut. Geo. Foudlin, of the 4th Missouri cavalry, and Lieut James A. Berry, of the 4th Kentucky cavalry.

TAXATION ON LUXURIES.

The resolution of inquiry, offered by Freeman Clarke, was agreed to to-day. It suggests an increase of taxation upon luxuries so as to make our revenue from foreign goods $120,000,000, and increase in a similar way its internal revenue to $280,000,000, and the restriction of paper currency to $300,000,000, and to issue more bonds.

THE SMALLPOX PANIC.

Nothing has been more absurd than the smallpox panic here. Twenty-seven of the principal physicians had a meeting the other day, and counted up all their patients with smallpox and varioloid. The whole of them had only 29 cases of smallpox and 68 of varioloid, and they came to the conclusion that there could not possibly be more than between 200 or 300 cases in the whole city.

SENATOR SHERMAN'S SPEECH.

Senator Sherman made an elaborate speech to-day on emancipation. In opening it he took decided ground against the President's Emancipation Proclamation, maintaining that it would have been wise to leave the question of slavery to be settled by necessary issues of war without doing any proclaiming on the subject.

THE FRENCH SPOLIATION BILL.

The Senate Foreign Relations Committee have once more agreed to report the French Spoliation bill. This bill has been reported favorably by more Committees and defeated or smothered in more Congresses than any other bill in our legislative history.

EXAMINED.

Deputy Collector Hanscom was examined before the Committee investigating the New York Custom House to-day. The Committee expects ask the House for leave to go to New York to continue the investigation on the ground next week.

DESERTERS FROM THE REBEL ARMY.

Forty deserters came in from the front today, filled with great disgust at the Southern Confederacy. The Amnesty Proclamation and the slender rebel commissariat were the immediate causes of their desertion.

ENLISTING IN THE U. S. SERVICE.

Five hundred rebel prisoners at Point Lookout have enlisted in the service of the United States, and three thousand express their desire to take the benefits of the Amnesty Proclamation.

CONFIRMED.

Governors Doty, of Utah, Goodwin, of Arizona, Edmunds, of Dacotah, and Mr. Reed, Secretary of Utah, Admirals Porter, John Rodgers, S. C. Rowan, and E. A. Rollins, Deputy Commissioner of Internal Revenue, were confirmed in the Senate to-day.

THE NEW TREASURY NOTES.

Eighty-seven millions of the new interest bearing Treasury notes, legal tender for their face, had been ordered by the public up to last Saturday. At this rate, these notes promise to rival the great five-twenty loan in their popularity.
