RIOITALINO NOMINATIONS FOR PRESIDENT: ABRAHAM LINCOLN, ... of Illinois. POB VIUS PERSIDERT

ANDREW JOHNSON,

of Tennesses. GOLD has at last touched two bundred, and gone six cents better. It was quoted at 200 yesterday in New York. We look for a decline as rapid as has been the advance. The cause of the rise is assertiable solely to General Gazar's temporary check at Petersburg. People everywhere have been too impationt of results, and the gold gamblers know wall how to turn to goed account their periodical apprehensions of evil. There is no sound financial reason for the present high price of gold. Let Petersburg and Richmond be taken and it will go down with a rush.

It was Demogracy once to stand by men who, by their own in dustry, rise to honor: but it is Democrace now to scorn all such and treat them with the utmost contempt.
This is what the Northern Democracy has

learned by its long servile association with its masters Four years ago the private secretary of Howell Cosn, of Georgia, said to Gov. Jon-son himself, " We people of the South will not submit to be governed by a man who has come up from the ranks of the people as ABS LINCOLS has;" and now that Gov. Jourson comes to be a candidate upon the same ticket with "ABE LIScols," we find Mr. Howalt Cons's Northera condictors turning up their noses at him just as their whilom masters did at Old Anz. There is nothing galls a modern Old Ann. There is nothing galla a modern
