COMMERCIAL AND FINANCIAL.

PITTSBURGH MARKETS.

(Reported Specially for the Pittsburgh Gazette.)

MONDAY, August 8, 1864

WHEAT—There is no improvement to note in the market, and we continue to quote from first hands at $2.00 for Red and $2.10 for White. Sale of 1 car prime Red, in second hands, at $2.20.

OATS—Continue to come in pretty freely, and, while the market is well supplied, there is but little change in prices. Sale of 2 cars, on track, at 93, and small sales from store at $1.05@1.05.

CORN—Is in good local demand, and, with a very light supply, the market is firm and prices are well sustained. Sale of 200 bush, in cars, to arrive, at $1.35, and 200 bushels shelled, in three lots, from store at $1.30@ 1.40.

FLOUR—There is no improvement to note in this article, the demand light and restricted almost entirely to the wants of consumers. We note small sales of Extra Family in store at $10@10.50 per bbl.

BACON—Is quiet but firm, with a moderate city and country demand at previous quotations.

SEEDS—There is some inquiry for Clover and Timothy seeds, and prices have advanced. Sale of 20 bush of the former at $14 per bush, and 15 bush of the latter at $5.50. No sales of Flax seed reported.

BUTTER—Is in a active and hardly as firm, though prices remain substantially as last quoted—25 to 30 for packed, and 40@42 for good to selected prints roll.

EGGS—Dull and lower, with sales in lots of 10 bbls at 12 per dozen. The receipts continue fair, and the supply is largely in excess of the demand.

FISH—Sale of 1000 premium & Two-Bushel Bags at $1.00 each.

CHEESE—Steady with sales in lots of 50 lbs W R at 21@22c.

HAY—Is firm but there is a wide range in prices, as there is also, in the quality. Sales of 30 loads at $33 to $36 per ton.

GREEN APPLES—Steady with sales at prices ranging from $5.50 to $6.50 per bbl.

SALT—Quiet and unchanged. We continue to quote at $3.00 per barrel, on the spot, and $3.10 delivered.

Pittsburgh Petroleum Market.

Aug. 8—There was more inquiry for Crude to-day than for some time past, and the sales were comparatively large, and prices are a shade higher. We note sales of 178, 240, and 250 bbls at 37, bbls returned; and 60 bbls, at 42 bbls included. Refined in bond is in demand for shipment, and, with a very short supply, holders are asking extreme rates. Free Oil is quiet and dull, with not enough doing to establish quotations. There has been a brisk demand for Residuum for some days past, and several small lots have changed hands at $7.00@7.50 per bbl—holders are now asking $7.75@8.00. Naphtha is quiet and unchanged.

We may state, as an indication of a better feeling in the trade, that several refineries, which have been lying idle for several weeks, are about to resume business. Among others, the "Iron City" and "Empire" works will commence operations forthwith.

There has been but a single arrival of Crude since Saturday—220 bbls for James Wilkins.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, August 8.—There is a fair demand for Crude and prices have advanced—closing at 32 on the spot. Refined in bond is in active demand and higher, with sales at 51@52½ on the spot, and 50 for all this month. Free Oil is steady with a fair demand at 87a 87½.

Weekly Review of the New York Petroleum Market.

(Reported Expressly for the Pittsburgh Gazette.)

NEW YORK, Aug. 6, 1864.

The market has been remarkably steady during the past week, and there have occurred no marked changes in either Crude or Refined, both of freq though the latter has ruled rather lower, for the most part. There have been large export orders for Crude here all the week, but the prices have been limited below the views of holders; in view of which business has been restricted, though the aggregate sales are large. A large amount has gone forward, however, mostly taken at from 50 to 52c. Yesterday afternoon an active demand sprung up and some 6 CARTOO bbls were taken for export at 50@ 51c; though prices were universally quoted 52@53, and some refused to sell below 52@. But one of the large speculators was in process of unloading, in view of which a good deal of oil changed hands as above. Refined oil in bond was sold to a moderate effect, chiefly from 49 to 50c—and mainly for export. The exports thus for this year are behind last year, but they are heavy, and will undoubtedly soon exceed last year's figures.

Free Oil has been somewhat neglected, and prices have receded 2@3c; but the market has ruled quite firm at the lower rates now current. The speculators made a heap of money last month, but it is thought to be exceedingly doubtful if they can repeat the storm which this month is brewing. Large purchases of Drip were made at 42c; and coppers a for all the month are now selling at 52@53. Large purchases of Free Refined were made at from $1.05 to $1.12½; the current prices are somewhat less a large discount with somebody has got to make good.

The sales for the week are about 26,000@30,000 barrels Crude, and of all at New York, for the week, it is including some 85,000 which left Philadelphia, but including some at this before from at 52@53. Of free the sales embrace 3700 at from 95 to 97@98 for prime light 5 stars to white, for shipping and for all the rest at $1.00 for new contracts, and part for 250 at with big difference according at 52@5.

Naphtha is quiet and nominal at 45@47½. The speculators rep ect to reach it up to 65@75, but the prospects do not look encouraging.

Provisions in New York—Small Report.

Aug. 8—The pork market opened $2 per bbl lower for new mess, but yesterday, with the rise in gold, a portion of the decline was recovered. The closing quotations $1 per bbl below those ruling at the date of our last for mess, and nominally unchanged for other descriptions. Sales 6000 bbls yesterday's market—old at $38 3@39 for new mess, cash and 10 days' credit; $39 for all cases, $38 for prime, $37 for prime mess, $34 for thin do and $40@50 for clear do; also 1500 bbls new mess, for August delivery, buyer's option, $41@42 50 do September 10th, same option, $42; and 1000 prime mess, for August, buyer's option, $37.50. Cut meats are quiet but firm; sales 200 pkgs rough sides at 16¾@20 bbls Hams in dry salt, 18; and 50 do sugar cured hams, in store, at Shoulders scarce—be quoted nominally 15c. Lard is inactive. Lard continues in small supply, and prices have further advanced 1@1½c, with a fair inquiry, part speculative; sales 1200 bbls and tcs, closing at 20c, at 20c for common to strictly prime kettle rendered, also 1000 pkgs deliverable in all August, buyer's option 22c, and 500 do first half of Sept mkr, same option, 22c. To-day market continues dull, and favors the purchaser; sales 600 bbls, we quote nominally $19.25 for country mess, $18 for country prime $18 50 for repacked mess, and $5 @ 5 for extra mess. There is neglected, and quotations are nominally 9@11 Butter is scarce and prices have again advanced we quote Western Reserve at 40@42c for common to prime, Ohio at 37@38c for common to prime, with a fair demand. Eggs are very dull at 21 cents per dozen.
