TUESDAY, Oct 18, 1864.

Stock market opened heavy to-day. A combined movement of the bear interest put gold down in the east-ern market to 208 per cent. Sales as low as 210 at noon to day. We shall be disappointed if it is not considerably below 200 before the close of the week. We will probably have news before Saturday from Sharpsburg that will take gold and stock gamblers and dry goods speculators unhappy enough.

Bull ow transactions at regular board to day, 5-20's (ex-coupon) sold at 102a102⅝; 10 40's at 98. We quote sales of 81's (ex Jan coupon) at 102.

$126 bid for Third National Bank; 69¾ for M & M; 95¾ bid for Dalzell Oil; sales after board at 9 @ 10-100 and 97½; Columbia bid at 80—10 bid.

Sales of Hibernia at 6¼. No movement in Coppers.

The following is the result of the sale of stocks at Wallwaine's Commercial Sales Room this evening:

The Cleveland and Pittsburgh railroad will pay, on the 25th of October, a dividend of four per cent free from tax

The last issue of the *Oil City Register* has the following complimentary notice of the "Oil Basin Oil Company:"

We find that the stock of the Oil Basin Oil Company is taking rank among the first of the dividend paying ones. This is justly merited, as their interests are among the best we have in Petroleum.

Their property consists of the royalty in the two Buchanan farms, covering a total of 400 acres on the Archis, and one-eighth of 200 of the other Buchanan farm—free of expense. These farms embrace 400 acres. There are many paying wells on these farms. The increase in the production during the past three months has been very great, and the prospect is favorable for its continuance. The resources of the company are of undoubted merit, and we can recommend it to the public. The daily production of the Buchanan farms is estimated at 600 b ls. Capital stock $600,000. 50,000 shares $10 each. Officers, S H Lyday, Pres't; Wm S Lane, Secretary and Treasurer.

From all we can learn, we believe that the above notice of "Oil Basin" is strictly correct. It is said on good authority that the company sat are of the oil produced on the Buchanan Farms, amounts to about eighty barrels per day, and there is every indication of its being largely increased, as quite a number of new wells are being put down. In addition to the above, the officers of the company do a well-known business men thoroughly posted in the "ups and downs" of the trade, and under the present able management, the "Oil Basin" is destined to rank as one of the most prominent and best dividend paying companies in the market.

The following items are from the N. Y. York Times of Monday: The trade of the past week showed an improvement over the dullness of the previous fortnight in the sale of both foreign and domestic merchandise. The fresh import entries continue on a moderate scale, while the exports of produce ran up for the week to nearly five and a half millions in value. The export of gold and silver is very light, but the spirit of gold on speculation has advanced about 10 per cent. The course of the money market is easy to the stock brokers at 7 per cent, and there is a partial improvement in the demand for commercial paper at from 9 to 10 p r cent per annum. The railway traffic throughout the country continues very large, and at a rate, in fact, which should be profitable from the recent general advance by the principal New York and Western road. The appearance in their shares on the stock exchange are recovering from the recent depression, and for the last week show a general improvement.

The day's shipments at the office of the assistant treasurer of the United States, New York, was as follows: Specie, $4,257,928 61; currency, $79,000. payments, $3,761,160,81, on account of Gold, $736,000; balance, $3,761,160,81.

The imports of the past week, including the dry goods table in our last paper, amount to $4,966,928, against $3,747,007 the corresponding week last year. The export clearances of domestic produce amount to $6,443,800, against $6,229,536 same week last year. The export of specie amounts to $420,000, against $1,207,000 same week in 1863. The specie for the week are $240,000.

The last entries at the Custom House of foreign goods, from the 1st January to the 15th of October, inclusive, by currency statement, amount

To	$169,836,745
Against 1863, (monthly)	147,443,201
Increase to date	21,953,244

The export clearances of domestic produce and miscellaneous goods, including foreign articles re-exported, amount, from 1st January to 12th October,

To	$174,840,900
Against same time, 1863, (monthly)	170,340,071
Increase to date	5,509,835

The exports of gold and silver from New York, from 1st January to 15th October, amount

To	$35,410,000
Against the same time, 1863	27,334,000
Decrease to date	11,924,000

The customs' gold revenue at New York, specially pledged to the payment of the interest on the funded and funda'e gold bearing public debt of the United States, from the 1st January to the 15th October,

Amount to	$68,103,460
Against same time, 1863	45,560,650
Increase at New York alone	$18,542,810

The New York *Commercial Advertiser*, of Monday, says:

The bank statement shows an unexpectedly large increase in deposits, $3,900,052, while the loans are down half a million. The specie in the exhibit an increase of $455,475. The statement is favorable toward continued ease in the money market.

The gold market is very irregular and excited. The price opened strong at 209¾, immediately advanced to 210¾, and subsequently fell to 210¾, when a general desire to sell seized the market. A large operator, who sold in the morning, was bidding 209¾, was at noon, offering to sell short at 210, to the extent of $250,000. The large and sudden advance has made the bull operators apprehensive of a turn in the tide, the market in consequently decidedly weak.

Cleveland Market.

Oct 17—Wheat—Market somewhat unsettled. Sales 1 car No 2 red, 98 track at $1,70; 1 car do from store at 1,71; 1 car No 1 Red—on track at 1,83; 2 cars do at 1,80.

Corn—Is better inquiry. Sales 1 car shelled on track at $1,28; 3 cars free on board at 1,30; 2 cars No 2 do do at 1,32; 1 car do do at 1,35.

Oats—Rather better demand and late bother. Sales 3 cars on track at 86; 3 cars free on board at 72½; 3 cars do do at 72½; 2 cars free at 70.

Rye—Dull and nominal at $1,20.

Barley—Dull and heavy; no sales.

PITTSBURGH MARKETS.

TUESDAY, Oct. 18, 1864.

The general markets continue quiet and dull, and the only new feature to notice is that there is a little more firmness manifested by holders of goods. The advance in gold has not been sustained, being quoted to-day at 208a209, against 212a212½ yesterday, which is a material decline, and we opine that the dreams so fondly cherished by some of our small fry speculators, will not be realized for the present, at least. It is a remarkable fact that fluctuations in gold do not exert the same influence on the markets, as has been the case heretofore, owing mainly to the fact that but very few have any confidence in its stability and besides, in a business point of view, people generally are becoming more cautious.

GRAIN—Wheat may be quoted firmer, but as yet there has been no change in prices, and the receipts continue very light. Sale of 1 car mixed—red and white—at $2,12½. Oats steady but unchanged; sale of 1 car, on track at $1,02; 200 bush from store at 85, and 200 do do, in lots, at 86,87. Corn—Sales of 2 cars shelled, to arrive, 1,45. Barley may be quoted firm at $1,65 to 1,85 for spring and Fall. Nothing doing in rye.

GROCERIES—The market is firmer in tone but the demand continues light and prices are unchanged. Coffee is selling in small lots at 41a42—some choice at 43. Molasses steady with small sales of New Orleans at $1,20 to 1,25. Raw sugar varies considerably according to quality, ranging from 22 to 25c.

FLOUR—The upward continues exceedingly light, dealers find it up-hill work in endeavoring to establish an advance. Many of them who bought before the recent break down are compelled to sell at a considerable loss. We note a small sales of extra family at $,00 to $10,75—one lot of 50 barrels "Snow Flake" at $10 25.

BUTTER—Is more active and a shade firmer, but as yet, prices remain unchanged. Sales 200 packages packed at 32a33c, as to quality, and 4 bbls prime roll at 40. Receipts continue light.

EGGS—Steady but without change—regular sales at 23 cents per dozen. Receipts limited and the supply light.

CHEESE—The demand is only moderate, but the market is steady and prices are fully sustained. We note sales by Weeks & Reserve and Hamburgh at 22a23, and prime Goshen at 24.

SEED—Is quiet but firm with regular sales from store at 1,55 per cwt for bran; 1,70 for shorts, and 2,00 for middlings.

PROVISIONS—In good supply, dull, and lower—ranging from $3,00 per bushel for reds to $4,25 for whites

HAY—The receipts were liberal to-day, but the demand seems to be fully equal to the supply. Sales from scales of 21 loads at prices ranging from $35 to $40 per ton.

SALT—Is quiet but firm with regular sales at $3 to 3,05 on the spot, and 3,10a3,15, delivered.

SEEDS—TIMOTHY—Firm but unchanged—$6 to 6,50 p r bbl for "Jerseys."

CHEESE—May be quoted steady at 3,25 to 3,50 per bush

Pittsburgh Petroleum Market.

OCT. 18—There was not the same activity in the market to-day that there was yesterday, though it was owing mainly to the fact the stock of Crude is almost entirely exhausted and the receipts continue very light. As compared with Monday, however, there has been no change in prices, and the advance then established is, as yet, fully maintained—28, barrels received, and 13, barrels included. Sale of 120 barrels at 23, and 100 and 250 at 23 @ 24. Refined, in bond, is quiet but firm—no extreme views of holders having a tendency to retard operations. There is some inquiry for Free Oil, principally on western account, and prices are a shade higher; sale of 100 barrels, in two lots of 50 each, at 75c and 80 at 76—All free on board. Naphta may be quoted at 20 in bond, and 40c free. Sale of 50 bbls Residuum at 6,25 per bbl.

Dispatches from Oil City to-day quote Crude at $6,00 per bbl at the wells which is another advance. Wonder if they have heard anything about the "drap" in gold up there?

New York Peroleum Market.

Special Dispatch to the Pittsburgh Gazette.

NEW YORK, October, 18—The sudden and rather unexpected decline in gold has checked up the Petroleum market completely, and to-day there was next to nothing done. Crude was dull and nominal at 45, refine. Refined also, was dull and nominal at 65, in bond, and 78, free. Nothing doing in Naptha.

New York Stock and Money Market

Special Dispatch to the Pittsburgh Gazette

NEW YORK, October 18—The stock market is dull and from ¼ to ½ lower—Pittsburgh & Fort Wayne, 99a ⅛; Cleveland and Pittsburgh, 97a97⅜; Government Securities—U S Sixes, 1054a105; One Year Certificates, 96¾; Seven Thirties, 106¾a106⅝; Five Twenties, 101¾a 1 1-8. Gold is dull and decidedly lower, fluctuating between 208 and 210. Yesterday morning it opened as 212 and advanced to 223; but subsequently declined to 218.

Philadelphia Stock Market.

Special Dispatch to the Pittsburgh Gazette.

PHILADELPHIA, October 18—The market for oil stocks was weak and irregular to-day, and in some cases a shade lower. The closing quotations are as follows: Dalzell, 9¾; Crenplanter, 6¾; Densmore, 8¾; Hocontock, 6¾; Oil Creek, 6¾; Big Tank, 8; M'Elhenny, 5¾; Noble & Delamater, 12¾; Story Farm, 3¾; Curtin 6¾; Bull Creek, 4¾; Irwin, 7.

Hogs in Chicago.

The Tribune of Monday says:

Whatever complaints might have been alleged in regard to the insufficiency of the supply of hogs last week, have been thoroughly removed by the liberal receipts to hand during the week ending to-day. They have been nearly six times larger this week than they were last week, although considering the season of the year, they have not been greater than might have been anticipated, especially after the heavy falling off in Monday, and ex rame firmness which characterized the market last week.

The large and sudden an increase on our previous supply was accompanied with the usual effort on the part of shippers to break the market; and although the effort was well sustained, and further aided by some where interests should only be to give a clear and impartial judgment, yet it very signally failed—the result of which is seen in the fact that instead of the yards being this evening full of stock, as we predicted, there is very little left over; and instead of a fearful decline in prices, as was predicted, the decline has been trifling, and such as will probably be recovered by the opening of Monday's market.

There has been one feature of special importance to stockholders, very prominent in the transaction of the market throughout the week, namely the comparatively firm tone which has characterized the demand and prices of daily shelter hogs. For these there has been little if any fluctuation in values. The receipts have been but commensurate with the demand. It should, however, be borne in mind that when we speak of choice hogs, we do not include the mixed, coarse and badly handled, which are being sent into the market in large numbers every day, for entire qualities. Upon these prices have fluctuated and fallen, and with an irregular tendency, and to an extent that cannot be anticipated.

The market opened this morning with nearly 12,000 hogs in the various yards, including the receipts of to-day. There has been a greater degree of activity than during any of the previous days of the week, and although there was no established advance on yesterdays quotations, prices ruled firmer, especially for choice, smooth, well fed hogs.

The entered as out at all the yards amount to 9152 head, as $6,60a11,50, chiefly at $3,50a10,60 per 100 pounds.

COMPARATIVE PRICES.

	This year	Last year
Prime to extra qualities	$10,00a11,75	$4,00a7,00
Medium to prime	9,75a 9,75	3,00a3,40
Common to medium	7,50a 8,50	2,25a2,85

From the preceding tables it will be seen that with very considerable increase on the supply of the previous week, extra grades of hogs have declined 25 cents per 100 pounds, and prime to common grades 50c per 100 pounds on the closing quotations of the market on last Saturday evening.

As compared with the correspo ding period of last year, our present prices are more than double those then paid on medium to extra grades, and on common hogs they are three times as much as were then given.

Chicago Market—Mail Report.

OCT 17—The leading markets to-day were feverish and unsettled, as there was no real confidence in the advanced prices.

Wheat opened strong, and No 2 Spring, under a good active demand sold at $1,71a1,72, but towards the close holders manifested a d sire to realize, and sales were made at 1,69, at which figure the market closed quiet. Sales of No 1 Spring Wheat was inactive. There was some inquiry for No 1 Red, with sales at 1,75a1,76—principally at the inside figure. Rejected Spring was in good request at 1,56a1,58.

In Barley there was very little done, and the transactions were not sufficiently large to establish any change in prices.

There was a firmer feeling in the market for Corn at the opening, with sales of No 2 in store at $1,27¼a1,28, but at the close several round lots changed hands at 1,-28. Canal Corn was quiet, and sold to a limited extent at 1,32 afloat.

Oats were in good request at Saturday's inside price. About 90,000 bush No 2 changed hands at 64c.

Rye was moderately active and steady at $1,10a1,18 for No 1, 1,10a1,13 for No 2 and at 97c for Rejected.

Barley was in fair request and steady, with sales of No 2 in store at $1,62a1,65.

Baltimore Market.

OCT 18—Flour was better to-day, with sales of 1500 bbls Ohio extra at 10,50 and choice retailing lots held at 10,75. Also small sales of Howard street superfine at 10,25, and Ohio and Fity Mills at $10 per bbl. Rye flour we quote at 9,50a10 per bbl as to quality.

Grain—Wheat—To-day only 1000 bu received. No sales of white reported. Several small lots of red brought 2,32a2,35 per bu; an advance. Corn—1000 bu white offered, no yellow. The white sold in small lots at $1,00a 1,05. Oats—No receipts worthy of notice. Prices unchanged.

Whisky—We report a sale of 50 barrels city at $1,78 per gallon.

Boston Fish Market.

OCT 15—The market for Codfish is steady but quiet. Sales of Grand Bank at $7,50; Bay of Fundy, as they run, at $,00; small fish $ qtl. Hake have been selling at $2,50a3,75; Pollock at $3 $ qtl. Mackerel are dull and prices are unsettled. Some sales have been made of Bay No 1 at $18, and Shore at 19,00; No 2 Bay 15a18,00; and Shore 14a14,00; No 3 large $1,50a12; and medium 11a11,50 $ bbl. Alewives are selling at $,50a9 per bbl. Pickled Herring are in steady demand at $4,50 per bbl. 1000 bbls gibbed Herring sold at 3,37½ cash.

This Company owns the property known as the "Mingo Coal Works," together with the "Keenan Farm," adjoining, and containing in all about 710 acres. The property is situated on the west bank of the Monongahela river, about one and a half miles below Monongahela City, on the "Shell Road," on which are situated 35 miners' dwelling houses, store houses, shops &c., together with a railway running to the river with ample allotment, and all necessary arrangements for loading coal.

The mines are already opened, drained and ventilated and in good working order, with entries driven, and rooms turned, and all necessary facilities for working six or ten hundred men. The coal is of the best quality for steaming purposes, and is believed to be one of the best veins for coal properties in the Monongahela Valley.

The Company now proposes to increase their facilities for mining by the construction of an additional railway, and have set apart $50,000 to cash for the purpose of making contemplated improvements and providing a working capital for the new organization.

With facilities which the Company will possess, the Directors confidently believe that the "Mingo" will prove to be one of the most substantial and remunerative stocks in the country. se7:f

SILVER PEARL SOAP.

CRUMPTON & CO.,

207 Liberty Street,

Sole Proprietors and Manufacturers for Western Pennsylvania, Ohio, Indiana, Illinois and Missouri.

Also, manufacturers of a superior article of

Palm, German, Olive and Rosin Soap,

And various

TOILET AND FANCY SOAPS.

If our SILVER PEARL SOAP, which we confidentially recommend as better for general use than any other before the public, should be found in mind has neither Potash, Salt, Lime or Rosin, or any other substance in its manufacture which can shrink or injure the finest fabric. Flannels and Woolens cannot be washed with the rapidity of Cotton or Linen. Clothes washed with the *SILVER PEARL SOAP* do not require boiling or half the rubbing, which of course saves the wear and tear.

SILVER PEARL SOAP

Removes Grease, Dirt, Tobacco Stains, Printers' Ink, Smoke, and the worst Ledge Water Stains immediately, by applying it with a moist Sponge, thus protecting Window, Carpets and Furniture from soils and dirt. It imparts a brilliancy to Plate, Jewelry, Glassware, Enamelled Paintings and Patent Leather immediately; and for cleaning Marble, it has no equal. Sold by the Agents, and particularly for Shampooning, the *SILVER PEARL SOAP* is a perfect luxury. In a word, all who have used its superior qualities, acknowledge it the greatest discovery of the age. This Company sent a trial from all who are interested in using Soap, and in every case the result has been the same. Parties should fail to accomplish what we claim for it, if used according to our directions.

Merchants from abroad will do well to give CRUMPTON & CO. a call, 207 Liberty street, opposite Pennsylvania Railroad Passenger Depot.

☞ Beware of all imitations; none genuine unless bearing our trade-mark—SILVER PEARL SOAP—is secured by National Copyright. mh31:ly
