Sir—I have the honor to inform the Department that on the day subsequent to the arrival of the Kearsage off this port, on the lith inst., I received a note from Capt. Sammes, begging that the Kearsage would not depart, as he intended to fight her and I would not delay her but a day or two.

According to this notice the Alabama loft the port of Oherbourg this morning at about the port of Oherbourg this morning at about 19.30. At 10:20 a. m. we discovered her attering towards us. Fearing the question of jurisdiction, we steamed to see until a distance of six or seven miles was obtained from the Cherbourg breakwater, when we rounded to and commenced steering for the Alabama. As we approached her, within twelve hundred yards, she opened fire, we receiving two or three broadsides before a shot was returned. The action continued, the respective steamers making a circle round and round at a distance of about nine hundred yards from each other.

At the expiration of an hour the Alabama struck her fing and went down in about twenty in minutes afterwards, carrying many persons to amounce that all did their duty, exhibiting a coolness which gave promise at the outset of certain victory.
