COMMERCIAL AND FINANCIAL.

PITTSBURGH MARKETS.

[Reported Specially for the Pittsburgh Gazette.]

SATURDAY, June 11, 1864.

COEN—The market is more active, while prices are unsettled and irregular. Sale of 1200 sacks, in Ears, at $1,30; 1 car Shelled at $1,35; 600 bu do from store at $1,40; and 3 cars *rejected*, at $1,25. The demand is better, but the receipts continue fair and the supply is fully adequate to the present wants.

WHEAT—Is steady with a fair demand and continued light receipts. We note small sales of Red from wagon at $1,65. Our mills are receiving fair supplies from the west.

OATS—Continue very dull and the supply is largely in excess of the demand. We note small sales from first hands at 70 to 75.

RYE—There is but little offering, and, in the absence of sales, we quote from first hands at $1,60 to $1,65.

FLOUR—The market is very firm, and, as a general thing, holders refuse to operate unless at an advance over previous rates. We quote from store at $7 00@7 50 for Extra and $7,75@8 25 for spring and white wheat brands of Extra Family. Rye flour is firm at $7,50.

GROCERIES—Sugar is firm with a fair jobbing demand and prices are fully sustained. Cuba may be quoted at 13@13½ and New Orleans at 12@12½, for prime to choice. Coffee is quiet with occasional sales at 45 to 48. Sales of new crop Molasses at $1,10—common to fair selling $1,12@1,15.

RICE—Is quiet and rather dull but prices are without quotable change. We continue to quote at 12½@13 for Shoulders; 15½@16 for Sides and 16@16½ for Clear do; Half Sides and Hams 19 for Plain Sugar Cured; and 20@21 for Canvassed do.

POTATOES—There is rather more inquiry, but, on the whole, the market may be quoted as and prices are entirely nominal. Sale of 150 bbls "Prince Albert" at $4,00 @ bbl.

CHEESE—Is coming in pretty freely but the demand is fair and prices are well sustained, ranging from 14 to 15 for common to strictly prime selected Western Reserve.

BUTTER—The supply is large and daily accumulating, and as a consequence the market is very dull and prices decline about the quotations of Thursday last. Sales of 1 car Illinois at 18; 1 do Indiana at 18½; 1 do Ohio at 18½; 1 do Western Reserve at 19; and 1 do Iowa at 18½ cents.

Pittsburgh Petroleum Market.

JUNE 11.—Comparatively speaking, there was but little done in crude to-day, but this is not at all astonishing, as Saturday is usually one of the dullest days of the week. The market, however, is firm, and there is a fair local demand, but the extreme views of holders has a tendency to retard business. Quotations may be fairly given at 33, bbls returned, and 38, bbls included; and the only sale reported was 600 bbls at 38. Refined in bond is in good speculative demand and prices have again advanced. Sale of 200 bbls on the spot at 53. For July delivery, holders are asking 50; but we are not aware heard of no sales at this quotation. Free Oil is also, in better demand and higher, both for present and future delivery. We have a sale on the spot, of 100 bbls, "Standard," in second hands, at 50. Naphtha is also firmer and more inquired for, but not quotably high er. The last sale was at 35. An offer of 37,00 per bbl was made for 500 bbls of Redinum, deliverable at the "Standard Refinery," and refused.

From Oil City.—Stoppage of the Hammond Well.

Special Dispatch to the Gazette:

OIL CITY, June 11.—The cause of the stoppage of the "Hammond Well," on the Widow McClintock Farm, has been ascertained. It was found, on pulling the tubing up, that the seed bag had bursted and turned inside out; this was doubtless done when it was first tubed. Up one, as well as the general impression, is that the well is unspared, and will flow as much as when first struck or even more, as soon as tubed. Workmen are now engaged in retubing it.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, June 11.

There is a continued fair demand for Crude while prices are firm but unchanged; sales at 45 on the spot; and 46 for July. Refined in bond is firm with a continued good speculative demand at 54, on the spot. Free Oil is in good demand and prices are tending upward; sales at 76@78 on the spot; 75@76 for all June; 83 for August and 86 for October.

Review of the Baltimore Grocery Market.

[From the Sun, of Friday.]

Coffee—Our market remains exceedingly quiet; some of the importers have withdrawn their samples, and others are storing in bond, to avail of the lower rates of duties, should the new tariff bill become a law. The only transaction this week was 2,500 bags Rio, to be landed Monday, on terms not transpired. We quote nominally Rio at 42@46c. Imports this week 1 600 bags from Rio, per bark Empress Theresa.

Sugars—Imports continue free and stocks accumulating, but it is all being stored under bond, in anticipation of the lower rates of duty; in the last proximo. Some 600 tons are being exported to London. The demand from the trade is very light; refiners are very firm at full quotations, viz: Cuba and English Island, fair to good refining, grades No 11@12c; good to prime, 12½@13c; and prime Cuba and Reg lish Island 13½@13½c net; prime do 13¾@13¾c net; current quality Brazil, 13¼@13½c; do ordinary, 12½@13c; Java, 16 to 18c per lb. Imports this week 349 hhds 516 tcs 93 tes from Cuba; 266 hhds 6?0 tcs from English Island, and 30 hhds from Java.

Molasses—Recent arrivals have replenished the stock, though still very small. We report the sale of 100 hhds Cuba clayed, for refining, at 42c, 5 mos, a-d revise our quotations as follows: Cuba Muscovado (new), Washed or clayed, 41@42c; English Island 40c nom; Porto Rico, $1 @ gallon. Imports this week 127 hhds from Port Rico, 78 puns. from Demarara; 92 hhds 868 bbls from Cuba, 22 hhds 2 bbls from Barbadoes.

Chicago Market.—Mail Report.

JUNE 10—The advance of gold to 193 yesterday after noon produced considerable excitement in the wheat market at the regular night session of operators at the Sherman House, and an advance of 2@3c per bu on the closing prices of Change was established. This morning the advance was more than maintained at the opening, and sales were made at $1,28@1,35¼ for No 1, and at $1,22@1,23¼ for No 2 spring. At the close, however, owing to a rumored decline in gold, there was less firmness and buyers offered $1,21 for No 1, and $1 18 for No 2.

There was a tolerably active demand for flour, and the market ruled firm with sales in some instances at a shade of little. Sales of 500 bbls on yesterday's Sherman Waite winter extras sold at $8,35@9,00; spring extras at from $8,20@7 10, and spring superfine $6,00.

Corn opened firm and closed this morning at an advance of 2c per bu on the closing prices on Change yesterday, but towards the close there was an easier feeling, with sales at $1,15 for No 1 and at $1,10@1,11 for No 2.

The demand for oats was light and the market ruled easier, with sales at 70@71c for No 1, and at 67¼@68c for No 2.

Rosers was nothing done in rye and the market was nominal. Barley was inactive.

The market for highwines was quiet but steady at $1,24@1,25½.

Provisions were firm and more active. Mess pork sold at $20,00, and Prairie Mess remained held at $18,00 and No 2 do at $16,00.

Review of the New York Grocery Market.

(From Shipping List, June 11.)

SUGAR—The continued inquiry for export, and the further improvement in Gold and Exchange, have tended to strengthen the views of holders, and though there is little doing, except for export, the market is decidedly firmer, and previous quotations, which were somewhat nominal in the early part of the week, are now easily realized, the improvement amounting to about one-eighth of a cent, @ pound. Refined, too, is more active at better prices; we quote other than Stearne, 24@25½c for Hard, 22@23c for C. White, and 19@21 for Yellow. The sales of Raw for export are 1102 hhds, 83 tcs, 244 bris, 41 brls and 110 bags Cuba at 10½@11¾ cents; and 81 hhds Porto Rico, 11¾, cash, in bond, and for home use, 1042 hhds, Cuba, at 10½@10¾; 102 Porto Rico, 12¾@12¾; 98 bbs Havana, 11¾; and 6 hhds Molado, 12¾; 6 bbls. The stock yesterday was about 63,000 hhds 50,000 bxs, 58,000 bags Sugar, and 1418 hhds Molado.

COFFEE—The market remains very quiet, there being no disposition to operate, except for the supply of immediate wants, and, as stocks increase, quotations are still rather nominal. We only notice about 1000 bags Rio, from second hands, part at 43¾@44 cents; 400 Maracaibo, (Gold)@4 cents; 95 St. Domingo, 30¾; 138 do, 29½; and 80 Cuba, both at 35, cash.

MOLASSES—There is a steady good demand from Refiners and the trade, and though the market is not particularly active, there is a good business, and prices are well supported, the tendency being upward. The sales include 773 hhds, 18 tcs, and 20 brls Porto Rico at 52@60 cents; 140 hhds choice Clayed Cuba, 75; 104 hhds and 35 bbls Cuba Muscovado, 75@77; 61 hhds Nuevitas, 80@85; 40 Cuba Muscovado, to send, 33 (cash) in gold; 230 brls New Orleans, 92@100, & more; besides two cargoes Cla-ed Cuba, say 977 hhds; 153 tcs and 26 bbls, before arrival, on previous contract, on terms not transpired.

RICE—There is more active inquiry from the trade than for some time past, and we hold it higher again, the market close much firmer than before, prices being advanced about five cents from the lowest point. We note sales, part from second hands, 3500 bbls at Cotong, 600 do in English order, 5-0 Colored and Uncolored Japan, and 650 cheets Canton. Hyson Skin.

SPICES—The business is larger than for some time past, and the market is firm at well approved prices, the tendency being upward; we notice 3350 bags Arracan and Rangoon at 9¼@11,75; and 300 Rangoon, in bond, $7,50@7,75, cash.

Crops in Indiana.

[From the Indianapolis Journal.]

The State was much injured by the landing a good army of hundred days men to the field; and as all that it is deemed advisable to do in this way has been done, the most gratifying effect of the measure is the. There will be only the half of 20,000 hundred days men taken from the State, and consequently the farmers will not feel the effect of that draft as severely as was anticipated. The laborers in many portions of the State prevented early corn planting, but now the weather is favorable, and from this time will not make the difference in the growth of vegetation which was apprehended. From all parts of the State we have favorable reports of the crops, both as to the breadth planted and present prospects. The following letter from a farmer in Wayne county, who visited the eastern part of that county, and asserts that a great many wheat fields are entirely ruined. We have seen young wheat fields in Delaware county which recovered, making good crops, and we cannot but think the fields referred to will do the same thing. This is the only paper we have noticed speaking in any but the most hopeful terms of the agricultural prospects. Judging from all we can learn we are of the opinion that Indiana will have a full average crop of grain and vegetables.
