THURSDAY MORNING, JUNE 16, 1864.

COMMERCIAL AND FINANCIAL.

PITTSBURGH MARKETS.

[Reported Specially for the Pittsburgh Gazette.]
WEDNESDAY, June 15, 1864.

WHEAT—Market quiet but firm with light receipts and no quotable change in prices. Small sales from wagon at $1,55 for Red and $1,60 for White. As a general thing, our farmers are holding off in anticipation of better prices.

OILS—The receipts are falling off considerably but then the demand continues very light and the market is quiet and dull and prices nominally unchanged. We hear of a sale of 1 car Shelled at $1,31 on track—and 100 bush prime Shelled from store at $1,40—delivered.

OATS—There is a decidedly firmer feeling, as our dealers expect a reaction and better prices within the next thirty days, and they refuse to sell unless at full rates. We note small sales from first hands at 75@80, and from store at 85@90.

FLOUR—The demand for this commodity, both since light and the market is dull though prices are firm, and holders refuse to sell unless at current rates. We note small sales from store at $7,25 for Extra and $7,75@8 25 for Extra Family.

HAY—There is a holding & lothing demand and we note sales to a fair extent at former quotations—18@19 for shoulder; 19@21c for Ribbed sides and 21@22 for Clear & Half & for Plain Hams; 18@19 for Plain Sugar Cured, and 20@21 for Canvassed do.

MESS PORK—There is but little inquiry, notwithstanding which the market is very firm and prices are well sustained. We note small sales at $31, 50@32 per bbl—holders generally asking $32.

LARD—In fair demand, small sales of prime city rendered at 18c.

BUTTER—Is dull and prime roll cannot be quoted at over 20@23c. Sales of 1800 lbs packed at 18@19c. The receipts continue fair and the supply is largely in excess of the present demand.

EGGS—Steady with sales to a fair extent at 20c per dozen.

POTATOES—There is only a moderate local demand and the sales, in the aggregate, are small. We continue to quote at from $2,50 to $3 per bbl.

DRIED FRUIT—Apples continue dull and we quote nominally at 11½ to 12½c per lb. Peaches sold but unchanged at 18 for quarters and 30 for halves.

HAY—Is steady with light receipts and a fair demand at $17 per ton for Timothy.

WHISKEY—Continues dull though the market is apparently a shade firmer, and we quote common at $1,30.

MAPLE SUGAR—Is selling at from 17 to 18cts per lb, as to quality.

Pittsburgh Petroleum Market.

JUNE 15—There was an unusually brisk demand for crude to-day, under the influence of which the market ruled buoyant and firm, and an advance was established. We note sales in lots of 2207 bbls, at 40c; 1000 bbls in bulk—measured in boat—at 35; 500 and 500 at 35, bbls retirned; 200 at 35½, 257 at 34, at 200 at 40, bbls included—the market closing firm at 35 and 40. Refined also was more active and we have to record a still further advance. Sale of 220 bbls, in bond, deliverable between this and the first of July, at 57c; 500 bbls "Unicorn," deliverable between the first and twentieth of August, at 61; 500 bbls, free, deliverable between the 1st and 15th of July, at 62; 1000 bbls "Sun," thousand barrels, free, "Standard" brand, in second hands, June and July delivery, buyers option, at 75. Rights to hold at a slight advance, but, in the absence of sales, we omit quotations. Buyers are offering $5,50 for Refined on track, while holders are asking $6,00.

The receipts by the Allegheny river during the twenty-four hours ending this evening, are as follows:

H McKelvy	230	2 Stockdale
E Ashworth	170	W Haldeman
Parker & Bro	140	
Total number of bbls	540

The Crops.

RAIN—We have had a tolerable good shower here, of about two hours' duration, since our last writing on the subject, but the interior of our county has not been thus favored. A poor harvest is now anticipated. Farmers say that rain will now be too late to do any great amount of good to the spring crop.—*Steubenville (Va.) Advertiser.*

Crops and Rain.—Although corn is not so forward as it would have been had there been rain, it presents a green, healthy appearance. Grass and fall wheat are rapidly maturing. Where there is rain soon these crops will be light. We have not had enough rain to lay the dust for more than five weeks. We notice in some parts of the State there have been heavy rains lately.—*Richland (Va.) Observer.*

To Drink—Since the 7th day in May, no rain has fallen in this region up to the present time, and in consequence the crops are seriously injured. Much of the late planted corn and late sown oats remains torpid, and at best can produce but a scanty crop, even with favoring weather hereafter.—*Broadhead (Va.) Republican.*

Dry Weather—Everywhere the farmers are complaining of the dry weather. It has continued so long that very serious effects are expected. A good rain of two or three days' duration would help the corn and vegetables. Grain needs rain. The ground has been so dry for four weeks, that spontaneous combustion was threatened.—*Prairie Du Chien (Wis) Courier.*

There was a slight shower this morning, the good effects of which are apparent everywhere. It is not impossible, after all, that has been said, that this country is not altogether given over to destruction by drought yet. The people are looking well, and are to no immediate danger of injury from dry weather.—*Wooster (Ohio.) Rep.*

The St Louis Democrat says: Has the most cheering accounts of the growing wheat from Central and Southern Missouri. Copious spring rains and warm weather have brought up the crop in a most luxuriation; but owing to the backwardness of the season, the harvest will be two weeks later than usual.

The Jones Reporter, of Fond du Lac, Wisconsin, from accounts from all parts of Central Iowa, Finely rains there produced the same effect as in Missouri.
