## Company of the Com Wednesday morning he had not been discovered.

The cavalry threatened to take summary vengeance upon Brady, if found, but it is to be hoped that wiser counsels will prevail and that the law will be permitted to take its course. Nearly all the Copperheads of the town are said to be armed, and the respectable citizans were very apprehensive of a fresh outbreak, in which event there would doubtless be bloody work. The Dixmont Hospital. We alluded briefly, at the time of the an-nual election, to the condition of the Hospital for the Insane at Dixmont. The annual re port is now before us in printed form, from which we glean the following interesting facts and statistics:

At the lat of January, 1863, there were nithis Hospital one hundred and fourteen patients; since then eighty-eight have been admitted and seventy-two have been discharged, leaving; at the liospital at the close of the year, one hundred and thirty. The total number under treatment during the year was two hundred and two, one hundred and sixteen males and eighty-six females. The highest number at any one time was one hundred and thirty, and the average for the year was one hundred and nineteen, being eleven more than for the preceding year. Of eighty-eight patients admitted, forty-nine were mails and thirty-nine were smales and thirty-nine were females. Of these, forty-seven had been insane less than three months, twelve less than six months, six loss than one year, and twenty-three for periods varying from one to thirty years. Twenty varying from one to thirty years. Twenty were committed by order of the different Courts of the Western District of Pennsylva-nia, fifteen by the authorities having charge of the poor, and fifty-three as private patients by their friends. Of those discharged during were females. Thirty-six were restored, treanty-one improved, four unimproved and elsen died. Fourteen of those discharged as restored were under treatment less than three months, nine from three to six mouths, five from six to twelve months, and eight longer than one year. Five of those discharged improved were under treatment less than three months, ten less than a six months, four less than twelve months, and two fer periods longer than one year. One of those discharged unimproved was a resident of the Hoppital less than three months, two less than one year, and one for a period longer than one year, and one for a period longer than one year, and one for a period longer than one proved were under treatment less than three months, the less than it releve months, and two for periods long than one year. One of these discharged than one year, and one for a period longer than one year, of those who died, two were residents of the Hospital four day, one twelve does not been admirable than three months, two less than a year, and four for a period longer than one year, of those who died, two were residents of the Hospital four day, one twelve does clothing from Soldiers and Decks, two H. S. Heaves, Cannosaberg and the Hospital four day, one twelve does clothing from Soldiers and Decks, two H. S. Heaves, Cannosaberg and the Hospital four day, one twelve does clothing from Soldiers and Decks, two H. S. Heaves, Cannosaberg and the Hospital four day, one twelve does clothing from Soldiers and Decks, two H. S. Heaves, Cannosaberg and the Hospital four day, one twelve does clothing from Soldiers and Sol Dr. Reed, the Superintendent, says:

At so period since the organization of the Insane
Department of the Hospital have so many palients
been under treatment. The wards, containing one
hundred and eight rooms, are more than full; and
white it is gratifying to witness this rapidly widening circle of unchiners, we are reminded of the fact
that svery additional patient hereafter will lessen
the power to amaliorate and circ. If the Hospital
is to secure and maintain a position as a certains one,
it is absolutely necessary to adveid over crewding,
by increasing the accommodations in proportion to
the demand. The assentiate of the war, preunitary
warmed to be a superior of the communities are liable, as well as among the communities are liable, as well as among the number
of those needing hospital care and treatment. With
the building airsady full; it becomes an important
question what disposition are to be made of these who
apply for admission hereafter. Shall all be injured
by overcrowding I—or shall the applicants, who perhape, have airsady passed through many trials, be
thrown back to pass their day of cure in julicand
optor-houses!—or shall the building be extended, so
that all may be received and there is benefit?

Thomas Bakwell. Fam. President of the Board, thus speaks of the financial condition of the Institution:

The accounts of the last year have been accurately kept by the Amitant Tresurer, Mr. John A. Harper, pt. the second of the last year have been accurately kept by the Amitant Tresurer, Mr. John A. Harper, pt. the second of the thirty John Larger, and have been carefully audited by the Finance Committee, from whose report it appears that the balance in the Tresurer amounts to thirty-free hundred which there thousand follars have the second of the second of the first from the first form the f nearly, the analysis at the solution of patients, a most careful estimates, the solution of graph patients are the solution of solution in the act of 22d of April, the ised only to charge type & Add a half ladd only to charge type & Add a half ladd only to charge type & Add a half ladd only to charge type & Add a half ladd only to charge type & Add a half ladd only to charge type & Add a half ladd only to charge type & Add a half ladding clothing; & Adding ladding clothing clothing clothing; & Adding ladding The statistical tables prepared by the Super-infundent, Dr. Reed, are quite interesting, but wast of space prevents us from laying them before our renders. dismissed, and the Haster's Report confirmed.

The demand for stores and reading matter,

continues extremely urgent from every part of the army. Not suly have the regular fields of the Christian Commission work to be sup-plied, in every part, but the continually extending limits to which the same attention extanding limits to which the same attention must be paid, require renewed energy on the part of our Christian public. Ministers are also greatly needed as delegates to either army. Applications, with testimoniate of character and adaptation to the work, may be made to the Treasurer. No salaries are paid, but the Commission bears all expenses. Stores should be sent to W. P. Weyman, No. 76 Smithfield street, Pittaburgh. Cash contributions to Joseph Albree, Treasurer, No. 71 Wood street, Pittaburgh.
