COMMERCIAL RECORD.

PITTSBURGH MARKETS.

[Reported Expressly for the Pittsburgh Gazette.]

WEDNESDAY, May 11, 1864.

GRAIN—There is no falling off in the demand for Corn, and the market is firm with an upward tendency. Sale of 1 car, in sacks, at $1,35, and 1 car shelled at $1,32. Also, small sales from store at the usual advance. Oats, too, are in active request and very firm, and 50c/51c has been paid for car loads here, and we hear of a sale of 1500 bush, in Freeport, at 95—to be delivered at Brady's Be.d. Small sales from store at 85a1,00. There is considerable inquiry for Wheat and Rye, but there is none in the market.

GROCERIES—There is a moderate demand for Sugar, and we note small sales at 17¾a18c for Cuba, and 16a20 for New Orleans. Coffee is steady, with sales at from 47¾ to 47½c. Molasses may be quoted at $1.10a1.14 for prime new crop New Orleans.

PROVISIONS—The market for Bacon is steady, with a continued good local demand, but prices have undergone no change whatever. Dried Beef is steady and may be quoted at 15¾a17. Mess Pork is selling in the small way at $27.50a28. Lard—small sales at 18¾ for country and 16½ for prime city.

FLOUR—The flour market continues very dull, and if we except the usual petty transactions, there is nothing doing whatever. The nominal store quotations are $7 for Extra and $7,50a8,00 for Extra Family.

BUTTER & EGGS—There was rather more inquiry for Butter to-day, but prices are not quotably higher; sales of 17 bls at from 23 to 25, for fair to prime Roll. Eggs—sales of 17 bbls at 16 per dozen —a slight advance.

POTATOES—The supply is fair and the receipts liberal, but, as yet, the market is steady and prices are pretty well sustained, sales of 500 bush "Peach Blows" at $1,25 per bush; 75 bbls "Prince Alberts" at $2,75 per bbl, and 500 bush "Mixed" on private terms.

DRIED FRUIT—Is firm with a demand fully equal to the supply. Sales of 20 bush sics "York State" Apples, at 12 cts and 30 bush Peaches at 20c.

SEEDS—Sales of 25 bush Clover Seed at $9,10 per bush and 10 bush Timothy at $5,25. Flax Seed is in demand at $2,85a2,90.

HAY—Loose is selling from scales at from $35 to $40 per ton, as to quality. Sale of 10 tons baled, from depot, at $36.

Pittsburgh Petroleum Market.

May 11.—The market for Crude was unusually quiet to-day, the transactions being light and unimportant. The general tone of the mark-t, however, was decidedly firmer, andsome few small sales were made at a slight advance. Quotations may be fairly given at 23¾a23½, in bulk, and 28, 28¾ and 28¾, on the spot, with sales perhaps to the extent of 800 or 1,000 bbls at those rates. Refined is quiet but firm, but it is the same old story—the unsettled condition of the market, and consequent uncertainty, prevents any thing like active demand and better rates. Naphtha is quiet and unchanged, while Benzine is in active demand at $1,50—sellers generally asking $5,00.

The receipts by the Allegheny river during the twenty-four hours ending this morning, comprise 622 bbls. as follows: Fisher & Bro 27; W P Logan 170; H H Collins, 169; Davis & Stewart, 20—total 632 bbls.

As there are quite a number of McClintock farms on or near Oil Creek, we should have stated that the new well, noted yesterday, is on the John McClintock Farm.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, May 11.

There is an active demand for Crude, and prices have advanced one and one-half cents per gallon—closing at 37a37½c. Refined, in bond is also in active demand and higher, both for present and future delivery; sales on the spot at 58 and 59 for June, July and August delivery. Free oil continues dull, but prices are nominally unchanged at 54a55. The market for Naphtha is steady with a fair demand at 36a37½.

New York Cattle Market.

April 10.—Compelled by a comparative scarcity of butcher's cattle in the slaughter houses of the city the butchers entered the market quite spiritedly this week, and as they found a lively competitor in the Government, who purchased 230 head, the holders had the advantage all the morning, and readily obtained an advance ¼ to ½c ₩ lb on all better grades. The sales were mainly at 14a15c ₩ lb, and fully establish the advance besides a better weight. In the afternoon, however, a little duller tone was observed, and though no decline was established, still the market closed tame.

This morning but 100 fresh cattle came in, but the buoyancy of the previous day having altogether subsided, buyers were not very slowly, and holders had to deduct fully $5 ₩ head from Monday's closing prices, the market leaving off very dull.

The weekly average of steers at Allerton's for 1863 was 5157 head, which sold at an average of $9,24 ₩ cwt, viz:

Hogs of all kinds arriving faster than the trade can take them, and are selling very low at a decline of a cent per pound. Advices from the West give us plenty on the road, with some 2,500 left over enroute last evening, and if they continue coming as fast as they have for the last few weeks, they will go still lower.

Messrs. Stahlschmidt & Dorman quote at the close as follows:

The demand from the butchers was limited, and the market closed dull at the above figures. The following are the particulars of the sales at the avenue yard:

U. S.

10-40 BONDS.

These bonds are issued under the Act of Congress of March 8th, 1864, which provides that in lieu of so much of the loan authorized by the act of March 3d, 1863, to which this is supplementary, the Secretary of the Treasury is authorized to borrow from time to time, on the credit of the United States, not exceeding TWO HUNDRED MILLION DOLLARS during the current fiscal year, and to prepare and issue therefor Coupon and Registered Bonds of the United States; and all Bonds issued under this Act shall be EXEMPT FROM TAXATION by or under any State or municipal authority. Subscriptions to these Bonds are received in United States notes or notes of National Banks. They are TO BE REDEEMED IN COIN, at the pleasure of the Government, at any period not less than ten nor more than forty years from their date, and until their redemption FIVE PER CENT. INTEREST WILL BE PAID IN COIN, on Bonds of not over one hundred dollars annually, and on all other Bonds semi-annually.

The interest is payable on the first days of March and September in each year. The semi-annual Coupons are payable at those dates, and the annual Coupons on the 50 and 100 dollar bonds are payable on the first of March.

Subscribers will receive either Registered or Coupon Bonds as they may prefer. Registered Bonds are recorded on the books of the U. S. Treasurer, and can be transferred only on the owner's order. Coupon Bonds are payable to bearer, and are more convenient for commercial uses.

Registered Bonds will be issued of the denomination of Fifty Dollars ($50), One Hundred Dollars ($100), Five Hundred Dollars ($500), One Thousand Dollars ($1,000), Five Thousand Dollars ($5,000), and Ten Thousand Dollars ($10,000); Coupon Bonds of the denominations of Fifty Dollars ($50), One Hundred Dollars ($100), Five Hundred Dollars ($500), and One Thousand Dollars ($1,000).

Subscribers to this loan will have the option of having their Bonds draw interest from March 1st, by paying the accrued interest in coin—(or in U. S. notes, or the notes of National Banks, adding fifty per cent. for premium,) or receive them drawing interest from the date of subscription and deposit.

As these Bonds are exempt from municipal or State taxation, their value is increased from one to three per cent. per annum, according to the rate of tax levies in various parts of the country.

At the present rate of premium on gold they pay over eight per cent. interest in currency, and are of equal convenience as a permanent or temporary investment.

It is believed that no securities offer so great inducements to lenders as the various descriptions of U. S. Bonds. In all other forms of indebtedness, the faith or ability of private parties or stock companies or separate communities only is pledged for payment, while for the debts of the United States the whole property of the country is holden to secure the payment of both principal and interest in coin.

These Bonds may be subscribed for to sums from $50 up to any magnitude, on the same terms, and are thus made equally available to the smallest lender and the largest capitalist. They can be converted into money at any moment, and the holder will have the benefit of the interest.

The fact that all duties on imports are payable in specie furnishes a fund for like payment of interest on all Government Bonds largely in excess of the wants of the treasury for this purpose.

Upon the receipt of subscriptions a certificate of deposit is given, in duplicate, will be issued, the original of which will be forwarded by the subscriber to the Secretary of the Treasury, at Washington, with letter stating the kind (registered or coupon) and the denominations of bonds required.

Upon the receipt of the original certificates at the Treasury Department, the bonds subscribed for will be transmitted to the subscribers respectively.

Subscriptions will be received by the *Treasurer of the United States* at Washington, and the *Assistant Treasurers* at New York, Boston and Philadelphia, and by the FIRST NATIONAL BANK OF PITTSBURGH, PA., THIRD NATIONAL BANK OF PITTSBURGH, and by all National Banks which are depositaries of public money. All respectable banks and bankers throughout the country will furnish further information on application, and afford every facility to subscribers.

MISCELLANEOUS.

RELICS AND TROPHIES.

"OLD CURIOSITY SHOP."

The aid and co-operation of the patriotic people of Western Pennsylvania and Eastern Ohio, is hereby requested, in making the above named department of the coming Pittsburgh Sanitary Fair equally a credit and a success. Numerous relics and trophies of the present war, of the Mexican war, war of 1812, Indian and Revolutionary wars, curiosities connected with the early settlement of our region, or with events and men prominent in our history, curiosities of every description are stored away in private receptacles, and may, if brought together, render the "OLD CURIOSITY SHOP" got the least of the attractions of the Fair. The committee therefore ask that all who are willing to help along the good cause, would send in such articles of the above description as they may have, or can procure from others, or notify the committee where they can be found. Articles donated will be disposed of as the donors may direct, or under the direction of the Executive Committee. But articles merely placed on exhibition, *will be carefully preserved and returned.* A letter should accompany each article giving its origin, history, etc—and if it be donated, its value. Give everything you can, and lend us the rest

On behalf of the Committee,

JOS. S. MORRISON, Chairman.

GEORGE H. CHRISTY, Secretary.

Articles either donated, or left for exhibition, can be left with, or addressed to either of the following members of the committee:

W. D. M'GOWAN, Sec'y Ex. Com., 96 Water st. Pittsb'g.
HON. JAS. VEECH, corner 4th and Grant streets.
