Market continues unsettled and depressed. The tendency is the most is toward, greater ease, but here the pressure for loans is marked and constant.

The stock market continues heavy. We have no sales to report from the board, or on the street which will change yesterday's quotations. Gold holds its own much better than was expected, from the crushing defeat Early has weighed in the Shenandoah. Afternoon telegrams quote it from 220¾ to 220¾.

Boston copper board, showing a little more signs of life, though stocks rule very low. The National's product for August is stated to be the largest for several years, exceeding 90 tons. The North Western is looking up again, having struck a new vein of three feet in width. Both these stocks should advance from present quotations.

The Dalzell Petroleum Company has declared a dividend of one per cent. payable on the 24th inst. The transfer books close on the 21st, and open on the 25th inst.

The Oil Creek Petroleum Company, New York, has declared its second monthly dividend of one per cent. payable Oct. 1.

Review of the Chicago Flour Market.

THURSDAY, Sept. 20—Received to day, 4788 bbls.; shipped 3743 bbls. The following table shows the receipts and shipments during the past week; and since the 1st of January, with comparative statistics:

Received last week, bbls		21,172
" corresponding week 1863		45,816
" season 1864		849,479
" corresponding period 1863		1,221 971

" corresponding week 1863		41,781
" season 1864		836,887
" corresponding period 1863		944 079

The market during the past week has been extremely dull and prices have been nominal, the demand for flour being actually no demand whatever by shippers, as they hold a might as well absent themselves from Change and repine to offer their stock. Since the date of our weekly review we note a decline on all grades of flour of 25@50 cents per barrel, and even at this depreciation there seems no be no inquiry. The sales during the week were:

Allegheny Cattle Market.

Reported Exclusively for the Gazette.

ALLEGHENY CITY, September 22.—The receipts of cattle were quite liberal during the past week, the whole number on sale on Monday being estimated at from one thousand to twelve hundred head; but, under the influence of a fair local and eastern demand, the market ruled steady and prices were pretty well sustained. As a general thing the quality of the cattle was not very good, being somewhat below the usual average, and, as almost always is the case, prime heavy stock suitable for the retail trade, sold pretty freely at previous rates, while inferior and common went off slowly, and to effect sales, holders were compelled to accept low figures. There was a good demand for sheep and lambs, and we note sales of about one hundred head at from 3½ to 4½—several lots of the particular kind at from 3½ to 4½—several lots having been wholesaled to go the eastern part of the State. Nice heavy steers suitable for our best butchers may be quoted steady at from 7 to 7¼ cents, though such a limited number could be sold at these quotations. We quote:

Extra	7,50@8,00
Common	4,25@5,00
Fair	5,50@6,00
Good	6,50@7,50
Veals	

We append a partial list of the principal sales made during the week:

CHARLEY & KIRK, wholesaled 19 head of nice heavy steers, averaging 1,450 pounds, at 7½; 44 head fair at 6 to 6¾; 20 do do, retailed by the lot 5 at from 4½ to 7 cts.

THOMPSON & SMITH, having sold to all about 250 head.

O. HAYS & Co. wholesaled 40 head of fair stock at 6@6¾ cts.

THOMAS & RITCHIE retailed 110 head, in different lots, at from 4 to 7 cts.

JAMES PHILLIPS sold to Mr. Mercer Co., (Pa) stock at from 6 to 6¾ cts.

J. & G. WILLIAMS sold to Mr. Mercer Co., (Pa) stock at from 6 to 6¾ cts.

W. H. KOONS sold 50 head of Mercer Co., (Pa) stock at at from 6 to 6¾ cts.

JOHN GRAHAM sold 20 head of Lawrence Co., (Pa) stock at 6¾ cts.

For sheep there is a continual fair local demand, with rather light receipts and a limited supply. The market is steady and prices are well sustained. We quote at from 3 to 4 cts per pound.

For hogs, the demand is good, especially for prime heavy qualities, which sold to the extent of about 150 head at from 8½ to 8¾ cts per lb.

PITTSBURGH MARKETS.

(Reported Specially for the Pittsburgh Gazette.)

TUESDAY, Sept. 13, 1864.

Business, we regret to say, continues very dull and neglected, and what is worse still, there seems to be but little prospect of any immediate improvement. The unsatisfied condition of the gold market tends materially to retard anything like a speculative movement, and, for the home trade, purchasers are restricting their purchases to their immediate wants. So far, however, as values are concerned, there has been no change to notice.

GRAIN—Wheat is selling from wagon at $2 for Red and $2,10 for White. Barley is firm and sells readily at $2. Oats steady but without quotable change—44@50, by car load, and 90@30 for small lots from store. Corn—Sales of 200 bush shelled at 1,55; and 200 do do at $1,57@1,58, free on board. Rye is quoted nominally at $1,40 from wagon.

FLOUR—Is very dull and inactive, the demand being extremely limited, while prices are nominally unchanged. We notice sales from store at $10@10,25 for Extras and $11@11,50 for Extra Family.

GROCERIES—Coffee is dull and lower, and may now be quoted at from 48 to 50. Sugar is quiet with sales of raw at from 22 to 25, and refined at from 29 to 31. Molasses firm with sales of strictly prime New Orleans at $1,32.

BACON—Is dull, but unchanged—19¼ for shoulders; 20½@21 for ribbed sides and plain hams, 23@23 for plain canvassed and 27@28 for sugar cured.

CHEESE—Timothy has declined and may now be quoted at $5,50 per bush, with sales of 50 bush. Flax seed is wanted at $2,25. Clover seed is quiet and nominally unchanged.

SWEET POTATOES—Have still further declined, and we note sales at from $7 to 7,50 per barrel. The receipts are improving and the supply is fully equal to the demand.

GREEN APPLES—Of good quality and in sound condition, are scarce, and may be quoted firm at 2,50@3 per bbl.

CHEESE—Sales of 50 bxs Hamburg at 24c. W. H. is selling at 23.

PEACHES—Have advanced, owing to the short supply in market, and we note sales at prices ranging from $4 to $5 per bush.

BUTTER—Is coming in more freely, and with an increased supply, the market may be quoted a shade easier, while prices are unchanged.

EGGS—Steady and may be fairly quoted at 23 cts per dozen.

HAY—Is quiet but firm with sales at sales of 130 loads at $4 to 45 per ton.

LARD—We note regular sales of prime city rendered at 21½@22c.

Pittsburgh Petroleum Market.

SEPT. 22.—The market for crude continues quiet and dull, though prices are steady and well maintained—20@21 bbls returned, and 35@36 bbls included, and these are the extreme of the market. The only sales reported were 100 bbls at 31, bbls returned, and 120 do at 35½; 4 bbls included. The receipts continue light and the stock on hand is very much reduced. Refined is quiet and very dull, as there appears to be no demand for either bond or free, and in the absence of sales it is simply impossible to give quotations. Naphtha is quiet and unchanged while Residuum may be quoted firm at $7,75@8,00 per bbl.

There has been but two arrivals of crude since our last report—40 bb's for Messrs. Klee & Kauffman, and 200 do for Robert Wray.

New York Petroleum Market.

Special Dispatch to Pittsburgh Gazette.

NEW YORK, September 22—There is an improved demand for Crude, and the market is a shade firmer but prices are unchanged—45 on the spot. Refined in bond is very dull and unsettled, so much so, that accurate quotations cannot be given—nominally at 74@75. Free Oil is dull and nominal at 56@58.

Philadelphia Stock Market.

Special Dispatch to the Pittsburgh Gazette.

PHILADELPHIA, Sept 22.—The market for Oil Stocks generally is very dull; prices are a shade lower. The following are the closing quotations: Dunmore, 11¾; Bull Creek, 8; Dalzell, 10¾; Corsin, 3¾; Reburn, 8; Big Tank, 12¾; Petroleum Centre, 4; McElhaney, 7¾; McClintock, 6½.

New York Stock and Money Market,

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, Sept. 22.—The stock market was dull to-day, and prices ruled lower—Pittsburgh & Fort Wayne, 106¾; Cleveland & Pittsburgh, 110¾. Government Securities, without material change; U S Sixes, 1881, 107¾@108¾; Certificates, 94¾; Seven Thirties, 110¾; Five Twenties, 110¾. Gold has undergone but little change closing this afternoon at 2.04¾.

Review of the New York Grocery Market.

(From the Commercial List, Sept 21.)

Sugar—There is very little doing in raw, the functionaries and decline in golding the market almost to a stand. We make no particular change in quotations, but they are quite nominal. Refined is dull and lower; we quote other than Stuart's, 23c for hard, 22¾@23¼c for soft with; and 22¾@23c for yellow. The sales of raw are 568 hhds Cuba at 19@21c; 62 Clarified New Orleans, 26½c; 6 bgs Havana, 21c, and 3 hhds Melado, 13. 4 tons and 105 hhds Cuba, in bond, on terms we did not learn. By auction, 200 hhds damaged Cuba sold at 16¾@ 18½ cash; and 150 barrels damaged Clarified, 13¾@19, cash.

Coffee—The market remains stagnant, and our quotations, though again reduced half per lb, are still rather nominal; owing to the declining tendency of the gold market. The only sales are 100 bags St Domingo at 42c cash; and 100 C sta Rica, on terms we did not learn. By auction, 1657 mats East India sold at 43¾@44¾c cash. The stock of Rio at the ports, as made up by Messrs Williams Boyd & Co., is 151 bags, viz: 129,685 bags here, 1800 in Philadelphia, and 19,000 in Baltimore.

Spices—There is nothing of moment doing in any description, and quotations are necessarily nominal. The sales are 600 bgs Pimento, in bond, 10c per pepper, on private terms; and 150 mats Cassia, 78c, cash.

Rice—Is inactive, but without particular change in price. We notice 300 bags Rangoon at 14, 50 at 15, 75; and 12 bbls Java, $16@17, cash.

Chicago Market—Mail Report.

CHICAGO, Sept. 21.—Gold is steadily on the decline, which increases the dullness that has pervaded the leading markets of late.

The Wheat market to-day was dull, and the operations were exclusively confined to a few speculators. Prices suffered a decline of 3c per bush., and the sales were chiefly of No. 2 Spring, at from 1,31@1,32½, closing at the inside figure. No 1 spring sold to a limited extent at $1,36@1,39. There was no demand for Winter wheat, either by speculators or shippers, and the nominal value was $1,35@1,39 for No. 2, and at $1 82 for No 1 rejected Red. Flour was dull and nominally 25@50c per barrel lower.

The demand for Corn was limited but the market ruled at say a $1,31@1,32 for No 2 in store—closing at the inside figure.

There was a steady demand for Oats, and the market was firm at unchanged prices. No. 1 sold at 62¾@63c, and No 2 at 62½c.

Rye was in large supply and extremely dull at a decline of 3c per bush. Lighter sales were made at $1 07@1,08 for No. 1 and $1 25 for No 2 in store.

Barley was dull and 2c lower, with small sales of No. 2 in store.

The market for Highwines opened more active at $1,71@1,72, but closed quiet $1 70.

Buyers and sellers of Wool are apart in their views, and the market is nominally quoted at 90c@$1,00 per lb. for medium to fine grades of washed Fleece.

Timothy seed is very dull, and it is very difficult to get an offer of $4,00 for a prime article. Sales from $4 70@5,00. The demand for Flax seed is less active, and the market from 10@15 lower, with sales of inferior 2 at a price at $3,00@3,10. Clover seed is nominal at $13,00@ 15,00.

Petroleum Product.

The New York *Commercial* says: Statements are going the rounds of the press representing that the product of the Penn yivania oil wells, for the current year shows a large increase on that of 1863, indicating a probable failure in the embarrassment supply. Stating aside the natural improbability of such an early extension of wells in so limited a natural resource, co-existing with the great decline in the yield of the wells, there is nothing in the figures of the oil trade to support such representations.

The receipts and exports at the different markets are, for the year, fall y equal to the receipts of last year.

At New York the figures from January 1 to September 17, were:

1864	bbls. 827,615
1863	302,418
Increase	25,464

The exports during the same period has been

	1864.	1863.
From New York	gals. 15,918,143	14 527,241
From Boston	1,110 634	1,277,631
From Philadelphia	5,145 767	4,250 825
From Baltimore	647 515	722,732
From Portland	8,335	288,567
Total		
Total exports from the U. S	22,546,957	21,382 131
Same time 1863	7½	6 342 918

Thus it appears that the total exports, up to the date of the receipts of 1863 by 1,157 826 gals, and that of 1864 by 16,304 045 gals. At the same time the stock in the hands of producers, storing, at the beginning of the port is large and accumulating, being over 100,000 bbls. These facts are a sufficient comment on the representations of a falling off in the yield of this important article of commerce.—*N. Y. Commercial Advertiser* of the 21st.
