The market is recovering in both here and in the east. Gold advanced to 253½ in New York. U. S. Certificates declined. Coin bearing bonds and stocks generally rallied. The better class of oil shares, Dalzell, Dennison, McKinney, rose from $1 to $1½ per share. We quote Da'zell 12½ bid; Columbia 95. No change on bank shares. Nothing doing in low priced R. R. shares.

Allegheny Valley is offered at 12. Steubenville at 13½. Connellsville rather better, but we hear of no sales to report.

The Crops—Past and Present.

Late and careful estimates of the crops indicate that there will be very nearly an average yield of wheat this season, notwithstanding the repo t so industriously circulated all through the season for sinister purposes, to the effect that the amount could not reach more than half the average. While the direct contion d, the people generally were disposed to give credence to these dismal reports, but now that the crop is secured, and in good part garnered, we are enabled to arrive at an approximate idea with regard to the actual yield From the Bi-Monthly Report of the Department of Agriculture, just issued, we learn that though there is some falling off in the yield of winter wheat in all the great grain growing States, except Michigan, there is an actual gain in spring wheat except in Wisconsin and Iowa, and on the entire crop of wheat large U proximates, the deficiency will be little if any more than an average. The tables in the report before us are expressed in bushels; then, 10 is the standard, one tenth above it is stated as 11—and one-tenth below, 9, &c. Of the four important wheat growing States, Ohio gives the lowest return, 9.8, four tenths below the 10 per cent below the crop of 18.3 in winter, wheat, but in spring wheat is 5 per cent above the same crop of last year, Illinois is 10 per cent below in winter wheat, and 5 per cent below in spring wheat, the latter occasioned chiefly from the destruction caused by the chinch bug. Iowa is one-tenth below in winter wheat, and one and a half tenths below in spring wheat. Indiana is an average. Maryland is two-tenths below. Pe nsylvania is two and one-third tenths below, and New York one tenth below in winter wheat, and three-tenths below in spring wheat. As the grain is large and the heads well filled, it is believed the ta tending will reduce these losses.

With regard to the oth r cereal crops, there is a very slight falling off in Barley, and about an average land in Oats. In relation to Corn, the reports for June and July cr ops quite the d nt same as say top 22 of the breadth credited to this crop from the August raise. We may state, however, that in certain localities it will be found if any thing above an average. Pittsburgh Petroleum Market.

Sept. 3.—The market for Crude was exceedingly quiet to day, and, while there was but little disposition to buy, the advance in gold and improvement in the New York market, made holders less anxious to sell, and the absence of sales we give the nominal rat s at 35@37, bbls returned; sold 4'42, bbls included—holders generally asking the outside figure. The receipts were unusually light to-day, comprising only 210 bbls—consigned to Messrs Peacock, Ball & Co. Refined, in bond as well as free continues very quiet as there appears to be no demand at present from any quarter whatever. The impression generally among our friends, however, that there will be a reaction before long, and that it more active market and better prices will follow. There is no inquiry for Naphtha, and while rates have been made at 50 during the past few days, holders generally are asking 60. Benzine is still quoted at 87,50@90 per bbl.

Army Awards at St. Louis.

Capt F D Chapman, A Q M, at St Louis, made the following awards on Wednesday last:

To Nolan & Gaffey, of St Louis, contract as follows: 300 000 bush oats, to be delivered at Cairo, at 93 7-10c per bush; 300,000 bush oats, delivered at St Louis, at 96c per bush; 100,000 bush corn, delivered at St Louis, at $1,25 per bush.

To O Tiffany, of St Louis, contract for 1000 tons of timothy hay, delivered at Rolla, at $31,50 per ton.

To Smith, Collins & Co, of St Louis, contract for 3000 tons timothy hay, delivered at St Louis, at $37,50 per ton.

To Cobb, Richards & Co, of Auburn, Indiana, contract for 50,000 tons timothy hay, delivered at Memphis, at $24 per ton.

These are very large contracts, footing up in the aggregate $1,800,000. There were but two bids on the proposal to furnish hay at Memphis, and the difference between them, no far as the government is concerned, was about $1,50,000.

Packing Prospects.

The prospects of heavy pork packing in the West during the coming season are not at this time very flattering; owing to the unsettled state of the country and the currency. The Cincinnati Gazette of the 17th says: Hogs are likely to open at $12 per 100 lbs, or market. At the present price of bulk meat, even higher figures might be paid. But what surely is there that these prices will be maintained? If the trade were based upon an actual scarcity, calculations reasonably accurated might be made as to the future; but there is no foundation of this kind to work upon, and hence the name is all uncertainty. It is true that this feeling prevailed a year ago, but after all the trade turned contrail, and why it may be asked, may not a similar result be anticipated this year. A similar result may be anticipated if, during the coming season we shall have a proportionate increase in the currency to that which with we experienced last year.

Cleveland Market.

Sept. 3.—Flour—The demand is light and the market rules firmer, Sales this forenoon of 100 bbls XX Ind Green White at $10,12½. Wheat—Dull but firmer. The only sales reported were 1 car No. 1 Red at $2,13, and 1 car No 2 Red at $2,10. Corn firm and held nominally at $1,23@1,24 for No 1 shelled. Oats better and firm, and held at 76@77c.

Kentucky Tobacco.

The tobacco crop of Kentucky will, it is reported, be a beautiful one, and if it can only be got in and secured, will give a large amount of money, since from $45 to $50 a ton has been offered, for what is called the "stripe" alone. But it is greatly feared that a large part of this growing crop will be lost this year for want of labor to harvest it.

PITTSBURGH MARKETS.

[Reported Specially for the Pittsburgh Gazette.]

FRIDAY, September 2, 1864.

The general market continues dull and languid, the demand for the leading articles of produce being very light, while prices have undergone no material change.

GRAIN—Wheat is steady with regular sales from wagon at $2@2,10 for Red and White. Corn is dull but without quotable change—$1,50 on track, and 1,60 for small lots from store. Barley—Sale from wagon of 150 bush spring at $2. Oats dull and nominal at 90 on track, and 95@1 from store. No sales of Rye and none offering.

FLOUR—There is but very little doing in the article, and the market is inactive and dull, though prices are still maintained. Sales from store of well-known brands of Family at $10,75@11,25 per bbl—mostly at $11; sale in ba. 09—Is still and the demand is fair, but prices are without quotable change—1½@19 for Shoulders; 19½@20 for Bibbed Sides; 20½@21 for Plain Hams 23@23½ for Plain Canvassed do; and 27@28 for Sugar Cured.

FRUIT—The receipts of Peaches continue large, but the demand seems to be fully equal to the supply; sales of some 150 bbls at prices ranging from $3 to $4 per bush mostly at $3 50. Apples very dull and drooping, ranging from $1,50 to 2,00 per bbl.

HAY—Has still further advanced, the prices reported to-day ranging from $38 to $45 per ton, for common to strictly prime Timothy.

HIGHWINES—Quiet but firm; sale of 50 bbls at 1,62½ and 25 do d at same figure.

EGGS—Scarce to meet with a ready sale at 17a 18 per dozen. The receipts are light and the supply is limited.

BUTTER—Is firm and packed may be fairly quoted at 40@45 cents, according to quality and package.

CHEESE—Quiet but steady with small sales at 21@23 for Western factories and 25 for Hamburg

SALT—Is steady with regular sales at $3 on the s ot, and $3,10@3,15, delivered.

LARD—Is firm with a fair jobbing demand, at 24@25c for city rendered.

SEEDS—Steady with sales of Timothy at 4,50 per bu, and Flax at $3@3,25.

New York Petroleum Market.

Special Dispatch to the Pittsburgh Gazette.

New York, September 2—The market for Crude is steady with fair demand at 81@83—a slight advance—and 56 for all this month. Refined in bond is in better demand and prices have advanced; sales on the spot at 85@86. There is a fair demand for Free Oil with sales at 85, on the spot, and 95 for al. the month Naptha is dull and prices are nominal.

Connecticut Tobacco.

The cultivators of tobacco in the Connecticut river valley are gathering their crops, the quality being equal to any previous years and the quantity far more abundant. Many large tobacco growers have their last year's crops on hand waiting for higher prices They will do well to be warned in season, for there must come an end to high prices and speculations.

OFFICIAL.

LAWS OF THE UNITED STATES.

Passed at the First Session of the Thirty-eighth Congress.

[PUBLIC RESOLUTION—No. 45.]

JOINT RESOLUTION to provide for the publication of a full Army Register.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of War be, and he is hereby, authorized and required in connexion with the army Registr for the year eighteen hundred and sixty-four, to cause to be printed and published a full roster or roll of all field, line, and staff officers of volunteers who have been in the army of the United States since the beginning of the present rebellion, showing whether they are yet in the service, or have been discharged therefrom, and giving casualities and other explanations proper for such a register. And to defray in whole or in part the exponses of this publication an edition of fifty thousand copies of such enlarged register shall be published and may be sold to officers, soldiers, or citizens, at a price which shall not more than cover the actual cost of paper, printing and bidding, and shall not in any case exceed one dollar per volume.

Approved, June 80, 1864.

[PUBLIC RESOLUTION—No 46.]

JOINT RESOLUTION authorizing the Secretary of the Treasury to release certain parties from liabilities or payment of duties and penalties therein mentioned.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Treasury be and he is hereby authorized to release and discharge the Irish National Fair, recently held at Chicago, of and from all liability heretofore incurred for or on account of having sold goods and lottery tickets without license or stamps, duties, or penalties incurred by reason of the same aforesaid.

Approved, June 30, 1864.

[PUBLIC RESOLUTION—No. 47.]

JOINT RESOLUTION authorizing the Secretary of the Interior to reclaim and preserve certain property of the United States.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior be, and he is hereby, authorized and directed to prevent the improper appropriation or occupation of any of the public streets, avenues, squares, or reservations in the city of Washington belonging to the United States, and to reclaim the same if unlawfully appropriated, and particularly to prevent the erection of any permanent building upon any property reserved or set for the use of the United States unless plainly authorized by act of Congress, and to report to the Congress, at the commencement of its next session, his proceedings in the premises, together with a full statement of all such property, and how and by what authority the same is occupied or reclaimed. Nothing contained shall be construed to interfere with the temporary and proper occupation of any portion of such property, by lawful authority, for the temporary purposes of the United States.

Approved, June 30, 1864.

[PUBLIC RESOLUTION—No 48.]

JOINT RESOLUTION for the relief of the officers of the fourth and fifth Indian regiments.

Be it resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the proper accounting officers of the Treasury are hereby directed to adjudicate and settle the claims of those officers of the fourth and fifth Indian regiments who were commissioned by the War Department, and accepted their appointments, for such time as they or either of them were actually performing duty other than that of recruiting for said regiments, and to pay said claims out of any moneys in the Treasury not otherwise appropriated: *Provided, however*, That no compensation shall be allowed beyond the pay and emoluments incident to respective rank of the several officers, nor shall any claim be considered or allowed except accompanied by the official certificates or orders of the commanding officer of the regular or volunteer officers of the U. S. army assigning them to such duty.

Approved, June 30, 1864.

[PUBLIC RESOLUTION—No. 49.]

A RESOLUTION for the relief of the State of Wisconsin.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the Secretary of the Interior shall, in adjusting the accounts of the State of Wisconsin, under existing laws, allow per centum of the net proceeds of sales of the public lands within her limits, estimate and charged against her the sum of one hundred and twenty five thousand four hundred and thirty one and eighty-two one-hundred acres of land granted to the Territory of Wisconsin to aid in the construction of the Milwaukie and Rock River canal, which have been sold by the Territory or said State at one dollar and twenty five cents per acre, and as much more as the Territory and State received upon the same upon sales of any part thereof at a higher price, and shall credit said State with the amount that has been legally and properly applied by said State or Territory toward the cost of selling said land and towards the construction of said canal. And the said Secretary shall also settle and allow to the Milwaukie and Rock River Canal Company such sums of money as have been properly expended by said company in the survey and location of said canal, in the construction thereof as far as the same has been constructed, together with dams, locks, and slack-water navigation, and in the management and keeping of the same in repair; and the same shall be paid to the said canal company out of any money in the Treasury not otherwise appropriated, not exceeding in amount, however, the balance charged against the State of Wisconsin upon the sales of said canal lands, as above required, after deducting the sum allowed said State for money paid by her out of the same fund. The same to be received by said canal company in full payment and satisfaction of all claims of said company against the State of Wisconsin and of the United States on account of said canal land grant, or on account of any action of the Territory or State of Wisconsin or of the United States in relation thereto.

SEC. 2. *And be it further enacted*, That the commissioner of the General Land Office be and he is hereby appointed commissioner to adjust the accounts herein provided for, under the supervision of the Secretary of the Interior, and to determine what sum shall be charged to said State of Wisconsin for the lands granted for the construction of said canal; and what sums shall be credited respectively to said State and company for the moneys expended by them in the construction of said lock and canal as herein provided.

Approved, July 1, 1864.

[PUBLIC RESOLUTION—No. 50.]

A RESOLUTION explanatory of the 10th section of "An act to reduce the expenses of the survey and sale of the public lands in the United States," approved May 30, 1862.

Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the tenth section of the act entitled "An act to reduce the expenses of the survey and sale of the public lands in the United States," approved the thirtieth day of May, eighteen hundred and sixty-two, providing for the deposit of money in a proper United States depository, to pay for the survey of the one hundred and twenty five thousand four hundred and thirty one and eighty-two one-hundred acres of land granted to the Territory of Wisconsin to aid in the construction of the Milwaukie and Rock River canal, which have been sold by the Territory or said State at one dollar and twenty five cents per acre, and as much more as the Territory and State received upon the same upon sales of any part thereof at a higher price, and shall credit said State with the amount that has been legally and properly applied by said State or Territory toward the cost of selling said land and towards the construction of said canal. And the said Secretary shall also settle and allow to the Milwaukie and Rock River Canal Company such sums of money as have been properly expended by said company in the survey and location of said canal, in the construction thereof as far as the same has been constructed, together with dams, locks, and slack-water navigation, and in the management and keeping of the same in repair; and the same shall be paid to the said canal company out of any money in the Treasury not otherwise appropriated, not exceeding in amount, however, the balance charged against the State of Wisconsin upon the sales of said canal lands, as above required, after deducting the sum allowed said State for money paid by her out of the same fund. The same to be received by said canal company in full payment and satisfaction of all claims of said company against the State of Wisconsin and of the United States on account of said canal land grant, or on account of any action of the Territory or State of Wisconsin or of the United States in relation thereto.

SEC. 2. *And be it further enacted*, That the commissioner of the General Land Office be and he is hereby appointed commissioner to adjust the accounts herein provided for, under the supervision of the Secretary of the Interior, and to determine what sum shall be charged to said State of Wisconsin for the lands granted for the construction of said canal; and what sums shall be credited respectively to said State and company for the moneys expended by them in the construction of said lock and canal as herein provided.

CANTON MATTING.

M'FARLAND, COLLINS & CO.,

Nos. 71 AND 73 FIFTH STREET,

Next house to P. O., second floor,

Have just received a small invoice of *FRESH CANTON STRAW MATTING*, of the celebrated E. F. W. importation. The quality of these goods is unapproachable by any other matting imported, and the limited quantity renders them very desirable.

McF., C. & CO., have also just received a few exceedingly neat and handsome styles of

Fancy Plaid Mattings,

All of which have just been landed, and are, therefore, the *FRESHEST MATTINGS IN THE MARKET.*

Our general stock of goods is still unsurpassed in extent or variety, and we at all times offer our patrons the lowest prices the market will afford.
