THE LAST FLANK MOVEMENT.

Magazenuma, July 30 .- The consorthin havin been tenewed by the military authorities at this ort, much that would be interesting and imcortant to the nublic convet be com y telegraph. This caution on the part of the illitary authorities must not be construed, because it is justifiable by the circumstances surour ling the situation in the Cumberland Yal ley, and made necessary by the highest regard or the public military success. There can be no doubt that the main abject of

the present rebel invasion has been already hwarted. The rebels themselves will be kept accedingly busy to extricate themselves from the position toto which their reshuess has led Cusumanierau, July 31 .- 0a the morning o the 10th of July, 1-64, the rabels, under the command of Gen. McCauselan's, with a force of about five bundred men, entered Chambersburg,

Pa and demanded \$500,000 from the otinens

under threat of burning the town. This requi sittin was in writing, and was signed by dan. Jubal Uarly.

It is now established by ind sputable proof that this demand was a were pretext on the part of the maraders to cover up a prapared plan, before they reached the town, to burn it to the greand, without and barely time enough for the citizens to remove their families. They sat a cit to the house of cor citizens in perhaps uty plants. Over two hundred and fifty houses in the heart of the townware consumed, including all the public buildings, stores and hotels, comprising about two thirds of a town omtaining 6,000 inhabitants. Thus a large body of citizens are reduced from comparative washin to should be powerly. Blany families have lost all their bedding and clothing except such as they find on their persons. The loss will be largely ever one million of dollars. Without aid from abroad there will be great anticiping our community.
